The 'Local Turn' in Peacebuilding Joakim Ojendal,Isabell

Schierenbeck,Caroline Hughes,2018-10-11 Contemporary practices of international peacebuilding and post conflict reconstruction are often unsatisfactory There is now a growing awareness of the significance of local governments and local communities as an integrated part of peacebuilding in order to improve quality and enhance precision of interventions In spite of this the local is rarely a key factor in peacebuilding hence everyday peace is hardly achieved The aim of this volume is threefold firstly it illuminates the substantial reasons for working with a more localised approach in politically volatile contexts Secondly it consolidates a growing debate on the significance of the local in these contexts Thirdly it problematizes the often too swiftly used concept the local and critically discuss to what extent it is at all feasible to integrate this into macro oriented and securitized contexts This is a unique volume tackling the local turn of peacebuilding in a comprehensive and critical way This book was published as a special issue of Third World Quarterly
