**Harry Freedman**

## **On Translating The Bible:**

**On Translating the Bible** Owen E. Evans, 1976      **A Guide to Bible Translation** United Bible Societies, 2019-03-29

A Guide to Bible Translation offers a broad overview of theory and practice in Scripture translation from ancient times to the present day with an eye to the future. Its 726 articles by 180 translators, publishing specialists, and scholars are addressed to a global readership of Bible translators, interpreters, students of culture and biblical studies, as well as interested church members and clerical leaders. This unprecedented Guide opens up and celebrates captivating stories of people, languages, and key topics of scholarship involved in over two millennia of Bible translation. Hearing a passage read from the new Gbaya language Bible, my Muslim friend declared with astonishment: "God really does speak our language." Multiply that response by over 3,000 language communities where worshipers listen attentively to God's Word clearly translated and clearly read. We are grateful to the editors and authors whose life-long dedication to the communication of God's Word and to excellence in scholarship makes this Guide available to us.

Thomas G. Christensen, Professor Emeritus, Institut Luthérien de Théologie de Meiganga, Cameroun. Bible translation has always allowed itself to be stirred and driven not just by challenges but also by new knowledge, new technologies, new ideas of presentation, dictates of different geographical locations, and the needs of the target audiences, whether these were ecclesiastical, politico-cultural, or ideological in nature. And now, through this Guide, an easy narrative style, its categorization of topics, and the courage to allow diverse voices and languages to speak into this complex subject, the United Bible Societies has added one more innovative tool into Bible translation work.

Professor Margaret Muthwii, Vice-Chancellor, Pan Africa Christian University, Kenya. In the 1990s, translation studies led by scholars such as Susan Bassnett, Andrzej Lefevere, and Mary Snell Hornby took the now famous cultural turn, looking at how institutions of power influenced translation decisions. Right around the same period, Bible translators took the translation studies turn, looking to translation studies scholars such as James Holmes, Jos Lambert, Ernst-August Gutt, Lawrence Venuti, and Cristiane Nord to expand their theoretical base. Such interdisciplinary collaboration, taking place at colloquia around the world, can be seen everywhere in the United Bible Societies' *A Guide to Bible Translation*, which will appeal to students of Bible translation, translation studies, sacred text translation, the history of translation, and especially cultural studies.

Professor Edwin Gentzler, University of Massachusetts Amherst, USA. *Bible Translations* Roland H. Worth, 1992. Since the Greeks first translated the Hebrew Bible, the Septuagint version, each new translation has been colored by theological assumptions and marked by controversies. Using documents by the translators themselves, early material about Bible translations, and contemporary justifications and criticisms of various existing and proposed translations, this book looks at numerous prominent Bible renderings, including Hebrew to Greek, post-Septuagint, European, and English translations. Introductory essays set each extract in historical context.

**Translation as Mission** William Allen Smalley, 1991. For Christians from New Testament times on, the Bible has almost everywhere been a translated Bible. For eighteen centuries, it was normally translated into new

languages by native speakers but with the beginning of the nineteenth century and the modern missionary movement came a burst of missionary translation around the world As missionary churches were established and as societies worldwide were affected by the gospel people studied the translations preached from them and recounted stories to their children In many societies these translations were the foundation for Christian communities for theology including indigenous theologies and a powerful stimulus to modernization and even secularization reaching beyond the Christian community Smalley contends that the theological presuppositions of these missionary translators varied widely He argues that some missionary translators were insightful scholars who probed deeply into the languages and cultures in which they were working others were unable to transcend the perspective their own culture prescribed for them Earlier missionaries did not always have a clearly formulated theory of translation or an understanding of what they were doing and why Eventually however a theoretical model was developed a model that the majority of translators both missionary and nonmissionary now use Smalley maintains that the task of Bible translation is now passing out of the hands of missionaries and back into the hands of native speakers casting the missionary translator into significantly changed roles in the translation process

