Political Trends In The Arab World The Role Of Ideas And Ideals In Politics:

Political Trends in the Arab World Majid Khadduri, 1972 **The PFLP's Changing Role in the Middle East** Harold M. Cubert, 2014-06-03 This is a history of the Popular Front for the Liberation of Palestine PFLP a violent Marxist faction within the Palestinian national movement Cubert explores the group's background and provides an analysis of its aims methods structures and the factors responsible for its decline *Arabic Poetry* Muhsin J. al-Musawi, 2006-09-27 Since the late 1940s Arabic poetry has spoken for an Arab conscience as much as it has debated positions and ideologies nationally and worldwide This book tackles issues of modernity and tradition in Arabic poetry as manifested in poetic texts and criticism by poets as participants in transformation and change It studies the poetic in its complexity relating to issues of selfhood individuality community religion ideology nation class and gender Al Musawi also explores in context issues that have been cursorily noticed or neglected like Shi'i poetics Sufism women's poetry and expressions of exilic consciousness Arabic Poetry employs current literary theory and provides comprehensive coverage of modern and post modern poetry from the 1950s onwards making it essential reading for those with interests in Arabic culture and literature and Middle East studies

Making the Modern Middle East T. G. Fraser, Andrew Mango, Robert McNamara, 2014-07-15 A century ago as World War I got underway the Middle East was dominated as it had been for centuries by the Ottoman Empire But by 1923 its political shape had changed beyond recognition as the collapse of the Ottoman Empire and the insistent claims of Arab and Turkish nationalism and Zionism led to a redrawing of borders and shuffling of alliances a transformation whose consequences are still felt today This fully revised and updated second edition of *The Makers of the Modern Middle East* traces those changes and the ensuing history of the region through the rest of the twentieth century and on to the present Focusing in particular on three leaders Emir Feisal Mustafa Kemal and Chaim Weizmann the book offers a clear authoritative account of the region seen from a transnational perspective one that enables readers to understand its complex history and the way it affects present day events *The Clouded Lens: Persian Gulf Security and U.S. Policy* James H. Noyes, 1979 Noyes var Deputy Assistant Secretary of Defense for Near Eastern African and South Asian Affairs fra 1970 til 1976 Forord af William J Porter tidligere Undersecretary of State for Political Affairs og tidligere ambassadør i Saudi Arabien og Algeriet

Iran at the Crossroads Miron Rezun, 2019-03-19 The chapters in this book were written by me or solicited from renowned experts to produce a work that anticipated an imminent post Khomeini period in Iranian history The first draft was not ready until June 1989 practically coinciding with the death of Khomeini and the tenth anniversary of the Iranian Revolution an important milestone after a decade of turmoil The book you are about to read took some time to put together Based on extensive research the project was undertaken in early 1988 and ended about the spring of 1990 A sincere debt of gratitude is naturally owed to all of my contributors But the preparation of any book does not take place in a financial void My gratitude is especially extended to the academic vice president of my university Dr Robert Burrige for granting me the seed

money from the university's Development Fund. Substantial financial assistance to cover the bulk of the logistical expenses was offered by the Canadian Institute of International Peace and Security in Ottawa and by the Social Sciences and Humanities Research Council of Canada through its program of aid to scholarly conferences. The Making of an Arab Nationalist William L. Cleveland, 2015-03-08 A loyal servant of the Ottoman Empire in his early career Sati al Husri 1880-1968 became one of Arab nationalism's most articulate and influential spokesmen. His shift from Ottomanism based on religion and the multi-national empire to Arabism defined by secular loyalties and the concept of an Arab nation is the theme of William Cleveland's account of the making of an Arab nationalist. Originally published in 1972, The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

Arab Nationalism in the Twentieth Century Adeed Dawisha, 2016-02-16 Like a great dynasty that falls to ruin and is eventually remembered more for its faults than its feats, Arab nationalism is remembered mostly for its humiliating rout in the 1967 Six Day War for inter-Arab divisions and for words and actions distinguished by their meagerness. But people tend to forget the majesty that Arab nationalism once was. In this elegantly narrated and richly documented book, Adeed Dawisha brings this majesty to life through a sweeping historical account of its dramatic rise and fall. Dawisha argues that Arab nationalism, which he says was inspired by nineteenth-century German Romantic nationalism, really took root after World War I and not in the nineteenth century as many believe, and that it blossomed only in the 1950s and 1960s under the charismatic leadership of Egypt's Gamal Abd al Nasir. He traces the ideology's passage from the collapse of the Ottoman Empire through its triumphant ascendancy in the late 1950s with the unity of Egypt and Syria and with the nationalist revolution of Iraq to the mortal blow it received in the 1967 Arab defeat by Israel and its eventual eclipse. Dawisha criticizes the common failure to distinguish between the broader cultural phenomenon of Arabism and the political secular desire for a united Arab state that defined Arab nationalism. In recent decades, competitive ideologies, not least Islamic militancy, have inexorably supplanted the latter, he contends. Dawisha, who grew up in Iraq during the heyday of Arab nationalism, infuses his work with rare personal insight and extraordinary historical breadth. In addition to Western sources, he draws on an unprecedented wealth of Arab political memoirs and studies to tell the fascinating story of one of the most colorful and significant periods of the contemporary Arab world. In doing so, he also gives us the means to more fully understand trends in the region today. Complete with a hard-hitting new and expanded section that surveys recent nationalism and events in the Middle East, *Arab Nationalism in the Twentieth Century* tells the fascinating story of one of the most colorful and significant periods in twentieth-century Middle Eastern history.

