Misplaced Legion One Of The Videssos Cycle:

Videssos Cycle: Volume One Harry Turtledove, 2013-04-02 Experience one of the most beloved series in fantasy as could only be imagined by the standard bearer for alternate history USA Today Harry Turtledove's many New York Times bestsellers provide an intriguing take on history's most crucial moments but he honed his speculative talents in a different genre fantasy The Videssos Cycle is the perfect fusion of the two Collected here are the first two novels of Turtledove's one of a kind saga in which a Roman legion is transported to a strange realm where magic rules THE MISPLACED LEGION In a duel for survival the Roman military tribune Marcus Aemilius Scaurus raises his sword blessed by a Druid priest against a Celtic chieftain who brandishes a blade of his own At the moment the weapons touch Marcus and his legion find themselves under a strange night sky full of unfamiliar stars where Rome and Gaul are unknown They are in an outpost of the embattled Empire of Videssos a world that will test their skill and courage as no soldiers have ever been tested before AN EMPEROR FOR THE LEGION In the capital of Videssos a coward and betrayer has seized the throne There behind great walls that have always made the city impregnable to storm or siege he rules with the aid of dark sorcery Overthrowing him seems impossible and the imperial army has already fled in panic from the savage victors But there is no panic in the legion Now Marcus Scaurus leads his men through the chaos and enemy hordes in search of winter quarters to regroup and do the unthinkable take the untakeable city

Videssos Cycle: Volume Two Harry Turtledove, 2013-04-16 The classic fantasy series from one of alternative history's stalwarts The New Yorker continues in the adventure of a lifetime Harry Turtledove's brilliant re imaginings of major world events have thrilled fans for decades but he first captured readers attention with the Videssos Cycle a unique blend of fantasy and speculative history In this two book volume a Roman legion thrown into another world fights its way through sorcery intrigue and epic conflict THE LEGION OF VIDESSIONS Since the legion was mysteriously transported to this magical realm Roman military tribune Marcus Aemilius Scaurus has valiantly served the rulers of the war torn city of Videssos However Fortune is a fickle goddess Returning in triumph after defeating a well entrenched army of rebel mercenaries Marcus is betrayed by a friend seized as a traitor and dragged before the Emperor Only one person may be able to save him the Emperor's niece But consorting with her could lead to exile or worse SWORDS OF THE LEGION As prisoner of the Emperor Marcus Scaurus is in a desperate situation He stands condemned for treason unless he can reclaim a rebel province from a fanatic usurper without the aid of his Romans

Now with just one centurion by his side Marcus sets out to once again do the impossible Soon the fates conspire against the men driving them toward the torture chambers of an evil deathless wizard prince But an audacious last hope rallies behind them the soldiers of the legion are on the march Krispos Rising (The Tale of Krispos, Book One) Harry

Turtledove,2008-12-30 Videssos was beset by enemies abroad and had fallen into decadence at home But on his first night in the imperial capital The Empire s health mattered less to Krispos than finding a dry place to sleep Driven by crushing taxes from the farm where his family had lived and died Krispos had come to the city seeking what fortune a good mind and a strong back could earn He had a single goldpiece to his name the gift years past of a nomad chieftain to a ragged peasant boy Now though the night was raw and the inn was warm he was loath to spend that coin for the barbarian had claimed it carried magic Keep his lucky goldpiece or trade it for a warm dry bed Krispos tucked the coin away and stepped back into the wet streets all unaware that so simple a choice would lead to a world of peril and possibility Misplaced Legion Harry

recommended Library Journal In the extraordinary Worldwar tetralogy set against the backdrop of World War II Harry Turtledove the Hugo winning master of alternate SF Publishers Weekly wove an explosive saga of world powers locked in conflict against an enemy from the stars Now he expands his magnificent epic into the volatile 1960s when the space race is in its infancy and humanity must face its greatest challenge alien colonization of planet Earth Yet even in the shadow of this inexorable foe the United States the Soviet Union and Nazi Germany are unable to relinquish their hostilities and unite against a massive new wave of extraterrestrials For all the countries of the world this is the greatest threat of all This time the terrible price of defeat will be the conquest of our world and perhaps the extinction of the human race itself Praise for Second Contact An exciting often surprising story that will not only delight his fans but will probably send newcomers back to the Worldwar saga Publishers Weekly starred review Outstanding entertainment Booklist

