*The Psychology of Spies and Spying* Adrian Furnham, John Taylor, 2022-06-28 The Psychology of Spies and Spying tells the story of the people involved in spying the human sources agents who betray their country or organisation and the professional intelligence officers who manage the collection and reporting process Parenting with an Attitude... Ed Wimberly, 2020-02-04 Most parents these days are looking for answers to the questions they have that they believe will help them in their efforts to be successful parents Too often however they are unable to find helpful answers because they are asking the wrong questions Rather than some of the more common questions like Where have we gone wrong Why won't Jason ever listen Why do they seem to prefer being at someone else's house Parenting with an Attitude focuses on twenty one of the more important questions to ask ourselves if it is our desire to make improvements in our parenting efforts Asking the right questions helps to fine tune our parenting attitudes and in doing so helps ensure that we raise healthy and responsible kids who grow up to be well adjusted adults Parenting with an Attitude is different than most books written on parenting today What sets it apart is that it focuses more on our efforts and attitudes as parents to our kids and what we can do differently rather than on the attitude of our kids and how we can somehow extract changes from them As our attitudes improve we will see the changes we desire in them To help you in this process I have included at the end of each chapter several discussion questions for you to consider A Companion Guide to The Gospel of Thomas Christine Folan, 2024-03-26 The ultimate guide to understanding the 114 sacred texts known as The Gospel of Thomas revealing ancient Christian teachings and allowing for deep self reflection and introspection Discovered in 1945 in Egypt but likely dating back to around 150 200AD the Gospel of Thomas is a collection of codices each containing an affirmation or advice Academic discourse has plagued the Gospel's modern existence especially in relation to its English translation Resultantly a number of densely unintelligible translations have been produced which use heavy ecclesiastical language and a biblical approach obscuring the meaning of the text to laypeople Now Christine Folan provides a revolutionary approach unpicking the Gospel's complexities and providing a sensitive and effective way of understanding and seeing the hidden yet deeply profound secrets of this ancient text Folan's companion guide provides excerpts from the text alongside her own visceral and deep rooted interpretations which will enlighten readers to the endless potential which can be gleaned from the Gospel Guiding the reader with clarity and conviction The Companion Guide to The Gospel of Thomas provides a way for readers to use the Gospel as a vessel for introspection allowing them to search deep within themselves for their own unique truth and meaning The book contains real life case studies of people whose lives have been drastically changed by the teachings of the Gospel as well as suggested further reading for each chapter The Companion Guide to The Gospel of Thomas is a manual for the practical application of spiritual principles challenging readers not only to make sense of this ancient text in their own unique way but also to live its message to make profound change in their day to day lives **Saving You Is Killing Me: Loving**
