Healing for Deep Wounds That Hinder Your Relationship with , *Child Protection in England, 1960-2000* Jennifer Crane,2018-09-25 This book is open access under a CC BY 4 0 license This open access book explores how children parents

and survivors reshaped the politics of child protection in late twentieth century England. Activism by these groups often manifested in small voluntary organisations drew upon and constructed an expertise grounded in experience and emotion that supported, challenged and subverted medical, social work, legal and political authority. New forms of experiential and emotional expertise were manifested in politics through consultation, voting and lobbying but also in the reshaping of everyday life and in new partnerships formed between voluntary spokespeople and media. While becoming subjects of and agents in child protection politics over the late twentieth century, children, parents and survivors also faced barriers to enacting change and the book traces how long standing structural hierarchies, particularly around gender and age, mediated and inhibited the realisation of experiential and emotional expertise.

Return to the River Dave Pelzer, 2023-03-07

From 1 international bestselling author, speaker and humanitarian, Dave Pelzer comes the next chapter in his life. How, after spending decades saving others in the military as a fire captain and an internationally acclaimed advocate, he needs to confront a way to save himself. On the surface, Dave Pelzer's life seems like an action movie: he's walked the red carpet with celebrities and stood shoulder to shoulder with soldiers in Iraq; he's flown top secret missions for the U.S. Air Force, obtaining the rank of chief and battled wildfires in California as a volunteer fire captain. And now, on the eve of the 50 year anniversary of this rescue from a horrific childhood of abuse and into the safety of the foster care system, he reflects on the battles he's fighting in his own heart. From a lifetime spent serving and saving others, can he learn how to serve and save himself?

Banished to his basement at age five, Dave Pelzer had cried a river of tears before most children learned to tie their shoes. His now classic books *A Child Called It* and *The Lost Boy* chronicled how he was brutally beaten and starved by his emotionally unstable, alcoholic mother, a mother who nearly killed him multiple times. But despite the odds stacked against him, he rose to become a 1 New York Times bestselling author, inspirational speaker and internationally recognized humanitarian. After fighting for years to vanquish his pain and to channel it into service for others, Pelzer sifts through the psychological rubble of a life that has seemingly crumbled around him. What he shares is deeply transformative and unflinchingly honest. In his struggle to simply survive, he never learned how to just be. Reeling from the loss of a love and a broken spirit, Pelzer must reconcile his life choices and free himself of blame and shame to find peace and renewed purpose.

Amidst the towering redwood trees and the serenity of his childhood utopia of the Russian River, Pelzer reflects on having the courage to move forward in your life, the peace to accept yourself, the vulnerability to strip yourself of facades and to find the tenacity to carry on when life doesn't turn out the way you planned. For anyone who has been hurt, victimized or feels alone, there is hope and there is always a way to rewrite your own story. Pelzer's soulful and inspiring story will remind you to keep your faith, live with gratitude and find the well of resilience deep within you.

The Atrocity Paradigm Claudia Card, 2005 What distinguishes evils from ordinary wrongs Is hatred a necessarily evil Are some evils unforgivable Are there evils we should tolerate What can make evils hard to recognize Are evils inevitable How can we best respond to and live with evils Claudia Card offers a secular theory of evil that responds to these questions and

more Evils according to her theory have two fundamental components One component is reasonably foreseeable intolerable harm harm that makes a life indecent and impossible or that makes a death indecent The other component is culpable wrongdoing Atrocities such as genocides slavery war rape torture and severe child abuse are Card s paradigms because in them these key elements are writ large Atrocities deserve more attention than secular philosophers have so far paid them They are distinguished from ordinary wrongs not by the psychological states of evildoers but by the seriousness of the harm that is done Evildoers need not be sadistic they may simply be negligent or unscrupulous in pursuing their goals Card s theory represents a compromise between classic utilitarian and stoic alternatives including Kant s theory of radical evil Utilitarians tend to reduce evils to their harms Stoics tend to reduce evils to the wickedness of perpetrators Card accepts neither reduction She also responds to Nietzsche s challenges about the worth of the concept of evil and she uses her theory to argue that evils are more important than merely unjust inequalities She applies the theory in explorations of war rape and violence against intimates She also takes up what Primo Levi called the gray zone where victims become complicit in perpetrating on others evils that threaten to engulf themselves While most past accounts of evil have focused on perpetrators Card begins instead from the position of the victims but then considers more generally how to respond to and live with evils as victims as perpetrators and as those who have become both