Blood and Iron (American Empire, Book One) Harry Turtledove, 2006-07-25 Blood and Iron is a masterpiece Sci Fi Weekly World War I The Great War has ended and an uneasy peace reigns around the world Nowhere is it more fragile than on the continent of North America where bitter enemies share a single landmass and two long bloody borders In the North proud Canadian nationalists try to resist the colonial power of the United States In the South the once mighty Confederate States have been pounded into poverty and merciless inflation The time is right for madmen demagogues and terrorists With Socialists rising to power in the U S and a dangerous fanatic in the Confederacy preaching a doctrine of hate more than enough people are eager to return the world to war A master storyteller as well as a trained historian with an imagination Turtledove has succeeded in taking title as the premier writer in alternate history relentlessly asking what if one or two key events in our reality happened differently The result is fascinating Houston Chronicle Turtledove is a master at weaving details of ordinary life into a much bigger canvas to produce a world that so easily could have been our own It is what keeps readers coming back for more Tulsa World

American Front (The Great War, Book One) Harry Turtledove, 2006-09-19 This is state of the art alternate history nothing less Publishers Weekly starred review When the Great War engulfed Europe in 1914 the United States and the Confederate States of America bitter enemies for five decades entered the fray on opposite sides the United States aligned with the newly strong Germany while the Confederacy joined forces with their longtime allies Britain and France But it soon became clear to both sides that this fight would be different that war itself would never be the same again For this was to be a protracted global conflict waged with new and chillingly efficient innovations the machine gun the airplane poison gas and trench warfare Across the Americas the fighting raged like wildfire on multiple and far flung fronts As President Theodore Roosevelt rallied the diverse ethnic groups of the northern states Irish and Italians Mormons and Jews Confederate President Woodrow Wilson struggled to hold together a Confederacy still beset by ignorance prejudice and class divisions And as the war thundered on southern blacks oppressed for generations found themselves fatefully drawn into a climactic confrontation

between England and Germany unravels and so does a different World War II In Harry Turtledove's mesmerizing alternate history of World War II the choices of men and fate have changed history Now it is the winter of 1941 As the Germans with England and France on their side slam deep into Russia Stalin's terrible machine fights for its life But the agreements of world leaders do not touch the hearts of soldiers The war between Germany and Russia is rocked by men with the courage to aim their guns in a new direction England is the first to be shaken Following the suspicious death of Winston Churchill with his staunch anti Nazi views a small cabal begins to imagine the unthinkable in a nation long famous for respecting the rule of law With civil liberties hanging by a thread a conspiracy forms against the powers that be What will this daring plan mean for the European war as a whole Meanwhile in America a woman who has met Hitler face to face urges her countrymen to wake up to his evil For the time being the United States is fighting only Japan and the war is not going as well as Washington would like Can Roosevelt keep his grip on the country's imagination Coup d'Etat captures how war makes for the strangest of bedfellows A freethinking Frenchman fights side by side with racist Nazis A Czech finds himself on the dusty front lines of the Spanish Civil War gunning for Germany's Nationalist allies A German bomber pilot courts a half Polish half Jewish beauty in Bialystock And the Jews in Germany though trapped under Hitler's fist are as yet protected by his fear of looking bad before the world and by an outspoken Catholic bishop With his spectacular command of character coincidence and military and political strategies Harry Turtledove continues a passionate unmatched saga of a World War II composed of different enemies different allies and hurtling toward a horrific moment For a diabolical new weapon is about to be unleashed not by the United States but by Japan in a tactic that will shock the world Praise for Coup d'Etat Turtledove's masterful presentation of an alternate WWII reaches its fourth volume with its quality undiminished A tribute to his commanding skills Booklist starred review For lovers of alternative history and particularly the very popular Turtledove with his appealing weaponry battle tactics and setting details this story will satisfy It sets out to entertain and that it does Historical Novels Review The book's grand scope and Turtledove's impressive historical knowledge are admirable Kirkus Reviews *Bombs Away* Harry Turtledove, 2016-06-28 In his acclaimed novels of alternate history Harry Turtledove has scrutinized the twisted soul of the twentieth century from the forces that set World War I in motion to the rise of fascism in the decades that followed Now this masterly storyteller turns his eyes to the aftermath of World War II and asks In an era of nuclear posturing what if the Cold War had suddenly turned hot *Bombs Away* begins with President Harry Truman in desperate consultation with General Douglas MacArthur whose control of the ground war in Korea has slipped disastrously away MacArthur recognizes a stark reality The U S military has been cut to the bone after victory over the Nazis while China and the USSR have built up their forces The only way to stop the Communist surge into the Korean Peninsula and save thousands of American lives is through a nuclear attack MacArthur advocates a strike on Chinese targets in Manchuria In actual history Truman rejected his general's advice here he does not The miscalculation turns into a disaster when Truman fails to foresee Russia's reaction Almost

