Introduction to Healthcare for Russian-speaking Interpreters and Translators Ineke H.M. Crezee, Johanna Hautekiet, Lidia Rura, 2021-11-15 Health interpreters and translators often face unpredictable assignments in the multifaceted healthcare setting. This book is based on the very popular international publication Crezee 2013 and has been supplemented with commonly asked questions and glossaries in Russian. Just like the 2013 textbook, this practical resource will allow interpreters and translators to quickly read up on healthcare settings, familiarizing themselves with anatomy, physiology, medical terminology and frequently encountered medical conditions, diagnostic tests and treatment options. This is an exceptionally useful and easily accessible handbook in particular for interpreters, translators, educators and other practitioners working between Russian and English. Russian speakers represent a rich and diverse range of historical, religious and cultural traditions. This book covers some of those while also describing the Russian health system and touching on cultural beliefs and natural medicine approaches. This unique book is an indispensable *vade mecum* for anyone wanting to navigate language access involving speakers of Russian in the health setting. Writers on Translation Brian James Baer, Natalia Olshanskaya, 2014-07-16 Since the early eighteenth century following Peter the Great's policy of forced westernization translation in Russia has been a very visible and much discussed practice Generally perceived as an important service to the state and the nation translation was also viewed as a high art leading many Russian poets and writers to engage in literary translation in a serious and sustained manner As a result translations were generally regarded as an integral part of an author's oeuvre and of Russian literature as a whole This volume brings together Russian writings on translation from the mid 18th century until today and presents them in chronological order providing valuable insights into the theory and practice of translation in Russia Authored by some of Russia's leading writers such as Aleksandr Pushkin Fedor Dostoevskii Lev Tolstoi Maksim Gorkii and Anna Akhmatova many of these texts are translated into English for the first time They are accompanied by extensive annotation and biographical sketches of the authors and reveal Russian translation discourse to be a sophisticated and often politicized exploration of Russian national identity as well as the nature of the modern subject Russian Writers on Translation fills a persistent gap in the literature on alternative translation traditions highlighting the vibrant and intense culture of translation on Europe's periphery Viewed in a broad cultural context the selected texts reflect a nuanced understanding of the Russian response to world literature and highlight the attempts of Russian writers to promote Russia as an all inclusive cultural model *The Russian Interpreter*
