large audiences and writing hundreds of articles on political and economic themes over the ensuing three decades Debs almost singlehandedly established a new political party the Social Democracy of America in the summer of 1897 building upon the remnants of the depleted ARU The organization advanced a double agenda seeking to promote both electoral politics and the construction of socialist colonies on the frontier a dual focus which led to internal tensions and a bitter split In 1898 Debs cast his lot with Milwaukee publisher Victor L Berger in a new organization dedicated to political action the Social Democratic Party of America After a split of the older and larger Socialist Labor Party of America in 1899 protracted unity discussions between the Debs group and an organized body of former SLP dissidents ensued This unity effort was marked by Debs s first run for president of the United States on a joint Social Democratic ticket in November 1900 After heated on again off again negotiation between the two groups a marriage was finally brokered in the summer of 1901 and the Socialist Party of America was launched The party would soon grow to become the third biggest in American politics with Debs enthusiastically heading the Socialist ticket in 1904 in the second of his five runs for the presidency **A Select**
