Sacred Dimensions Of Womens Experience:

Sacred Dimensions of Women's Experience Elizabeth Dodson Gray,1988 **Gathering at the Table** Elizabeth Hoffman Reed,1999 This wonderful book is a simple praise of dining Brief essays and reflections about food and dining are interspersed with quotations from a variety of sources Ritual Making Women Jan Berry,2017-07-05 Ritual Making Women looks at the way in which women s making of ritual has emerged from the rapidly developing field of women s spirituality and theology The author uses ethnographic material to explore how the construction of ritual uses story making and embodied action to empower women Ritual far from being a timeless and universal practice is shown to be a contextual and gendered performance in which women subvert conventional distinctions of private and public The book combines narrative and case study material and draws on feminist theology and theory social anthropology and gender studies WomanProphet Elizabeth Love,2019-04-30 Most women are raised in a context of feminine values whether they are aware of those values or not Some of the values specific to this feminine culture are interdependence caring and relationality In our time many women cross over into a masculine value culture when they take on what were traditional male roles in male evolved institutions Eventually women become aware that their own values conflict with some assumed male values They then have to compromise and adjust in order to be productive in those environments The women I have focused on in this study have because of a significant external event or events and an emerging inner vision left both structures They then however lack others around them whose values structures can reinforce adherence When these women are by themselves they experience something like a dark night of the soul Once they get beyond the pain and a sense of meaninglessness they begin to realize that they can move the constructs of reality that they can write history as well as read it An essential concern is to determine what their values are After this process their own personal vision becomes clear But the cycle isn t complete until they bring that new vision back to their people And bringing it back in a holistic sense helps to raise the moral sights of others who are influenced by that experience **Nineteenth-Century American Women Write Religion** Mary McCartin Wearn,2016-05-06 Nineteenth century American women s culture was immersed in religious experience and female authors of the era employed representations of faith to various cultural ends Focusing primarily on non canonical texts this collection explores the diversity of religious discourse in nineteenth century women s literature The contributors examine fiction political writings poetry and memoirs by professional authors social activists and women of faith including Elizabeth Stuart Phelps Angelina and Sarah Grimk Louisa May Alcott Rebecca Harding Davis Harriet E Wilson Sarah Piatt Julia Ward Howe Julia A J Foote Lucy Mack Smith Rebecca Cox Jackson and Fanny Newell Embracing the complexities of lived religion in women s culture both its repressive and its revolutionary potential Nineteenth Century American Women Write Religion articulates how American women writers adopted the language of religious sentiment for their own cultural political or spiritual ends Dear Sisters: A Womanist Practice of Hospitality N.
