Selected Readings from Søren Kierkegaard Søren Kierkegaard, 1991 *Selected Readings from Søren Kierkegaard*
Søren Kierkegaard, Robert Van De Weyer, 1991-10-01 Søren Kierkegaard Søren Kierkegaard, 2018-09-25 This book contains a selection of writings from *Fear and Trembling* *Either/Or* and *The Present Moment* **Kierkegaard Bibliography**
Peter Šajda, Jon Bartley Stewart, 2016 **Volume 19, Tome I: Kierkegaard Bibliography** Peter Šajda, Jon Stewart, 2017-03-31 The long tradition of Kierkegaard studies has made it impossible for individual scholars to have a complete overview of the vast field of Kierkegaard research. The large and ever increasing number of publications on Kierkegaard in the languages of the world can be simply bewildering even for experienced scholars. The present work constitutes a systematic bibliography which aims to help students and researchers navigate the seemingly endless mass of publications. The volume is divided into two large sections. Part I which covers Tomes I-V is dedicated to individual bibliographies organized according to specific language. This includes extensive bibliographies of works on Kierkegaard in some 41 different languages. Part II which covers Tomes VI-VII is dedicated to shorter individual bibliographies organized according to specific figures who are in some way relevant for Kierkegaard. The goal has been to create the most exhaustive bibliography of Kierkegaard literature possible and thus the bibliography is not limited to any specific time period but instead spans the entire history of Kierkegaard studies **Volume 19, Tome II: Kierkegaard Bibliography** Peter Šajda, Jon Stewart, 2017-03-16 The long tradition of Kierkegaard studies has made it impossible for individual scholars to have a complete overview of the vast field of Kierkegaard research. Taking the Word to Heart Robert Campbell Roberts,1993 Christians today are besieged by ideas about personhood what it means to be a whole person a happy person a fulfilled person a healthy person In fact Robert C Roberts says psychology has invaded the Christian church and while modern psychologies offer insights and practices that can be helpfully adapted for Christian use they sometimes contradict and can even displace true Christianity The Philosophy of Religion Beverley Clack,Brian R. Clack,2019-05-06 For over twenty years Beverley Clack and Brian R Clack s distinctive and thought provoking introduction to the philosophy of religion has been of enormous value to students and scholars providing an approach to the subject that is bold and refreshingly alternative This revised and updated edition retains the accessibility which makes the book popular while furthering its distinctive argument regarding the human dimension of religion The central emphasis of the philosophy of religion the concept of God and the arguments for and against God s existence is reflected in thorough analyses while alternative approaches to traditional philosophical theism are explored The treatments of both the miraculous and immortality have been revised and expanded and the concluding chapter updates the investigation of how philosophy of religion might be conducted in an age defined by religious terrorism Clear systematic and highly critical the third edition of The Philosophy of Religion will continue to be essential reading for students and scholars of this fascinating and important subject **Søren Kierkegaard** Jon Stewart,2015-10-08 S ren Kierkegaard Subjectivity Irony and the Crisis of Modernity examines the thought of S ren Kierkegaard a unique figure who has freedired provoked fascinated and irritated people ever since he walked the streets of Copenhagen At the end of his life Kierkegaard said that the only

model he had for his work was the Greek philosopher Socrates This work takes this statement as its point of departure Jon Stewart explores what Kierkegaard meant by this and to show how different aspects of his writing and argumentative strategy can be traced back to Socrates The main focus is The Concept of Irony which is a key text at the beginning of Kierkegaard's literary career Although it was an early work it nevertheless played a determining role in his later development and writings Indeed it can be said that it laid the groundwork for much of what would appear in his later famous books such as Either Or and Fear and Trembling

Kierkegaard and Possibility Erin Plunkett, 2023-07-27 How does our conception of possibility contribute to our understanding of self and world In what sense does the possible differ from the merely probable and what would it mean to treat possibility as part of the real This book is an opportunity to see Kierkegaard as contributing to a distinctive phenomenology ontology and psychology of possibility that addresses the question of our existential relationship to the possible The term possibility Mulighed and its variants occur with curious frequency across Kierkegaard's writings Key to Kierkegaard's understanding of the self possibility is linked to a number of core concepts in his works from imagination anxiety despair and the moment to the idea in The Sickness Unto Death that God is that all things are possible Responding to what he sees as a Hegelian and Aristotelian misunderstanding of possibility Kierkegaard offers a novel reading of the possible that in turn directly influences 20th century philosophers such as Heidegger Deleuze and Derrida Kierkegaard gives a rich account of how anxiety and despair as lived experiences of possibility not only show us the contingency and fragility of the systems and identities we presently inhabit but also reveal a more fundamental contingency that demands a new way of relating to the possible For Kierkegaard hope faith and love are attitudes in which meaning is forged by embracing contingency In a time of political social and environmental uncertainty Kierkegaard's work on radical possibility seems more relevant than ever
