Nucci Pagliaro, 2022 *Fifty Drawings by Francisco Goya* Francisco Goya, Harry Brandeis Wehle, 1938 **Francisco Goya** Paul Rockett, 2015-12-15 The eighteenth century Spanish artist Francisco Goya is renowned for challenging conventional notions of art and inspiring later movements such as Romanticism Impressionism and Surrealism Unafraid of pushing the boundaries of tradition Goya created scenes of human suffering as well as fantastical images such as witches and demons though he was also a skilled portraitist and painted events such as Napoleon's 1808 invasion of Spain Filled with paintings from every stage of Goya's career this resource highlights why he has been such an inspiration to modern artists especially those who use their art to express the unspeakable *Francisco de Goya* Richard Muther, 1905 *Francisco Goya* Sarah Carr-Gomm, 2011-07-01 Goya is perhaps the most approachable of painters His art like his life is an open book He concealed nothing from his contemporaries and offered his art to them with the same frankness The entrance to his world is not barricaded with technical difficulties He proved that if a man has the capacity to live and multiply his experiences to fight and work he can produce great art without classical decorum and traditional respectability He was born in 1746 in Fuendetodos a small mountain village of a hundred inhabitants As a child he worked in the fields with his two brothers and his sister until his talent for drawing put an end to his misery At fourteen supported by a wealthy patron he went to Saragossa to study with a court painter and later when he was nineteen on to Madrid Up to his thirty seventh year if we leave out of account the tapestry cartoons of unheralded decorative quality and five small pictures Goya painted nothing of any significance but once in control of his refractory powers he produced masterpieces with the speed of Rubens His court appointment was followed by a decade of incessant activity years of painting and scandal with intervals of bad health Goya's etchings demonstrate a draughtsmanship of the first rank In paint like Velázquez he is more or

less dependent on the model but not in the detached fashion of the expert in still life If a woman was ugly he made her a despicable horror if she was alluring he dramatised her charm He preferred to finish his portraits at one sitting and was a tyrant with his models Like Velázquez he concentrated on faces but he drew his heads cunningly and constructed them out of tones of transparent greys Monstrous forms inhabit his black and white world these are his most profoundly deliberated productions His fantastic figures as he called them fill us with a sense of ignoble joy aggravate our devilish instincts and delight us with the uncharitable ecstasies of destruction His genius attained its highest point in his etchings on the horrors of war When placed beside the work of Goya other pictures of war pale into sentimental studies of cruelty He avoided the scattered action of the battlefield and confined himself to isolated scenes of butchery Nowhere else did he display such mastery of form and movement such dramatic gestures and appalling effects of light and darkness In all directions Goya renewed and innovated *Goya as Portrait Painter* Aureliano Beruete y Moret, 1922 **Delphi Complete Paintings of**