**The Challenge of Bible Translation** Zondervan, 2009-05-18 An In Depth Look at Bible Translation The concerns issues and approaches The history The ins and outs of the translation task With a reach that covers the entire globe the Bible is the best selling most earnestly studied book of all time It has been translated into well over 1 000 languages from those of global reach such as English French and Arabic to a myriad of isolated tribal tongues Yet while most readers of the English Bible have a favorite version few understand how the different translations came about or why there are so many or what determines whether a particular translation is trustworthy Written in tribute to one of today's true translation luminaries Dr Ronald Youngblood The Challenge of Bible Translation will open your eyes to the principles the methods the processes and the intricacies of translating the Bible into language that communicates clearly accurately and powerfully to readers of many countries and cultures This remarkable volume marshals the contributions of foremost translators and linguists Never before has a single book shed so much light on Bible translation in so accessible a fashion In three parts this compendium gives scholars students and interested Bible readers an unprecedented grasp of 1 The Theory of Bible Translation 2 The History of Bible Translation 3 The Practice of Bible Translation The Challenge of Bible Translation will give you a new respect for the diligence knowledge and care required to produce a good translation It will awaken you to the enormous cost some have paid to bring the Bible to the world And it will deepen your understanding of and appreciation for the priceless gift of God's written Word Contributors Kenneth L Barker D A Carson Charles H Cosgrove Kent A Eaton Dick France David Noel Freedman Andreas J K Stenberger David Miano Douglas J Moo Glen G Scorgie Moisés Silva James D Smith III John H Stek Mark L Strauss Ronald A Veenker Steven M Voth Larry Lee Walker Bruce K Waltke Walter W Wessel Herbert M Wolf

**A History of Bible Translation and the North American Contribution** Harry M. Orlinsky, Robert G. Bratcher, 1991 **The**

**Bible in Translation** Bruce M. Metzger, 2001-10-01 The Bible has been translated more than any other piece of literature and is currently available in over two thousand languages with several languages having numerous versions Outlined here is the development of biblical translation including a careful analysis of more than fifty versions of the Bible One of the most respected living biblical scholars Bruce Metzger begins this engaging survey with the earliest translations of the Old and New Testaments before proceeding to English versions dating from the eleventh century to the present Metzger explores the circumstances under which each translation was produced and offers insight into its underlying objectives characteristics and strengths Having served on a number of modern translation committees his insights into the evolution of Bible translation flow not only from careful research but also from personal experience Students pastors and interested readers will discover the history of the written Word and gain useful insight into which modern translations best serve their own needs

**THE COMPLETE GUIDE TO BIBLE TRANSLATION** Edward D. Andrews, 2016-05-30 *Translating the Bible Literally* Michael T. Schmid, 2016-05-31 Differences in translation between so called literal Bible versions make it quite appropriate to re evaluate what is meant by the label literal What do different literal Bible translations have in common How do they differ How do we account for possible different concepts of literalness How is the concept of literalness applied to the making of a Bible translation To answer these questions the author compares three literal Bible translations the King James Version the New American Standard Bible and the English Standard Version For each of these versions the historical background and the writings of the translators themselves are analysed The book concludes with a comparison of the three translations in their renderings of selected examples from the Gospel of John [Translating the Bible](#) Stanley E.

Porter, Richard S. Hess, 2004-10-13 Stanley E Porter offers a keynote contribution to this collection of essays on the various issues involved in translation of the Bible and when accurately rendering the message of the Bible when words seem to obfuscate rather than enhance clarity Contributions offer a survey of the current versions of the Gospels available with commentary and analysis of their success and popularity Particular attention is given to the Contemporary English Version CEV with a critical review provided of the reviews of this Bible translation to date *How to Choose a Translation for All Its Worth* Gordon D. Fee, Mark L. Strauss, 2007 A book on Bible translation from a premier biblical scholar **The Murderous**

**History of Bible Translations** Harry Freedman, 2016-05-05 Harry Freedman recounts the fascinating and bloody history of the Bible In 1535 William Tyndale the first man to produce an English version of the Bible in print was captured and imprisoned in Belgium A year later he was strangled and then burned at the stake His co translator was also burned In that same year the translator of the first Dutch Bible was arrested and beheaded These were not the first nor were they the last instances of extreme violence against Bible translators The Murderous History of Bible Translations tells the remarkable and bloody story of those who dared translate the word of God The Bible has been translated far more than any other book To our minds it is self evident that believers can read their sacred literature in a language they understand But the history of Bible