instantly Stalin strikes U S allies in Europe and Great Britain As the shock waves settle the two superpowers are caught in a horrifying face off Will they attack each other directly with nuclear weapons What countries will be caught in between The fateful global drama plays out through the experiences of ordinary people from a British barmaid to a Ukrainian war veteran to a desperate American soldier alone behind enemy lines in Korea For them as well as Truman Mao and Stalin the whole world has become a battleground Strategic strikes lead to massive movements of ground troops Cities are destroyed economies ravaged And on a planet under siege the sounds and sights of nuclear bombs become a grim harbinger of a new reality the struggle to survive man s greatest madness Praise for Bombs Away A fascinating and compelling story of real people caught in forces beyond their control Harry Turtledove is the unrivaled monarch of alternate history Analog Turtledove is an undisputed centerpiece of the alternate history genre and now to his already grand display he s adding the ambitious tale of a WWII that could have happened Booklist This is Turtledove at his best SFRevu Alternate world warrior extraordinaire Turtledove delivers the opening barrage of a new speculative conflict Kirkus Reviews **Last Orders (The War That Came Early, Book Six)** Harry Turtledove, 2014-07-15 History is changed by one small act In an extraordinary saga of nations locked in war master storyteller Harry Turtledove examines a very different World War II one which erupts eleven months earlier and over Czechoslovakia rather than Poland Now comes the final installment in this landmark series Hitler s Plan A was to win in a hurry striking hard and deep into France There was no Plan B Now the war grinds on Countries have been forced into strange alliances The Nazis fortify thin lines with Hungarian and Romanian troops England finding its footing after the suspicious death of Winston Churchill and a coup d tat fights back in Europe and on the seas of the North Atlantic Jews fight on both sides of the war in secret in German uniform openly in Spain France and Russia Into the standoff come new killing tools from tanks to bazookas In the Pacific Japan prepares bombs filled with macabre biological concoctions to be dropped on Hawaii For the U S the only enemy is Japan as there has been no casus belli for America in Europe Then Hitler becomes desperate and declares war on the United States But is it too late His own people are rising up in revolt The German military may have to put down the violence even perhaps bomb its own cities In this epic drama real men and women are shaped by the carnage and their individual acts in turn shape history Drawing on the gritty personal reality of war and on a cast of unforgettable characters Harry Turtledove has written an alternate history that intrigues fascinates and astounds Praise for Last Orders From our perspective seventy years later we re accustomed to thinking of WWII s outcome as being inevitable Not so says Harry Turtledove Disdaining broad brush strokes Turtledove s focus on the characters serves to fill out the big picture with patient nitty gritty detail It s all quite plausible Armchair warriors will have much to ponder Kirkus Reviews Praise for Harry Turtledove If you like alternate histories you re going to like this series a lot The San Diego Union Tribune Turtledove is the standard bearer for alternate history USA Today Coup d Etat This is what alternative history is all about Historical Novel Society The Big Switch The Hugo Award winner continues to delight in
