The Oprah Affect Cecilia Konchar Farr, Jaime Harker, 2008-10-16 Essays explore the broad cultural impact of Oprah's Book Club

The Athletic Crusade Gerald R. Gems, 2006-01-01 The Athletic Crusade is the first book to systematically analyze the role of sports in the expansion of U S empire from the 1890s through World War II Gerald R Gems details how white Anglo Saxon Protestant males set the standard for inclusion within American society transferred that standard to foreign territories and subtly used American sports to instill allegedly desirable racial moral and commercial virtues in colonial subjects In the realm of such expansion sports provided a less harsh less militaristic means of instilling belief in a dominant system's values and principles than more overt methods such as war The process of change however had unexpected consequences as subordinate groups adapted or even rejected American overtures Sport became a means for nonwhites to challenge whiteness Social Darwinism and cultural hegemony by establishing their own physical prowess claiming a measure of esteem and creating a greater sense of national identity Gems shows the direct influence of sports in Hawaii the Philippines Puerto Rico Cuba and the Dominican Republic and explores their comparatively minimal influence in countries such as China and Japan Amid increasing globalization The Athletic Crusade offers a welcome perspective on how the United States has attempted to spread its influence in the past and the implications for the future of indigenous and other societies

Get Involved! Kim Williams-Pulfer, 2024-06-14 Philanthropy is commonly depicted as a universal practice and is either valued for supporting community transformation or critiqued for limiting social justice However dominant

definitions and even popular connotations tend to privilege wealthy Western approaches Using the Caribbean as a rich site of observance and concentrating on the island nation state of The Bahamas *Get Involved* uncovers the hidden and under documented activities of philanthropy from below revealing a broader conception of philanthropy and civil society especially within Black and other historically marginalized populations Kim Williams Pulfer draws on narrative analysis from enslavement to the current post post colonial moment depicting the repertoires and practices of primarily Afro Bahamians through the stories emerging from history including the transnational observations of Zora Neale Hurston social movements and political and social institution building the arts from Junkanoo literature and visual practices to the lived experiences of contemporary civil society leaders *Get Involved* shows the long history and continued significance of civil society and philanthropic engagement in The Bahamas the circum Caribbean and the wider African Diaspora Junkanoo is the national cultural festival of The Bahamas It fosters a sense of community pride identity companionship spirituality and unity Watch a video about Junknoo <https://www.youtube.com/watch?v=tnMpMesNb1Q> t 14s

Rethinking Our Classrooms, Volume 2, 2001 Representing Revolution in Milton and his Contemporaries David Loewenstein, 2001-03-15 David Loewenstein's *Representing Revolution in Milton and his Contemporaries* is a wide ranging exploration of the interactions of literature polemics and religious politics in the English Revolution Loewenstein highlights the powerful spiritual beliefs and religious ideologies in the polemical struggles of Milton Marvell and their radical Puritan contemporaries during these revolutionary decades By examining a wide range of canonical and non canonical writers John Lilburne Winstanley the Digger and Milton amongst others he reveals how radical Puritans struggled with the contradictions and ambiguities of the English Revolution and its political regimes His portrait of a faction riven violent seventeenth century revolutionary culture is an original and significant contribution to our understanding of these turbulent decades and their aftermath By placing Milton's great poems in the context of the period's radical religious politics it should be of interest to historians as well as literary scholars

Melancholy Acts Nouri Gana, 2023-08-01 CHOICE OUTSTANDING ACADEMIC TITLE How do the literatures and cultures of oppressed societies survive and flourish in spite of the overdetermining conditions of precarity and injustice of which they are a product and against which they protest Might the symptom of oppression become simultaneously the agent of its critique *Melancholy Acts* offers richly nuanced reflections on these questions through a series of wide ranging engagements with Arab thought literature and film in the aftermath of the 1948 dispossession of Palestinians and the 1967 military defeat of Arab armies *Melancholy Acts* offers a psychoaffective theory of cultural production that arises out of the disjunction between political impoverishment and cultural resistance to colonial and neoliberal oppression Such a theory allows the author to trace the melancholy disposition of Arabic literary and filmic productions and to discern the precarious rhetorical modes of their critical intervention in a culture that is continually strained to its breaking point Across six chapters *Melancholy Acts* reads with rigor and sensitivity contentious topics of Arab contemporaneity such as secular modernity and

manhood Arab nationalism and leftism literary and artistic iltiz m or commitment Islamism and martyrdom The book tracks the melancholy politics that inform the literary and cultural projects of a multitude of Arab novelists Ghassan Kanafani and Naguib Mahfouz poets and playwrights Mahmoud Darwish Nizar Qabbani and Saadallah Wannous filmmakers Nouri Bouzid Moufida Tlatli Youssef Chahine and Hany Abu Assad alongside the work of such intellectuals as Hussein Muruwwa Malek Bennabi Karima Lazali George Tarabishi and Fethi Benslama from within the Arab world as well as such non Arab thinkers as Freud Lacan Adorno Fanon Spivak Butler and i ek Melancholy Acts charts a fresh and bold new approach to Arabic and comparative literature that combines in interlaced simultaneity a high sensitivity to local idioms as they swerve between symptom and critique with nuanced knowledge of the geopolitics of theory and psychoanalysis

