Tarin,1998-06 Presents the proceedings of the May 1996 hearing before the Subcommittee on Africa House of Representatives on the progress of the peace process in Angola Includes testimony and prepared statements by Prudence Bushnell Deputy Assistant for African Affairs U S Dept of State R Bruce McColm President Institute for Democratic Strategies and Dr Gerald Bender Professor of International Relations University of Southern California The Play World Patricia Anne Simpson,2020-09-21 The Play World chronicles the history and evolution of the concept of play as a universal part of childhood Examining texts and toys coming out of Europe between 1631 and 1914 Patricia Anne Simpson argues that German material literary and pedagogical cultures were central to the construction of the modern ideas and realities of play and childhood in the transatlantic world With attention to the details of toy manufacturing and marketing Simpson considers prescriptive texts about how children should play treat their possessions and experience adventure in the scientific exploration of distant geographies She illuminates the role of toys among them a mechanical guillotine yo-yos hybridized dolls and circus figures as agents of history Using an interdisciplinary approach that draws from postcolonial childhood and migration studies she makes the case that these texts and toys transfer the world of play into a space in which model childhoods are imagined and enacted as German With chapters on the Protestant play ethic enlightened parenting Goethe as an advocate of play colonial fantasies children's almanacs

ethnographic play and an empire of toys Simpson's argument follows a compelling path toward understanding the reproduction of religious gendered ethnic racial national and imperial identities emanating from German speaking Europe that collectively construct a global imaginary This foundational and deeply original study connects German speaking communities across the Atlantic as they collectively engender the epistemology of the play world It will be of particular interest to German studies scholars whose research crosses the Atlantic **Print Media Editorial Calendars**, 1988-10

Cook, 2024-02-13 A gripping mystery revolving around a family tragedy and a woman who may or may not be descending into madness by the Edgar Award winning author Entertainment Weekly David Sears grew up terrorized by the ravings of his schizophrenic father a frustrated literary genius who openly preferred David's sister Diana for her superior intelligence When the old man died David thought the madness had finally left with him But the Sears family was not through with its troubles The drowning of Diana's mentally ill son was ruled a tragic misadventure but she believes other factors were at play After hastily divorcing her husband she sets out to prove his guilt Her increasingly manic behavior is becoming hard for David to ignore He finds himself afraid for his own family's safety and must choose his words carefully when answering the detective Thomas H Cook explores the power of blood to define us bind us and sometimes destroy us in a novel of consuming suspense almost too concentrated to bear Daily News New York So spare and precise it feels as if it has been chiseled in stone with something like a surgical instrument Joyce Carol Oates What's at stake isn't so much the resolution of a mystery as the integrity of a family Time Out New York An unusual chilling mystery Cook reveals all the pieces of the shocking story with an absolutely steady hand Publishers Weekly starred review *Princeton Alumni Weekly*, 1959

In Nature's Honor Patricia Montley, 2005 In Nature's Honor explores the eight solar holidays that mark the turning of the Wheel of the Year Each chapter begins with a history of the holiday the ways in which it has been celebrated from ancient to modern times its relationship to other religious and secular celebrations and its cultural and mythological foundations This history is followed by recommendations for specific activities to celebrate the season that individuals families or small groups can enjoy The chapters conclude with formal rituals suitable for use in larger faith communities These include scripted narration songs dramatic enactments litanies of seasonal blessings readings from poetry and mythology and suggestions for ceremonial food In Nature's Honor reconnects the modern spiritual seeker with the earth centered practices of our ancestors This work explores the seasonal rituals that celebrate the earth and our connection to it which is not just physical but

profoundly spiritual FROM THE AUTHOR From the Authorz In writing this book I discovered the most important theme running through the history of rituals related to the earth s seasons is renewal The wheel turns and the old season gives way to the new the old year to the new the old life to the new Each planting of seeds promises new possibilities Each harvest brings sustenance for yet another year Each fallow time regenerates the life of the soil The sun deities retreat and return The grain goddesses are lost and restored The vegetation gods die and rise again The cycle of life goes on and on birth after death after birth Perhaps what all the rituals celebrate is this ongoing ness of life the miraculous natural world that makes it possible and our abiding connection to it For the ancients the interdependence was clear When the people fasted on the eve of a new season s beginning they purified not just their own bodies but the land itself The fires that encouraged the fecundity of the land also made its people fertile For us moderns distanced from the earth by technology the interdependence is not as clear And we are paying the price in polluted air and water in soil erosion in deforestation in global warming How different the condition of the planet might be if we allowed ourselves to be renewed at each turning of the wheel of the year if we took the time periodically to celebrate the beauty and bounty of nature Cincinnati Magazine ,1985-04 Cincinnati Magazine taps into the DNA of the city exploring shopping dining living and culture and giving readers a ringside seat on the issues shaping the region **Morning Exercises and School Recreations** Charles W. Mickens,1899 **Holstein-Friesian World** ,1920 **Cincinnati Magazine** ,1985-11 Cincinnati Magazine taps into the DNA of the city exploring shopping dining living and culture and giving readers a ringside seat on the issues shaping the region **Your Life, a Masterpiece in the Making** Renae Green,2015-07-21 Life happens Every event that takes place in your life every person you have ever met every circumstance you have lived through has a place in your puzzle of life Before you were born God had created a beautiful masterpiece It is filled with color happiness laughter and tears It is filled with struggles as well as sweet triumphs It is filled with every experience in your life both good and bad As you move through your life the pieces of your puzzle are set one at a time Each one is essential and relevant When completed your puzzle will finally make sense You will be able to recognize how each piece has brought you to where you are today Each piece fits in some way to help bring you to a place where God wants you to be When something happens that is unbearable and you cannot find a reason for it sometimes it is Gods own steadying hand that helps set the piece into place Build your puzzle with confidence one piece at a time and know your masterpiece was created by the Master Himself piece by important piece **The Living Church** ,1998 *Martyrdom, Murder, and Magic* Patricia Healy Wasyliw,2008 Martyrdom Murder and Magic Child Saints and Their Cults in Medieval Europe is a comprehensive history of child saints and their cults from late Antiquity to the end of the fifteenth century The child martyrs of the persecutions including the Holy Innocents were the first child saints recognized by the Church and their cults spread throughout Europe in the early Middle Ages Alongside these cults medieval society also venerated child martyrs victims of political or domestic violence The increasing role of the papacy in the canonization process after the tenth century

resulted in the veneration of saintly child confessors in the high Middle Ages but from the end of the twelfth century most children worshipped as saints were the alleged victims of ritual murder by Jews This book considers the formation and transformation of child saints and their cults in the context of popular belief and the history of childhood
