A. Aldrich,2018-03-02 Ulaanbaatar beyond Water and Grass is the first book in the English language that takes the visitors to an in depth exploration of the capital of Mongolia In the first section of the book M A Aldrich paints a detailed portrait of the history religion and architecture of Ulaanbaatar with reference to how the city evolved from a monastic settlement to a communist inspired capital and finally to a major city of free wheeling capitalism and Tammany Hall politics The second section of the book offers the reader a tour of different sites within the city and beyond bringing back to life the human dramas that have played themselves out on the stage of Ulaanbaatar Where most guide books often lightly discuss the capital Ulaanbaatar beyond Water and Grass A Guide to the Capital of Mongolia reveals much that remains hidden from the temporary visitor and even from the long term resident Writing in a quirky idiosyncratic style the author shares his appreciation and delight in this unique urban setting indeed in all things Mongolian The book finally does justice to one of the most neglected cultural capitals in Asia Combining history

ethnography architecture city planning and folklore with a delightful dash of irony and personal opinion Michael Aldrich's *Ulaanbaatar beyond Water and Grass* is an authoritative introduction to Mongolia's capital city For first time visitors or long term academics this is quite simply the best book available on Ulaanbaatar Jack Weatherford author of *Genghis Khan and the Making of the Modern World* The charm of this superb guide to Mongolia's mysterious capital is the exuberance and love the author bestows on his subject Michael Aldrich's erudition is profound and all embracing and he is as comfortable discussing abstruse aspects of Buddhism as he is the city's history from its pastoral and feudal origins through Manchu suzerainty to Soviet communism to the wild capitalism of the present day He never misses the opportunity for a colourful and amusing anecdote or tidbit of scandal to relish an obscure custom to delight in the spice in a local dish or to pause and admire the beauty of a particular artwork building or monument The prose rings with his idiosyncratic personality knowledgeable urbane and sceptical sometimes downright cynical but always passionate and committed Carrying this book through Ulaanbaatar's streets or curling into its pages on a sofa at home he is the perfect companion squeezing stories out of ancient stones conjuring ghosts and elegantly baring the city's soul *Ulaanbaatar beyond Water and Grass* will become as great a classic of travel literature for Central Asia as J G Links's *Venice for Pleasure* was for Europe Adam Williams author of *The Palace of Heavenly Pleasure* Destined to become the quintessential introduction to Ulaanbaatar not only in terms of the wealth of information but also in terms of the sympathetic understanding and humour the author shares with the reader Genghis Khan would have loved it Bill Porter author of *Road to Heaven Encounters with Chinese Hermits and Finding Them Gone* Visiting China's Poets of the Past Michael Aldrich's guide to Ulaanbaatar reveals a city of religion of revolution and latterly of bold new experiment It is both a journey through the city of today as well as an imagining of the historical city now lost to development Paul French author of *The Old Shanghai A Z* This is an interesting and illuminating book providing fascinating details on the history and evolution of Mongolia's capital and largest city It should definitely be included on the essential reading list for anyone living or working in Mongolia Jonathan Addleton Executive Director of American Center for Mongolian Studies former US Ambassador to Mongolia author of *Mongolia and the United States A Diplomatic History*

Shadows of Progress Patrick Russell,James Piers Taylor,2019-07-25 Britain emerged from war a changed country facing new social industrial and cultural challenges Its documentary film tradition established in the 1930s and 1940s around legendary figures such as Grierson Rotha and Jennings continued evolving utilising technical advances displaying robust aesthetic concerns and benefiting from the entry into the industry of wealthy commercial sponsors Thousands of films were seen by millions worldwide Received wisdom has been that British documentary went into swift decline after the war resurrected only by Free Cinema and the arrival of television documentary Shadows of Progress

demolishes these simplistic assumptions presenting instead a complex and nuanced picture of the sponsored documentary in flux Patrick Russell and James Piers Taylor explore the reasons for the period's critical neglect and address the sponsorship production distribution and key themes of British documentary They paint a vivid picture of institutions from public bodies to multinational industries constantly redefining their relationships with film as a form of enlightened public relations Many of the issues that these films addressed could not be more topical today the rise of environmentalism the balance of state and industry individual and community a nation and a world travelling from bust to boom and back again In the second part of the book contributors from the curatorial and academic world provide career biographies of key film makers of the period From Lindsay Anderson's lesser known early career to neglected film makers like John Krish Sarah Erulkar Eric Marquis and Derrick Knight a kaleidoscopic picture is built up of the myriad relationships of artist and sponsor *The Past Tenses of the Mongolian Verb* Robert I. Binnick, 2011-11-25 In the Modern Mongolian language there are four verb forms which have traditionally been labelled as past tense markers differing primarily in aspect In the last two decades scholars have suspected that the past tenses endings may actually differ by marking evidentiality and inferentiality The present study not only confirms this but using 350 glossed and analyzed examples drawn from a variety of sources shows distinctions of degrees of remoteness as well and details significant differences between the spoken and written languages *Mysteries of the Gobi* John Hare, 2008-12-08 John Hare is a star author and one of the most well known explorers of his generation The Gobi is a perennially fascinating part of the world a desert that people love to read about China the environment natural world exploration and discovery broad and topical appeal The Gobi is the largest coldest and driest desert in Asia Its shifting sands conceal ancient cities 3 000 year old mummies dinosaur bones and areas where no man has set foot It is also the last place on earth where the wild Bactrian camel clings to survival its fragile habitat threatened by poachers and development With the conservation of this elusive creature in mind John Hare was inspired to venture into the wildest parts of the Chinese Gobi on an expedition during which they crossed a hundred miles of sand dunes unexplored in recorded history Several weeks into the journey Hare and the team discovered in two unmapped valleys a population of wildlife with no experience of man Interwoven with the account of his remarkable journey Hare tells for the first time the story of an epic migration made by Kazakh nomads in flight from Chinese communists and describes the historic and current tensions between the Chinese and the indigenous Uighur population of Xinjiang A blend of history and high adventure discovery and conservation *Mysteries of the Gobi* is a unique and compelling account of modern day exploration *Saving the Ghost of the Mountain* Sy Montgomery, 2009 C 1 ST AID JR LIBRARY GUILD 08 25 2009 18 00 KALMYKIAN and MONGOLIAN TRADITIONAL FAIRY TALES - 39 Kalmyk and Mongolian Children's Stories Anon E.
