Creating Safe Environments for LGBT Students Michael Bayly,2013-02-01 Make sure your Catholic school s LGBT students are getting the support they need Creating Safe Environments for LGBT Students is a comprehensive training guidebook for educators who are committed to diversity and the full inclusion of LGBT students in every aspect of the Catholic high school experience Based on five years of pilot testing in Catholic schools this unique book emphasizes safe staff

training in integrating the Church's pastoral social and moral dimensions with the special needs of LGBT students. The book presents strategies and resources for building safer schools, helpful materials for communicating with parents, and general guidelines for developing and maintaining professional helping relationships with LGBT students. Based on a training the trainer model, *Creating Safe Environments for LGBT Students* encourages the development of grassroots leadership within the school. This unique book promotes a positive framework for navigating the challenging landscape of the Catholic tradition and the LGBT experience as it helps to establish anti-harassment and anti-bullying protocols for school environments and models for developing LGBT student support groups and gay-straight student alliances. The book promotes role play by students, alumni, teachers, and parents, a hallmark of the ministry work and training methods of the Catholic Pastoral Committee on Sexual Minorities, and is flexible enough to allow each school's individual climate and culture to be respected. *Creating Safe Environments for LGBT Students* includes first-hand stories from students and teachers, realistic dynamic and creative role play scenarios that explore various relationships between students, teachers, parents, administrators, and the school board, opening prayer and meditation rituals, a special foreword by Bishop Thomas J. Gumbleton, one of the few Catholic bishops to publicly affirm LGBT persons, an extensive bibliography and glossary regarding the experiences, language, culture, and spirituality of LGBT youth, the latest research findings on at-risk behaviors of LGBT teenagers, training handouts that are easy to duplicate and use as transparencies, a manual log that can be used as a training diary, and much more. *Creating Safe Environments for LGBT Students* is an essential resource for faculty and staff members at Catholic high schools, particularly school administrators, chaplains, campus ministers, psychologists, social workers, and counselors. *Acts of Faith, Acts of Love* Dugan McGinley, 2006-04-19 McGinley uses the autobiographies of gay men to explore the overlap between their religious and sexual identities.

Gay and Lesbian Rights Richard Peddicord, 1996 This book is unique in setting the question of homosexuality in its historical, legal, political, and religious contexts in North America. It is no longer possible in Catholic ethics to address sexual morality with a model of absolute moral norms immune from the ambiguities and complexities social justice issues introduce. Peddicord looks at the personal and social sides of homosexuality and fairly examines all sides of the Roman Catholic response. Lisa Sowle Cahill, Boston College.

This handbook is not only a testament to the importance of integrating religious and cultural perspectives in therapeutic practice but also a vital tool for religious scholars and clergy in understanding and addressing sexual health issues within their communities. It serves as a call to action for greater competency in addressing the complex needs of religious clients in matters of sex, sexuality, and gender. *Violence*

Against Lesbians and Gay Men Gary David Comstock, 1991 Violence against lesbians and gay men is becoming recognized as a social problem and is taking its place among such societal concerns as violence against women children and ethnic and racial groups This book focuses on the current situation of lesbian gay people and is concerned with making a contribution toward overcoming violence directed against them
