Armengol, 2010 **Richard Ford and the Fiction of Masculinities** demonstrates how contemporary U S novelist Richard Ford winner of the Pulitzer Prize for literature rewrites gender and in particular masculinity from highly subversive and innovative perspectives Josep M Armengol analyzes the construction as well as the de construction of masculinity in all of Ford's major fictional texts to date ranging from *A Piece of My Heart* to

The Sportswriter to The Lay of the Land Given its simultaneous critique of traditional masculinity and its depiction of alternative models of being a man Ford's fiction is shown to be particularly interesting from a men's studies perspective which aims not only to undermine patriarchal masculinity but also to look for new non hierarchical and more egalitarian models of being a man in contemporary U S culture and literature By framing Ford's contemporary representations of masculinity within a more general context of American literature this book reveals how his texts continue along a trajectory of earlier American fiction while they also re examine masculinity in new more complex ways Richard Ford and the Fiction of Masculinities contributes to the much needed revision of men and masculinities in U S literature and especially Richard Ford's fiction where constructions of gender and masculinity remain paradoxically enough largely unexplored **New**

**The Atkins Diet and Philosophy** Lisa Maree Heldke, Kerri Mommer, Cynthia Pineo, 2005 The Atkins diet has transformed the lives of millions of people revolutionizing grocery store shelves restaurant menus and dinner table conversations But there are questions beyond its efficacy and longevity Is the Atkins diet a new wrinkle in capitalist exploitation or a twisted expression of negative body images Is it a symbol of super masculinity Has the Atkins diet really been around for centuries under other names Can it increase intelligence or cause global warming and melt the polar ice caps How does Atkins fit into Kant s conception of the moral life or Rousseau s vision of a kinder gentler human society The Atkins Diet and Philosophy wittily explores these and other pressing questions in sixteen entertaining essays Following the same fun readable approach as earlier volumes in this series this book uses philosophy to put the Atkins diet under the microscope and uses the Atkins diet to teach vital philosophical lessons for life      *Philosophy of Woman* Mary Briody Mahowald, 1994-01-01 Revision of the second edition of 1983 cited in BCL3 Now arranged in chronological order with a new

introduction and headnotes Annotation copyright by Book News Inc Portland OR      Sociology for Social Work Lena Dominelli,1997-11-11 This major text addresses the relevance of sociological concepts to social work practice arguing that lack of understanding of the ways in which social work fits into society's structures and is informed by its relationship with these can lead to impoverished social work practice Written from an anti racist feminist perspective it both argues for social workers to engage in empowering forms of practice and provides students practitioners and educators with a new paradigm to draw on      *Responding to Men in Crisis* ,      Gender Roles Linda L. Lindsey,2015-10-14 Offers a sociological perspective of gender that can be applied to our lives Focusing on the most recent research and theory both in the U S and globally Gender Roles 6e provides an in depth survey and analysis of modern gender roles and issues from a sociological perspective The text integrates insights and research from other disciplines such as biology psychology anthropology and history to help build more robust theories of gender roles      *Historical Dictionary of Ethics* Harry J. **The Miseducation of Women** James Tooley,2003-07-21 Girls and boys are different So why do our schools insist on treating them as identical Could this misguided equality have anything to do with the increasing dissatisfaction among women that is revealed in survey after survey Do gender blind educational policies in fact work to women's disadvantage Bringing together many women's voices from Bridget Jones to Simone de Beauvoir Betty Friedan to Germaine Greer James Tooley challenges education's sacred cows demanding a radical rethinking of sexual politics and a fairer way forward for women The Miseducation of Women landed like a bombshell when it was published in England a few months ago but Mr Tooley's book replete with examples and anecdotes from the United States as well as Great Britain has equal application to the gender arguments on this side of the Atlantic      The A to Z of Ethics Harry J. Gensler,Earl Spurgin,2010-02-12 The A to Z of Ethics covers a very broad range of ethical topics including ethical theories historical periods historical figures applied ethics ethical issues ethical concepts non Western approaches and related disciplines Harry J Gensler and Earl W Spurgin tackle such issues as abortion capital punishment stem cell research and terrorism while also explaining key theories like utilitarianism natural law social contract and virtue ethics This reference provides a complete overview of ethics through a detailed chronology an introductory essay a bibliography and over 200 cross referenced dictionary entries including bioethics business ethics Aristotle Hobbes autonomy confidentiality Confucius and psychology      **Masculine Interests** Robert

Lang, 2002 In the 1930s a band of smart and able young men some still in their twenties helped Franklin D Roosevelt transform an American nation in crisis They were the junior officers of the New Deal Thomas G Corcoran Benjamin V Cohen William O Douglas Abe Fortas and James Rowe helped FDR build the modern Democratic Party into a progressive coalition whose command over power and ideas during the next three decades seemed politically invincible This is the first book about this group of Rooseveltians and their linkage to Lyndon Johnson s Great Society and the Vietnam War debacle Michael Janeway grew up inside this world His father Eliot Janeway business editor of Time and a star writer for Fortune and Life magazines was part of this circle strategizing and practicing politics as well as reporting on these men Drawing on his intimate knowledge of events and previously unavailable private letters and other documents Janeway crafts a riveting account of the exercise of power during the New Deal and its aftermath He shows how these men were at the nexus of reform impulses at the electoral level with reform thinking in the social sciences and the law and explains how this potent fusion helped build the contemporary American state Since that time efforts to reinvent government by brains trust have largely failed in the U S In the last quarter of the twentieth century American politics ceased to function as a blend of broad coalition building and reform agenda setting rooted in a consensus of belief in the efficacy of modern government Can a progressive coalition of ideas and power come together again The Fall of the House of Roosevelt makes such a prospect both alluring and daunting
