without looks or money They fit no known template and possess a cache of powerful erotic secrets With wit and erudition Prioleau cuts through the cultural lore and reveals who these master lovers really are and the arts they practice to ensnare women What she discovers is revolutionary Using evidence from science popular culture fiction anthropology and history and from interviews with colorful real world ladykillers Prioleau finds that great seducers share a constellation of unusual traits While these men run the gamut they radiate joie de vivre intensity and sex appeal above all they adore women They listen praise amuse and delight and they know their way around the bedroom And they've finessed the hardest part locking in and revving desire Women never tire of these fascinators and often like Casanova's conquests remain besotted for life Finally Prioleau takes stock of the contemporary culture and asks where are the Casanovas of today After a critique of the twenty-first century sexual malaise the gulf between the sexes and women's record discontent she compellingly argues that society needs ladies men more than ever Groundbreaking and provocative Swoon is underpinned with sharp analysis brilliant research and served up with seductive verve

The Juridification of Business Ethics Bart Jansen, 2023-08-25 This book provides a theory of the juridification of business ethics Ethical codes pop up everywhere in the business world and increasingly resemble the code of law A focus on compliance rather than reflection becomes the norm Legal perspectives replace ethical perspectives turning ethicists into lawyers without a law degree This juridification of business ethics conceals a diminishing trust in ethics as legal reasoning substitutes philosophical thinking By appealing to the critical study of law Bart Jansen advocates for a renewed focus on the ethical side of business This book shows the importance of a good balance between law and ethics in business and is of great interest to both academics and professionals

The Church, Authority, and Foucault Steven G. Ogden, 2017-02-03 The Church Authority and Foucault addresses the problem of the Church s enmeshment with sovereign power which can lead to marginalization Breaking new ground Ogden uses Foucault s approach to power and knowledge to interpret the church leader s significance as the guardian of knowledge This can become privileged knowledge under the spell of sovereign power and with the complicity of clergy and laity in search of sovereigns Inevitably such a culture leads to a sense of entitlement for leaders and conformity for followers All in the name of obedience The Church needs to change in order to fulfil its vocation Instead of a monarchy what about Church as an open space of freedom This book then is a theological enterprise which cultivates practices of freedom for the sake of the other This involves thinking differently by exploring catalysts for change which include critique space imagination and wisdom In the process Ogden uses a range of sources analysing discourse gossip ritual territory masculinity and pastoral power In all the work of Michel Foucault sets the tone for a fresh ecclesiological critique that will appeal to theologians and clergy alike

Beginning from Man and Woman Bernard K. Wong, 2017-04-30 Engaging with contemporary thought on love and the family Bernard Wong argues that our notion of love has been deeply influenced by modern technological culture and political ideologies leading to the detriment of familial relationships Dr Wong demonstrates how Christian doctrines can be used to critique and resist these ideologies Through a careful analysis of Christ s love expressed in his life death and resurrection the author presents a notion of Christ s love bearing the characteristics of fraternal incarnational and unfolding love These

aspects of Christ's love are pertinent to the relationships between husbands and wives, parents and children, and families and their neighbours. It is through practicing Christ's love that Christians strengthen their familial relationships and bear witness to Christ in the world.

The Hardened Heart and Tragic Finitude Dan O. Via, 2012-11-05 This book has two main theses. First, for the biblical Christian doctrine of sin, the root of the human problem is hardness of heart, the corruption of the core self, the seat of understanding and will. On the other hand, for an important strand of Greek tragedy, the root of human harm-doing is the nonculpable blindness and anxiety of finitude that, despite the initial nonculpability, lead to evil and suffering. *The Hardened Heart* shows that these two different interpretations of human existence are amenable to a degree of synthesis that leads to this conclusion: hardness of heart and our ordinary finitude together collude to cause sin in its fullness. The second thesis of this volume is that exegetical studies disclose a deconstructive strand in certain biblical texts that represents the finite world that God created as a source of distress and harm-doing in something like the tragic sense. This subdominant deconstructive position challenges the dominant biblical vision in which the creation came forth from God's creative word as good without qualification.

The Minimalist Vision of Transcendence Jerome A. Stone, 1992-11-03 *Embodying Aga Tausili* Mercy Ah Su-Maliko, 2021-02-04 This book breaks new ground in the field of public theology by constructing a public theology which is built on interwoven cultural and Christian values. Writing from the Oceanian context, Samoa, Ah Siu Maliko unpacks the complementary Samoan and Christian core values of service, respect, dialogue, love, and justice as the foundation for a values-centered response to the social realities confronting Oceania. Drawing on the indigenous research paradigm known as *talanoa*, the author grounds the public theology that emerges in extensive interviews with 75 Samoans from all walks of life, the public who are the subjects of public theology. The resulting framework is then applied to a specific social problem: the crisis of violence against women in Samoa. This pioneering contribution to public theology discourse opens up possibilities for similar contextual approaches to public theology not only across Oceania but around the world.