Suicide and Agency Ludek Broz,Daniel Münster,2016-04-01 Suicide and Agency offers an original and timely challenge to existing ways of understanding suicide Through the use of rich and detailed case studies the authors assembled in this volume explore how interplay of self harm suicide personhood and agency varies markedly across site Greenland Siberia India Palestine and Mexico and setting self run leprosy colony suicide bomb attack cash crop farming middle class mothering Rather than starting from a set definition of suicide they empirically engage suicide fields the wider domains of practices and of sense making out of which realized imaginary or disputed suicides emerge By drawing on ethnographic methods and approaches a new comparative angle to understanding suicide

beyond mainstream Western bio medical and classical sociological conceptions of the act as an individual or social pathology is opened up The book explores a number of ontological assumptions about the role of free will power good and evil personhood and intentionality in both popular and expert explanations of suicide Suicide and Agency offers a substantial and ground breaking contribution to the emerging field of the anthropology of suicide It will appeal to a range of scholars and students including those in anthropology sociology social psychology cultural studies suicidology and social studies of death and dying *Palestinian Literature and Film in Postcolonial Feminist Perspective* Anna Ball,2012-11-27 *Palestinian Literature and Film in Postcolonial Feminist Perspective* is the first sustained study of gender consciousness in the Palestinian creative imagination Drawing on concepts from postcolonial feminist theory Ball analyses a range of literary and filmic works by major creative practitioners including Michel Khleifi Liana Badr Annemarie Jacir Elia Suleiman Mona Hatoum and Suheir Hammad and reveals a hitherto unrecognized trajectory in gender consciousness under development in the Palestinian imagination from the start of the twentieth century The book explores how these works resonate with questions of power identity nation resistance and self representation in the Palestinian imagination more broadly and asks how these gender conscious narratives transform our understanding of Palestine s struggle for postcoloniality Working at the cusp of postcolonial feminist and cultural enquiry Ball seeks to open up vital new directions in the interdisciplinary study of Palestine

Hizbu'llah Amal Saad-Ghorayeb,2001-01-12 Hizbu llah is the largest and most prominent political party in Lebanon and one of the most renowned Islamist movements in the world In this book Amal Saad Ghorayeb examines the organisation s understanding of jihad and how this together with its belief in martyrdom brought about the withdrawal of Israeli occupation forces from Lebanon in May 2000 Saad Ghorayeb explores the nature of the party s struggle against the West by studying its views on the use of violence against Westerners Crucially she also addresses the question of whether Hizbu llah depicts this struggle in purely political or civilisational terms The existential nature of the movement s conflict with Israel is analysed and the Islamic roots of its anti Judaism is unearthed The author explores the mechanics and rationale behind the party s integration into the Lebanese political system and sheds light on how it has reconciled its national identity with its solidarity with the Muslim umma *National Epics* Kate Milne Rabb,1896 **Milton's Poetical Thought** Maggie

Kilgour,2021-08-12 A defence of the importance of poetry that studies one of the greatest poets of the English tradition John Milton The Literary Agenda is a series of short polemical monographs about the importance of literature and of reading in the wider world and about the state of literary education inside schools and universities The category of the literary has always been contentious What is clear however is how increasingly it is dismissed or is unrecognised as a way of thinking or an arena for thought It is sceptically challenged from within for example by the sometimes rival claims of cultural history contextualized explanation or media studies It is shaken from without by even greater pressures by economic exigency and the severe social attitudes that can follow from it by technological change that may leave the traditional forms of serious

human communication looking merely antiquated For just these reasons this is the right time for renewal to start reinvigorated work into the meaning and value of literary reading Why would anyone read John Milton today To many poetry in general is an irrelevant and even irresponsible luxury that we cannot afford in a time of environmental and social crisis The work of a seventeenth century Puritan might seem especially obscure and out of touch with our needs But this book argues that Milton offers us one of the most powerful arguments for the importance of poetry today both representing in his poetry and demonstrating through his own life the transformative and sustaining force of the human imagination even in times of greatest upheaval Writing out of his own experience of loss and disappointment he insists that poetry is a form of knowledge a way of seeing and understanding the world around us others and indeed ourselves He uses the resources of poetry its language imagery and forms to challenge and shake us up making us think in unfamiliar ways and expanding our imagination and our sense of the possibilities in our lives Milton insists that poetry gives us knowledge of truths we otherwise would never apprehend it enriches the experience of both writers and readers and makes us creative and fully realized human beings *Journal of Pomology and Horticultural Science* ,1927 **Environmental Blockades** Iain

McIntyre,2021-06-10 Since the 1970s environmental blockades disrupting the exploitation and destruction of forests rivers and other biodiverse places have been one of the most attention grabbing and contentious forms of political action This book explores when where and why environmental blockading and its associated tactics first arose The author explores a broad range of questions including how did tactics and practices first developed and popularised during environmental blockades come to feature regularly in animal rights peace refugee and other campaigns What are blockaders hoping to achieve How have such blockades and tactics shaped government policy the culture of modern politics and popular understandings of ecology colonialism and activism This book offers the first comprehensive history and analysis of environmental blockading in three key countries Australia the United States and Canada As the first places to experience sustained protest cycles which fully established promoted and developed the environmental blockading repertoire as an ongoing strategic option for movements nationally and internationally these campaigns were central in creating a new approach to conservation issues They also played a leading role in making obstructive direct action a regular part of political campaigning as seen in the form of the Extinction Rebellion XR alter globalisation climate justice and other movements This book draws on rigorous archival research including sources ranging from personal diaries campaign minutes and video footage through to police reports and newspaper articles as well as interviews with more than 30 protest leaders and campaigners It will be of great interest to students and scholars in the fields of sociology political science history green criminology and interdisciplinary environmental studies V.
