Bali and the Tourist Industry David Shavit, 2019-07-18 The island of Bali's sensational image was created by the tourists artists and scholars who visited the tiny nation between the two world wars A Dutch colony from 1908 Bali was a source of revenue for the Dutch government which began to develop its image as the ultimate vacation spot The tourism industry spread the idea of Bali as a paradise in which noble happy spiritual Balinese all prodigiously creative artists lived in innocence Sensual images of beautiful people on an enchanted isle unspoiled by modernity predominated Bali also acquired a reputation as a homosexual paradise A host of books and articles fed these images of Bali until it evolved into one of the most romantic stops on the tourist itinerary The Balinese people however made little profit from the tourist traffic This history of the development of tourism in Bali stretches from the Dutch occupation in 1906 to the Japanese occupation in 1942 After exhaustive research in published records and in unpublished letters diaries and oral histories left by many of the American and European visitors to the island as well as the Balinese residents the author explores the reasons for Bali's popularity among Westerners and their effects on the native culture Unveiling Indonesia Library of Congress, 1996 **Widayat, the Magical Mysticism of a Modern Indonesian Artist** Helena Spanjaard, 1998 **Arie Smit Suteja Neka**, 1995

Balinese Art Adrian Vickers, 2012-11-10 Balinese Art is the first comprehensive survey of Balinese painting from its origins in the traditional Balinese village to its present position at the forefront of the high priced Asian art scene Balinese art has been popular and widely collected around the world for many decades In fact the contemporary painter who commands the highest prices in Southeast Asia's hot art market is Bali born Nyoman Masriadi 1973 This book demonstrates that his work draws on a long and deeply rooted tradition of the Bali art scene Balinese painting has deep local roots and has followed its own distinctive trajectory yet has been heavily influenced by outsiders Indian artistic and religious traditions were introduced to Bali over a thousand years ago through the prism of ancient Javanese culture Beyond the world of Indonesian art Balinese artists and craftsmen have also interacted with other Asian artists particularly those of China and later Western artists From these sources an aesthetic tradition developed that depicts stories from the ancient Indian epics as well as themes from Javanese mythology and the religious and communal life of the Balinese themselves Starting with a discussion of the island's aesthetic traditions and how Balinese art should be viewed and understood this book goes on to present pre colonial painting traditions some of which are still practiced in the village of Kamasan the home of classical Balinese art However the main focus is the development of new styles starting in the 1930s and how these gradually evolved in response to the tourist industry that has come to dominate the island Balinese Art acquaints readers with the masterpieces and master artists of Bali and the final chapter presents the most important artists who are active today and serves as an introduction to their work Haks & Maris Lexicon of Foreign Artists who Visualized Indonesia Leo Haks, Guus Maris, 1995

The Crafts of Malaysia documents the development of Malaysian crafts from the past to the present principally the traditions of pottery fibre craft wood carving textile weaving and metalwork This lavishly produced volume combines beautiful studio photography of objects and location photography of craftspeople at work with images drawn from archives and is a visual feast of crafts It celebrates the masterpieces in the collections of Muzium Negara and the state museums the living crafts of Malaysia today as well as the new crafts promoted and developed by Kraftangan the Malaysian national craft organization
