Heart of the Path Anatoly Arlashin, Tatiana Orbu, 2025-08-21. This book includes 27 meditation scripts. It is a unique exploration of the Fourth Way using altered states of consciousness to deepen understanding. Gurdjieff employed this approach in his early Russian groups, guiding students into trance-like states and teaching Fourth Way concepts through vivid imagery. This method allows ideas to connect directly with the emotional center, bypassing the filters of the false personality. The guided meditations in this book teach readers how to unblock their emotional center, awaken their essence, and practice self-remembering. They also help practitioners directly experience the central notions of the Fourth Way, such as the distinction between personality and essence, knowledge and being, etc. Beyond spiritual practices, the book includes practical psycho-techniques for everyday challenges, such as self-diagnosis and healing, improving sleep, lucid dreaming, preparing for exams, and even finding true love. Modern life often hinders the development of consciousness as negative emotions cloud the mind. Some emotions cause direct suffering, while others, such as subtle fears or a lack of confidence, operate unconsciously. Both prevent personal growth. The practices in this book help seekers release these burdens, paving the way for a transformative spiritual journey. Eventually, one can harness the full potential of the more advanced practices outlined in this book to reach higher levels of consciousness.
