Hill, 2007-01-01 Hegemony and Education explores how the educational insights implicit in Antonio Gramsci's historical materialist outlook have been reconciled to the post Marxist theory of radical democracy The author argues that there is an urgent need to redefine the dynamics of hegemony as a theory centering on the problem of cognitive and moral relational and valuational submissiveness that is a problem indicative of the pathologies of capitalism with respect to democratic theorizing Antonio Gramsci Mark McNally, 2015-08-11 The thought of Antonio Gramsci continues to enjoy widespread appeal in contemporary political and social theory This book draws together some of the world's leading scholars on Gramsci to critically explore key ideas debates and themes in his work in an accessible manner relating them to contemporary politics and society The Dialectic of Position and Maneuver Daniel Eqan, 2016-09-27 In The Dialectic of Position and Maneuver Daniel Egan examines the role that the military metaphors of war of position and war of maneuver play in Antonio Gramsci's social theory The foundation for this analysis is the different ways in which Marxists have understood war and military strategy since the mid nineteenth century In doing so Egan argues that the distinction between war of position and war of maneuver which is so central to Gramsci's work as well as contemporary interpretations of his work must be understood in a more dialectical manner This conclusion is important not only in terms of Gramsci's social theory but also for understanding the limits and possibilities of contemporary political strategies for the left worldwide

Finocchiaro, 2008-10-01 Two Italian writers Gaetano Mosca and Antonio Gramsci have been very influential in twentieth century political thought the first cast as a thoroughgoing conservative the second as the model of a humanistic Marxist The author of this provocative book the first systematic study of the connection between the two men maintains that they are closer to each other than is commonly supposed that they in fact belong to the same political tradition of democratic elitism Maurice A Finocchiaro argues that Gramsci's political theory is a constructive critique of Mosca's and that the key common element is the attempt to combine democracy and elitism in a theoretical system that defines them not as opposite but as compatible and interdependent Finocchiaro finds that a critical examination of the major works of the two men demonstrates their shared belief in the viability of democratic elitism and undermines the importance of the distinction between right and left Reading Gramsci Francisco Fernández Buey, 2014-11-27 Reading Gramsci is a collection of essays by Francisco Fern ndez Buey with a unifying theme the enduring relevance of Gramsci's political philosophical and personal reflections for those who wish to understand and transform the vast and terrible world of capital Reading Gramsci is of considerable biographical and philosophical interest for scholars and partisans of communism alike Fern ndez Buey distils Gramsci's intimate thinking on the relation between love and revolutionary engagement from Gramsci's personal correspondence he reveals how Gramsci draws on both Marxism and Machiavellianism in order to formulate his conception of politics as a collective ethics he retraces the trajectory of Gramsci's thinking in the Prison Notebooks and elucidates Gramsci's reflections on the relation between language and politics English translation of Levendo a Gramsci published by El Viejo Topo in 2001 Antonio Gramsci Renate Holub, 2005-07-05 A distinguished account of Gramsci s work in the context of current critical and socio cultural debate
