Description :

No enterprise is so seductive as a railroad for the influence it exerts, the power it gives, and the hope of gain it offers. At its peak, the railroad was the Internet of its day in its transformative impact on American life and law. A harbinger and promoter of economic empire, it was also the icon of a technological revolution that accelerated national expansion and in the process transformed our legal system. James W. Ely Jr., in the first comprehensive legal history of the rail industry, shows that the two had a profound influence on each other. Ely chronicles how "America's first big business" impelled the creation of a vast array of new laws in a country where long-distance internal transport had previously been limited to canals and turnpikes. Railroads, the first major industry to experience extensive regulation, brought about significant legal innovations governing interstate commerce, eminent domain, private property, labor relations, and much more. Much of this development was originally designed to serve the interests of the railroads themselves but gradually came to contest and control the industry's power and exploitative tendencies. As Ely reveals, despite its great promise and potential as an engine of prosperity and unifier of far-flung regions, the railroad was not universally admired. Railroads uprooted people, threatened local autonomy, and posed dangers to employees and the public alike situations with unprecedented legal ramifications. Ely explores the complex and sometimes contradictory ways in which those ramifications played out, as railroads crossed state lines and knitted together a diverse nation with thousands of miles of iron rail. Epic in its scope, Railroads and American Law makes a complex subject accessible to a wide range of readers, from legal historians to railroad buffs, and shows the many ways in which a powerful industry brought change and innovation to America.

Railroads American Law

Barbara Young Welke

Railroads American Law:

Railroads and American Law James W. Ely, Jr., 2001-12-06 No enterprise is so seductive as a railroad for the influence it exerts the power it gives and the hope of gain it offers Poor's Manual of Railroads 1900 At its peak the railroad was the Internet of its day in its transformative impact on American life and law A harbinger and promoter of economic empire it was also the icon of a technological revolution that accelerated national expansion and in the process transformed our legal system James W Ely Jr in the first comprehensive legal history of the rail industry shows that the two institutions the railroad and American law had a profound influence on each other Ely chronicles how America's first big business impelled the creation of a vast array of new laws in a country where long distance internal transport had previously been limited to canals and turnpikes Railroads the first major industry to experience extensive regulation brought about significant legal innovations governing interstate commerce eminent domain private property labor relations and much more Much of this development was originally designed to serve the interests of the railroads themselves but gradually came to contest and control the industry's power and exploitative tendencies As Ely reveals despite its great promise and potential as an engine of prosperity and uniter of far flung regions the railroad was not universally admired Railroads uprooted people threatened local autonomy and posed dangers to employees and the public alike situations with unprecedented legal ramifications Ely explores the complex and sometimes contradictory ways in which those ramifications played out as railroads crossed state lines and knitted together a diverse nation with thousands of miles of iron rail Epic in its scope Railroads and American Law makes a complex subject accessible to a wide range of readers from legal historians to railroad buffs and shows the many ways in which a powerful industry brought change and innovation to America **A Treatise on American Railroad Law** Edward L. Pierce, 2023-10-03 Reprint of the original first published in 1857 *Recasting American Liberty* Barbara Young Welke, 2001-08-13 Through courtroom dramas from 1865 to 1920 of men forced to jump from moving cars when trainmen refused to stop of women emotionally wrecked from the trauma of nearly missing a platform or street and women barred from first class ladies cars because of the color of their skin Barbara Welke offers a dramatic reconsideration of the critical role railroads and streetcars played in transforming the conditions of individual liberty at the dawn of the twentieth century The three part narrative focusing on the law of accidental injury nervous shock and racial segregation in public transit captures Americans journey from a cultural and legal ethos celebrating manly independence and autonomy to one that recognized and sought to protect the individual against the dangers of modern life Gender and race become central to the transformation charted here as much as the forces of corporate power modern technology and urban space **American Law** Lawrence Meir Friedman, Grant M. Hayden, 2017 This book provides an introduction to the American legal system for a broad readership Its focus is on law in practice on the role of the law in American society and how the social context affects the living law of the United States It covers the institutions of law creation and application law in American government

American legal culture and the legal profession American criminal and civil justice and civil rights Clearly written the book has been widely used in both undergraduate and graduate courses as an introduction to the legal system it will be useful too to a general audience interested in understanding how this vital social system works This new edition follows the same basic structure as applied in the previous editions providing a thorough revision and reworking of the text This edition reflects upon what has happened in the years since the second edition was published in 1998 and how these events and evolutions have shaped our fundamental comprehension of the workings of the American legal system today

Enterprise and American Law, 1836-1937 Herbert Hovenkamp, 2009-06-01 In this integration of law and economic ideas Herbert Hovenkamp charts the evolution of the legal framework that regulated American business enterprise from the time of Andrew Jackson through the first New Deal He reveals the interdependent relationship between economic theory and law that existed in these decades of headlong growth and examines how this relationship shaped both the modern business corporation and substantive due process Classical economic theory the cluster of ideas about free markets became the guiding model for the structure and function of both private and public law Hovenkamp explores the relationship of classical economic ideas to law in six broad areas related to enterprise in the nineteenth and early twentieth centuries He traces the development of the early business corporation and maps the rise of regulated industry from the first charterbased utilities to the railroads He argues that free market political economy provided the intellectual background for constitutional theory and helped define the limits of state and federal regulation of business behavior The book also illustrates the unique American perspective on political economy reflected in the famous doctrine of substantive due process Finally Hovenkamp demonstrates the influence of economic theory on labor law and gives us a reexamination of the antitrust movement the most explicit intersection of law and economics before the New Deal Legal economic and intellectual historians and political scientists will welcome these trenchant insights on an influential period in American constitutional and corporate history

A History of American Law Lawrence M. Friedman, 2019-09-23 A History of American Law presents a general history of the legal system of the United States beginning in the colonial period and continuing up to the present day The book covers the changing configurations of commercial law criminal law family law and the law of property Furthermore it lays great stress on race relations and looks closely at the legal profession and legal education The underlying theory of this eminently accessible book is that the law is the product of society

A History of American Law: Third Edition Lawrence M. Friedman, 2005-06-01 In this brilliant and immensely readable book Lawrence M Friedman tells the whole fascinating story of American law from its beginnings in the colonies to the present day By showing how close the life of the law is to the economic and political life of the country he makes a complex subject understandable and engrossing A History of American Law presents the achievements and failures of the American legal system in the context of America's commercial and working world family practices and attitudes toward property government crime and justice Now completely revised and

updated this groundbreaking work incorporates new material regarding slavery criminal justice and twentieth century law For laymen and students alike this remains the only comprehensive authoritative history of American law *A History of American Law, Revised Edition* Lawrence M. Friedman, 2010-06-15 A History of American Law has become a classic for students of law American history and sociology across the country In this brilliant and immensely readable book Lawrence M Friedman tells the whole fascinating story of American law from its beginnings in the colonies to the present day By showing how close the life of the law is to the economic and political life of the country he makes a complex subject understandable and engrossing A History of American Law presents the achievements and failures of the American legal system in the context of America s commercial and working world family practices and attitudes toward property slavery government crime and justice Now Professor Friedman has completely revised and enlarged his landmark work incorporating a great deal of new material The book contains newly expanded notes a bibliography and a bibliographical essay **The American Law of Railroad Reorganization** Harold Gwyn Wren, 1957* Wisconsin and the Shaping of American Law Joseph A. Ranney, 2017-07-18 Examines the full course of American history from a comparative state law perspective using Wisconsin as a case study to emphasize the vital role states have taken in creating American law