A Basic Bibliography for the Study

of the Semitic Languages J. H. Hospers, 1973 **Islamic Books by Ibn Taymiyyah Maqdisi and Abdullah Azzam** Ibn Taymiyyah, *The Hashemites* Robert McNamara, 2010-09-07 The story of the Arab Revolt and the Hashemite princes who led it during the First World War is inextricably linked in modern eyes to the legend of Lawrence of Arabia as portrayed in David Lean's 1962 film But behind this romantic image lies a harsher reality of wartime expediency double dealing and dynastic ambition which shaped the modern Middle East and laid the foundations of many of the conflicts that rack the region to this day Arab nationalists claim that British instigation for the Arab Revolt against the Ottoman Empire was a commitment to independence for the Arab people but in this book Robert McNamara shows how the British cultivated the Hashemite Sherifs of Mecca more as an alternative focus during the First World War for Muslim loyalty from the Ottoman Sultan who as Caliph had declared a jihad against the Allies when the Turks joined the Central Powers than a leader of an independent and united Arabia At the same time the Sykes Picot Agreement divided up the Middle East between British and French spheres of influence The sense of betrayal that this caused has coloured Arab nationalists' views of the West ever since The main countries of the Middle East Jordan Syria and Iraq are all the creations of the post First World War settlement worked out at the Paris Peace Conference The story of the Hashemite dynasty at the Paris Peace Conference is the story of the birth of the modern history of a region that is now more than ever at the centre of world affairs **Mussolini's Propaganda Abroad** Manuela Williams, 2006-11-22 This is the first major study in English of Fascist Italy's overseas propaganda Using rare Italian and French captured documents this is also the first investigation into the relationship between Mussolini's regime and Arab nationalist movements This new account covers propaganda and subversive activities engineered by the Italian government in the Mediterranean and the Middle East from 1935 until 1940 when Italy entered the war It assesses the nature of the challenge brought by the Fascist regime to British security and colonial interests in the region Fascist propaganda in particular in the Arab Middle East must be regarded as an expression of Mussolini's foreign policy and his attempts to build an Italian empire that would stretch beyond the Mediterranean gaining control over the exits Gibraltar and Suez which were in the hands of the British and the French The activities of individual agents and organizations are carefully reconstructed and analyzed to highlight the seemingly contradictory objectives of the Italian government on the one hand Rome was courting the Arab nationalist movements in Egypt and Palestine which were seeking the support of external forces capable of providing political financial and military backing needed to overthrow foreign rulers on the other the regime was promoting further territorial expansion in Africa These aspects build into an excellent picture of this fascinating period of modern history This book will be of great interest to all students and scholars of politics media Italian history and propaganda **Sceptics of Islam** Ralph M. Coury, 2018-02-26 Arab debates about the critical relationship between religion and modernity began in the early nineteenth century Such debates are now integral to the struggle for power between a variety of political groups and their opponents and are vital to understanding the modern

Middle East This unique volume introduces writings of Arab Christian and Muslim revisionist and radical free thinkers who have tried to redefine the relationship It challenges the deeply entrenched idea that the contemporary Islamic world has been impermeable to a critique of religious ideas and practices Authors from the nineteenth century to the present are included Some are avowed believers even if they adopt positions many might regard as heretical others are openly agnostic and atheistic Despite their differences all have been united in disputing the notion that life should conform exclusively to a system of values and laws based upon the Qur'an or the Bible or in some cases less radically upon these as they were widely understood before the onset of modernity They have also rejected many of the standard religious liberal assumptions that are regularly invoked against traditionalism The book's originality lies in its evaluation of the social and cultural impact of these thinkers *Britain, Nasser and the Balance of Power in the Middle East, 1952-1977* Robert McNamara, 2004-08-02 A multi archival documentary history of British policy towards Nasser's Egypt under the Churchill Eden Macmillan Home and Wilson governments The primary focus of the study is an enquiry into the causes of the Anglo Egyptian Cold War from 1952 to 1967

posed in the various regions of world politics The following chapters focus on social psychological factors in regional politics regional patterns of economic cooperation political change in regional systems patterns of transregional relations and interactions between regional organizations in various parts of the world and the global system that may affect either the operation of the latter or influence actions and functions of the former The final chapter examines the problems and pitfalls of regional integration theories along with their inability to scientifically predict the pathways of regional development This text is designed to assist students professionals and the general public interested in international relations *Continental Shelf Delimitation and Related Maritime Issues in the Persian Gulf* Ahmad Razavi, 2021-09-27 The most significant characteristic of the Persian Gulf is the presence of huge oil fields under the sea bed of its shallow waters On the other hand the lack of understanding among the littoral states concerning the proper exploitation of these valuable resources has led to many conflicts and is still considered as having a very high potential for conflict This work clarifies the international legal rules applicable to the region with particular attention to the special characteristics of the Persian Gulf such as ethnic conflicts lack of defined land borders presence of numerous islands reefs and shoals and the presence of transboundary oil deposits It consists of a collection of materials relating to the law of the sea including both domestic and international rules conventions maritime agreements state practice the jurisprudence of the International Court of Justice and others The study analyses all of these important factors in order to find an equitable solution to the problems facing the international community Newsletter United States.
