ways of working with organizations

The Peak Performing Organization Ronald J. Burke, Cary L. Cooper, 2008-11-26

Building a peak performing organization is not easy or else everybody would be achieving this goal Organizations today are facing heightened challenges in remaining competitive in a more demanding global business environment New technology customer expectation outsourcing low cost competitors and needs for both higher performance and more inno

Encyclopedia of Industrial and Organizational Psychology Steven G. Rogelberg, 2007 Publisher description The Oxford Handbook of Leadership and Organizations David Day, 2014-05-20 As the leadership field continues to evolve there are many reasons to be optimistic about the various theoretical and empirical contributions in better understanding leadership from a scholarly and scientific perspective The Oxford Handbook of Leadership and Organizations brings together a collection of comprehensive state of the science reviews and perspectives on the most pressing historical and contemporary leadership issues with a particular focus on theory and research and looks to the future of the field It provides a broad picture of the leadership field as well as detailed reviews and perspectives within the respective areas Each chapter authored by leading international authorities in the various leadership sub disciplines explores the history and background of leadership in organizations examines important research issues in leadership from both quantitative and qualitative perspectives and forges new directions in leadership research practice and education

UK's Stock Market Reactions to Layoff Announcements Jonathan Vu, 2012-08 This research aims to examine the relationship between stock market reactions and layoff announcements The scene is set under UK market in 2007 2009 The term layoff announcements in this paper refer to companies announcements of reduction in the workforce both temporarily and permanently The research is carried out by adopting deductive approach which leads to the formations of eight testable hypotheses about general market reactions to layoff announcements and different market reactions to layoff announcements with different characteristics The research method used is event study for comparing the actual shareholder return to a firm given the event of layoff announcement to the share holder return that would have occurred with the assumption that the event did not happen The hypotheses are tested using a sample of 79 layoff announcements by 51 UK listed companies during the period of January 2007 August 2009 Results from this research show sufficient evidence that Market reacts negatively to layoff announcements in general Medium layoffs 5 10% receive the strongest market reactions Market react negative and more strongly towards reactive layoffs compare with positive and weaker market reactions to proactive layoffs Market reacts more favourably to layoff announcements from services to manufacturing and from financial to non financial sectors

Socio-Economic Intervention in Organizations Anthony F. Buono, Henri Savall, 2007-04-01 The volume begins with a chapter by Henri Savall founder and director of the ISEOR Institute and creator of the SEAM methodology that presents an overview of the development of the socio economic approach to management and its guiding frameworks and methodology The chapter s detailed explanation of the underlying thinking tools and techniques of socio economic management serves as the primer for

the remainder of the volume The book is then divided into three sections The first part presents illustrations of SEAM interventions in different types of organizations including industrial and service companies and not for profit organizations including cultural institutions and sports clubs The next section looks at cross cultural applications and assessments of SEAM experiments in Africa Asia Mexico and the United States with a concluding chapter on intervening in multinational corporations in general The volume concludes with a section that examines different issues and challenges in SEAM intervention ranging from the impact on and role of middle managers in the SEAM process intervening in small organizations SEAM s facilitative role in operationalizing and institutionalizing information technology conceptualizing and implementing organizational change facilitating merger and acquisition integration and the application of socio economic management in sales and marketing The book also contains a combined glossary and chapter index that provides a definition of key terms and concepts in the SEAM methodology and where they appear in the volume These key terms are highlighted in bold italics throughout the volume illustrating their application in different contexts HR Analytics in an Era of Rapid Automation