translations is far more contentious than reason would suggest Bible translations underlie an astonishing number of religious conflicts that have plagued the world Harry Freedman author of *The Talmud A Biography* describes brilliantly the passions and strong emotions that arise when deeply held religious convictions are threatened or undermined He tells of the struggle for authority and orthodoxy in a world where temporal power was always subjugated to the divine A world in which the idea of a Bible for all was so important that many were willing to give up their time their security and often their lives Which Bible Translation Should I Use? Andreas J. Köstenberger, David A. Croteau, 2012-10-01 One of the most frequently asked questions related to the Bible is Which Bible translation should I use People often wonder what is the all around best English Bible translation available In this book Douglas Moo Wayne Grudem Ray Clendenen and Philip Comfort make a case for the Bible translation he represents the NIV 2011 New International Version the ESV English Standard Version the HCSB Holman Christian Standard Bible and the NLT New Living Translation respectively In each case the contributors explain the translation philosophy underlying these major recent versions They also compare and contrast how specific passages are translated in their version and other translations Which Bible Translation Should I Use is ideal for anyone who is interested in the Bible and wants to know how the major recent English translations compare After you've read this book you will be able to answer the title question with confidence You will also learn many other interesting details about specific passages in the Bible from these top experts *Bible Translation on the Threshold of the Twenty-First Century* Athalya Brenner-Idan, Jan Willem van Henten, 2002-10-01 The format of the new *The Bible in the 21st Century* series reflects an international dialogue between experts and graduate students In this book experts on Bible translations present essays on the practices of translating the Bible for the present and the future through Christian and Jewish approaches in Western Europe and North America as well as in the former Eastern Bloc and in Africa Each paper is paired with a response The international contributors here include Adele Berlin John Rogerson Robert Carroll Mary Phil Korsak Everett Fox Jeremy Punt and Athalya Brenner and the debate is prefaced with an introduction by the Editors One Bible, Many Versions Dave Brunn, 2013-03-04 Dave Brunn has been an international Bible translator for many years Here he divulges the inner workings of translation practice to help us sort out the many competing claims for superiority among English Bible translations His professional assessments and conclusions will be a great help to all seeking truth in translation *Translating the Bible* Lynne Long, 2001 This book presents a literary study of the processes involved in the translation of the Bible Beginning in Anglo Saxon times with Bede and Caedmon Lynne Long discusses the translations of Alfred and Aelfric before exploring the work of Wyclif the impact of printing the rise of Humanism Tyndale and the sixteenth century editions and concluding with an account of the King James translation Set in a literary as well as a theological context this book examines the attitudes processes and influences involved in the making of the English Bible Dispelling many of the myths and biases promoted by some post reformation commentators and using translation theory as a tool for textual analysis this book will be of particular

value to literary studies biblical studies medieval and theology scholars      **Fascinated by Languages** Eugene Albert Nida, 2003-01-01 A discussion of the problems encountered translating the Bible into many different languages      *Bible Translation and the Spread of the Church* Philip C. Stine, 1990 This book deals with the effect that translation of the Bible has had on the theology of developing churches over the past 200 years and also examines cultural factors which affect translation as well as how Bible translation itself affects a people's social and cultural development      **A History of Bible Translation** Philip A. Noss, 2007 Edited by Philip A. Noss Sixteen biblical scholars linguists theoreticians and translation professionals have collaborated to present an overview of the Bible translation from the time of the Septuagint the Targums and the Latin Vulgate through the Reformation and Counter Reformation and into the present day when mother tongue speakers have replaced the missionary translators of the colonial era This is the inaugural volume in a series of monographs Paper Back 542 pages      **Translating Truth (Foreword by J.I. Packer)** C. John Collins, Wayne Grudem, Vern S. Poythress, Leland Ryken, Bruce Winter, 2005-11-08 Which translation do I choose In an age when there is a wide choice of English Bible translations the issues involved in Bible translating are steadily gaining interest Consumers often wonder what separates one Bible version from another The contributors to this book argue that there are significant differences between literal translations and the alternatives The task of those who employ an essentially literal Bible translation philosophy is to produce a translation that remains faithful to the original languages preserving as much of the original form and meaning as possible while still communicating effectively and clearly in the receptors languages Translating Truth advocates essentially literal Bible translation and in an attempt to foster an edifying dialogue concerning translation philosophy It addresses what constitutes good translation common myths about word for word translations and the importance of preserving the authenticity of the Bible text The essays in this book offer clear and enlightening insights into the foundational ideas of essentially literal Bible translation
