Happiness as Enterprise Sam Binkley, 2014-03-01 Examines the contemporary discourse on happiness through the lens of governmentality theory Recent decades have seen an explosion of interest in the phenomenon of happiness as evidenced by self help books talk shows spiritual mentoring business management and relationship counseling At the center of this development is the expanding influence of positive psychology

which places the concern with happiness in a new position of professional respectability while opening it to institutional applications In settings as diverse as college education business military training family and financial planning happiness has appeared as the object of a new technology of emotional self optimization As such happiness has come to define a new mentality of self government or a governmentality as the concept is developed in the work of Michel Foucault one that Sam Binkley demonstrates is aligned closely with economic neoliberalism Happiness as Enterprise blends theoretical argumentation and empirical description in an engaging and accessible analysis that brings governmentality theory into contact with sociological theories of practice and temporality particularly in the work of Pierre Bourdieu This book invites readers not only to consider the new discourse on happiness for its relation to contemporary formations of power but to rethink many of the assumptions of governmentality theory in a manner sensitive to the mundane practices and everyday agencies of government and the unique and specific temporalities these practices imply **Responsible Citizens** B. J. Brown, Sally Baker, 2013-10-15 The individual has never been more important in society in almost every sphere of public and private life the individual is sovereign Yet the importance and apparent power assigned to the individual is not all that it seems As Responsible Citizens investigates via its UK based case studies this emphasis on the individual has gone hand in hand with a rise in subtle authoritarianism which has insinuated itself into the government of the population Whilst present throughout the public services this authoritarianism is most conspicuous in the health and social welfare sectors such that a kind of governance through responsibility is today enforced upon the population *Leadership Today* Joan Marques, Satinder Dhiman, 2016-08-24 This textbook provides a clear understanding of leadership needs in today's business world explained within the scope of hard and soft leadership skills It captures qualities and skills such as spirituality empathy moral behavior mindfulness empathy problem solving self confidence ambition knowledge global understanding and information technology This text explains and provides guidelines for the implementation of each skill and includes examples from contemporary and historical leaders inviting the reader to consider each quality and engage in self reflection This book deviates from excessive theoretical descriptions presenting a timely hands on approach to leadership Featuring contributions from academics and professionals from around the world this text will be of interest to students researchers professionals in business and leadership who aspire to lead beyond their immediate environment *Coaching for Rational Living* Michael E. Bernard, Oana A. David, 2018-06-11 This eminently useful guide presents an up to date framework for Rational Emotive Cognitive Behavioral Coaching RE CBC from basic concepts techniques and applications to evidence of how and why this versatile method works It details how RE CBC synthesizes the rational thinking cognitive disputing and semantic training traditions of RE and CB therapies into coaching strategies for solving problems or furthering personal development The book's sections on process and techniques demonstrate the flexibility of the method as used in a variety of settings toward a gamut of purposes illustrating Albert Ellis central goal of long term happiness through rational living And specialized chapters offer

applications of RE CBC to familiar coaching domains life health family motivation as well as to the complex worlds of business and organizations Included in the coverage Coaching for rational living rational emotive cognitive behavioral perspectives Psychological blockers to successful coaching outcomes Enhancing positive psychology coaching practice Assessment case formulation and intervention models A step based framework for coaching practice Plus applications of Rational Emotive Cognitive Behavioral Coaching including motivational parent family workplace stress management organizational change school success and sports performance Coaching for Rational Living is a robust practice building resource for coaches psychologists counselors and health professionals particularly mental health practitioners who use rational emotive and cognitive behavioral therapy and coaching

How to Land Ann Cooper Albright,2019 *How to Land* Finding Ground in an Unstable World foregrounds the importance of embodiment as a means of surviving the disorientation of our twenty first century world Linking somatics and politics author Ann Cooper Albright argues that a renewed attention to gravity as both a metaphoric sensibility and a physical experience can help transform moments of personal disorientation into an opportunity to reflect on the important relationship between individual resiliency and communal responsibility Long one of the nation s preeminent thinkers in dance studies Albright asks how contemporary bodies are affected by repeated images of falling bodies bombed out buildings and displaced peoples as well as recurring evocations of global economies and governments in discursive free fall or dissolution What kind of fear gets lodged in connective tissue when there is an underlying anxiety that certain aspects of our world are in danger of falling apart To answer this question she draws on analyses of perception from cognitive studies tracing the discussions of meaning body and language through the work of Sara Ahmed Jean Luc Nancy and Shaun Gallagher among others In addition she follows the past decade of debate in contemporary media concerning the implications of the weightless and two dimensional social media exchanges on structures of attention and learning as well as their effect on the personal growth and socialization of a generation of young adults Each chapter interweaves discussions of movement actions with their cultural implications documenting specific bodily experiences and then tracing their ideological ripples out through the world
