Rethinking Industrial Relations Mobilisation Collectivism And Long Waves:

Rethinking Industrial Relations John E. Kelly, 1998 Discusses theories of labour relations and labour mobilization Looks at the influence of long term economic changes on labour relations during the 19th century Speculates on the future of the labour movement

Rethinking Industrial Relations John Kelly, 2002-01-31 This original book is a wide ranging radical and highly innovative critique of the prevailing orthodoxies within industrial relations and human resource management It covers central problems in industrial relations the mobilization theory of collective action the growth of non union workplaces and the prospects and desirability of a new labour management social partnership an historical account of worker collectivism organization and militancy and state or employer counter mobilization a critique of postmodernism and accounts of the end of the labour movement Containing a detailed examination of the evolution of industrial relations it argues that the area is often under theorized and influenced by the policy agenda of the state or employers and will prove informative reading for students of industrial relations

Handbook of Research on the Global Political Economy of Work Maurizio Atzeni, Dario Azzellini, Alessandra Mezzadri, Phoebe Moore, Ursula Apitzsch, 2023-10-06 This ground breaking Handbook broadens empirical and theoretical understandings of work work relations and workers It advances a global intersectional labour studies agenda laying the foundations for the politically emancipatory project of decolonising the political economy of work

Diversity Management in the UK Anne-marie Greene, Gill Kirton, 2010-02-25 A comprehensive and critical review of the global scholarly literature on diversity this book presents findings from original UK based research involving in depth organizational case studies interviews observation and documentary data from over fifty organizations Analyzing the findings from the perspective of key stakeholder groups diversity practitioners line managers trade union equality officers workplace trade union representatives and employees it addresses a range of questions including How is the diversity concept developing in the UK Has the UK deconstructed and reconstructed the diversity concept to fit with the legal social and economic context of UK organizations How are organizations in the public and private sectors responding in practical terms to the diversity concept What is the legacy of the traditional equal opportunity concept What are the experiences of different organizational stakeholders of diversity management Whose interests does diversity management serve Looking at many of the weaknesses associated with more traditional equal opportunity policy approaches this book is excellent reading for all students of international business entrepreneurship and small businesses

Employee Relations in the Public Services Susan Corby, Geoff White, 2002-01-22 Public sector students form a large proportion of business students The subject is also taught in public administration and social policy courses This book is thematic rather than sector specific This reflects the way it is taught in a range of courses including employee relations HRM public administration and will complement alternative texts in this area which are more descriptive and focused on individual services Public sector management is a growing area

Financial Services Partnerships Peter Samuel, 2013-11-12 The purpose of this book is to

evaluate the debate on partnership using original research data Samuel provides a novel categorisation with which to synthesise and clarify a highly diverse literature on labour management partnership thus helping to refine the contemporary partnership debate Secondly he clarifies the circumstances under which effective labour management partnership is possible while simultaneously elaborating why the achievement of mutual gains is highly improbable in a liberal market context Thirdly the book presents an integrated analysis of the interplay between macro meso industry and micro level factors Fourthly the research design enables the study to go beyond the case studies to make defensible empirical generalizations at the level of the industry Finally it advances a theoretical explanation of labour management partnerships in liberal market economies by bridging two opposing neo institutional positions in the social sciences

Gender, Diversity and Trade

Unions Fiona Colgan,Sue Ledwith,2003-09-02 The pressures of globalization and diversity are increasingly requiring organizations to rethink their priorities and methods In this collection leading researchers examine the debates and developments on gender diversity and democracy in trade unions in eleven countries Offering an authoritative basis for comparative analysis this book is essential reading for researchers teachers trade unionists and students of industrial relations and equal opportunities along with all those concerned with ensuring that modern organizations reflect and represent the needs and concerns of a diverse workforce

Donaghey,2023-03-16 This book shows how the Rana Plaza disaster led to voluntary labour governance initiatives based on a model of transnational industrial democracy

Clusters and Globalisation Christos Pitelis,Roger Sugden,James R.

Wilson,2006-01-01 Clustering as an economic policy concern has become increasingly fashionable The authors of this book shed light on this subject of which there remains remarkably little understanding and even less agreement regarding what clusters are what they require for success and what impacts they are likely to have in different contexts locally nationally and globally Clusters and Globalisation brings together scholars with different perspectives and theoretical groundings and from different disciplines to consider conceptual arguments and case study material In doing so the volume identifies key characteristics and requirements of the forms of cluster that are especially significant for the attainment of economic success in a globalising world This unique critical analysis of clusters in the framework of globalisation will strongly appeal to students and academics with an interest in economic development public policy and globalisation The book will also be of great interest to researchers in policy agencies concerned with local economic development and the design of cluster policies

Employee Representation in Non-Union Firms Paul Gollan,2006-12-28 Provides a wide ranging and though provoking analysis of non union forms of employee representation While it will unquestionably be of interest to scholars and students specializing in the burgeoning field of non union employee relations there is much useful material that could inform union responses to membership decline British Journal of Industrial Relations Paul Gollan s book is an important contribution to our understanding of the significance of non union employee representation in Britain and its implications for the future of

employment relations It is highly recommended Russell Lansbury Professor of Work Organisational Studies University of Sydney Can employees have effective voice without independent collective organisation In the UK unlike most of continental Europe government and employers typically answer yes Gollan s detailed study provides sound reasons for scepticism Richard Hyman Department of Industrial Relations LSE We know very little about the non union sector in Britain despite the fact that it now embraces the clear majority of the workforce The publication of Paul Gollan s *Employee Representation in Non Union Firms* therefore represents a very important addition to the field Based on extensive and detailed in depth study of some leading non union employers it throws new light on the ways in which employee interests are represented in such firms Prof John Kelly Birkbeck College Are non union systems of representation NER an acceptable alternative to union based systems or do they in fact complement more traditional forms of union representation Bruce Kaufman Georgia State University Robinson College of Business This book is the first of its kind to answer this challenging question It offers a comprehensive overview of NER in the UK and locates UK practice within an international context Readers are invited to consider the potential implications and limitations of NER arrangements and to examine how unions respond to these NER arrangements through bargaining consultation and representation processes Throughout issues are addressed on both a macro and micro level The book reviews the literature and examines current practice using survey data and original case analysis Engaging readers who are studying industrial relations human resource management employee involvement and consultation unions and management strategy it will also be appeal to practioners working in these areas Case Study Material available Go to the Sample Materials and Chapters link on the left navigation bar to access this excellent additional resource

[Civil Society and Legitimate European Governance](#) Stijn Smismans,2006-01-01 Smismans gathers a fine selection of papers The book gains particular authority from its interdisciplinary approach Ulrike Ehling European Law Journal This book explores the concept of civil society which over recent years has been revived and introduced into the institutional debate within the EU Significantly EU institutions themselves have made reference to civil society and on an academic plane it has been argued that the debate on the legitimacy of European governance should value the role of civil society organisations Bringing together lawyers and political scientists the book studies the role of civil society organisations in the multi level context of European governance *Civil Society and Legitimate European Governance* bridges the distance between normative suggestions legal instruments and empirical analysis Providing original contributions to the research on European governance this book will appeal to all scholars and students with an interest in European integration and European institutions
