we have been nurtured in struggles for health and life through our contemplative prayer practices and our courage to survive and even thrive in the midst of dire circumstances We speak of the unfolding bridge between faith and culture our conflicts with an Interspiritual journey with a Christian foundation our sexuality our journey to healing and authenticity and how we are taking this practice that began in the first centuries of the church with the desert mothers and fathers to the present and into the future with spiritual direction through the Internet across the world from the Introduction *LeaderShifts* Joseph W. Walker III, 2014-02-18 Our world isn't slowing down so only those who are willing to maneuver the tectonic cultural shifts will have sustainable ministry From his extensive experience and using the biblical story of Joseph as an extended metaphor Bishop Joseph Walker shares practical wisdom designed to help leaders reach out and equip their church to share a relevant Christian message Joseph W Walker III is bishop of Mount Zion Baptist Church of Nashville Tennessee Under his leadership and over a span of twenty years the church has grown from 175 to more than 28 000 members During this time Bishop Walker has seen people struggle to embrace the new things God is doing and he fully appreciates how change heightens the demands of leadership Shifting approaches to follow where God leads can also mean that leaders have to risk confronting cherished tradition which Bishop Paul Morton calls frozen success But shifting to meet new opportunities is also a delicate balance that acknowledges history while also being sensitive to those loyal people who have sustained the organization to this point Effective leadership does not impose new ideas upon old systems without a strategy that enables everyone in the organization moving forward together It's not simply out with the old and in with the new Successful organizations do not forget their history but they commit themselves to using it as a bridge to propel them to their destiny **Fulfilled** Kirk Byron Jones, 2013-09-17 Leadership can be mentally emotionally and spiritually exhausting The pace is relentless The expectations are weighty The challenges are daunting But it is possible to live and lead a new way with that deep sense of contentment that all leaders yearn for It is possible to be fulfilled even today *Fulfilled* articulates a new approach for the exhausted leader This Christian theology of leadership is based on three inner capacities which every leader already possesses but which most of us simply ignore or disregard the capacity for stillness awareness and playfulness The author examines these capacities and shows the reader how draw upon them in daily life Vibrant leadership taps into this wellspring of inner capacities continually available to every leader It is not the exclusive possession of the gifted faithful few but is a grace provided for all The fulfilled leader lives in wisdom peace and joy and is successful in all the most important ways
