**Angels Are Active In Puerto Vallarta** Sheila Ann Fraser,2016-03-04 This book is inspired by my experiences in Puerto Vallarta Mexico in the years I lived there Most of these stories are about my friends Some of the names of the places and people have been changed I am not a writer in the true sense I am a story teller My friends kept hounding me to put these stories down in writing so I have I wanted to share what it was like to live a single life the trials and tribulations that can develop in a foreign country I must admit that things happen to me that would not necessarily happen to everyone In the process of healing myself I discovered that there are many forces outside of myself that were working on my behalf some mortal and some I believe to be ethereal This book tells many stories that show why I believe that to be true I realized that if we have a conscious awareness and acceptance of our significance on a daily basis and the affect we have on each other is so important I hope this book will help others to become more aware of the necessity for their birth and that one person can truly change things for the better *Fantasy Stories* James R.
