*El método Reverse Therapy* John Eaton, 2019-05-16 La idea de que los síntomas del Síndrome de Fatiga Crónica y la Fibromialgia están en la mente es un ejemplo de ignorancia alrededor de estas enfermedades. Los síntomas son causados por alteraciones glandulares producidas por el mismo cuerpo y son de hecho muy reales. Estos cambios hormonales se producen debido a las señales enviadas por el Cerebro Emocional que es el principal mecanismo de la Mente del Cuerpo o inteligencia corporal. Una parte importante de

este libro de hecho es la clave para entender Reverse Therapy es aprender a no dar tanta importancia a la Mente racional como damos en nuestra cultura y en cambio a prestar más atención a la Mente del Cuerpo o inteligencia corporal cuya función emotiva y protectora trabaja a través de cambios glandulares que alertan del malestar Dr John Eaton Fibromyalgia and Chronic Fatigue Syndrome Fred Friedberg, 2006 The principal investigator behind the National Institutes of Health landmark study of chronic fatigue syndrome and fibromyalgia presents a new direction in the treatment of these debilitating conditions a seven step program for making lifestyle changes to break the cycle of stress and exhaustion that aggravate these conditions
