contemporaries She engages with broad issues of social justice irrespective of gender and her humanity is demonstrated through her sympathetic representations of marginalised characters of both sexes However she most specifically evidences a gender politics consistent with the fragmented and multifarious essentialist feminism that emerged following the Great War which esteemed womanly qualities of care and mothering but simultaneously valued female autonomy single status and professionalism Adopting the critical paradigms of domestic modernism and women's liminality the book will particularly focus on the trajectories of Dane's extraordinary modern heroines who possess qualities of altruism candour integrity imagination intuition resilience and rebelliousness Over the course of her work these fictional women increasingly challenge oppressive normative forms of domesticity traversing physical thresholds to create alternative domesticities in self defining living and working spaces **The Twin Cities** Steven Herzman, 2023-03-12 In book two of this enthralling science fiction series the Thalin brothers and their families must survive battles raging around their walled city Their continuing family saga began in book one To Rule a World This story begins as the brothers have just settled into a peaceful period when a new threat arises and the search for a culprit is unsuccessful In a lesson for the young these are the words of wisdom Druids and wizards are different as night and day in philosophy but are similar in abilities.
