**Man Sharing** Audrey B. Chapman,1986 Discusses polygamy adultery and divorce gives women who are involuntarily or voluntarily sharing their man practical advice on coping and tells how to get out of a shared relationship Getting Good Loving Audrey B. Chapman,2009-03-01 Written by noted authority and radio show host Audrey Chapman this release of Getting Good Loving is a revised and updated new edition of one of the most successful relationship guides for African Americans ever published Examining case studies and first person accounts from black men and women Audrey Chapman offers sensible and sensitive solutions for their relationship problems and shows how black men and women can get more of what everyone needs good loving *Plural Marriage for Our Times* Philip L. Kilbride,Douglas R. Page,2012-08-17 This thoroughly revised second edition offers a child centered international perspective as it urges America to de stigmatize alternate family forms In this book s first edition Philip L Kilbride showed polygamy as the preferred marriage pattern in most parts of the nonwestern world and explained how plural marriage is surfacing in western countries to address economic and spiritual crises In *Plural Marriage for Our Times A Reinvented Option Second Edition* Kilbride and his coauthor Douglas R Page update and enhance this thesis in light of contemporary circumstances new studies and current legal debates This new edition examines plural marriage s benefits for children It extends the discussion of polygamy and religion especially the Muslim perspective on marriage and family considers the illegal polygamy of immigrants and looks at multiple marriage in African American communities where crisis polygamy is a growing phenomenon The authors suggest Americans consider plural marriage as a viable practice that can help reduce the divorce rate better protect women and children and serve as an alternative to the fractured family so prevalent in America today **Man Sharing** Audrey B. The End of Love Sabrina Strings,2024-01-30 From Playboy to Jay Z the racial origins of toxic masculinity and its impact on women especially Black and insufficiently white women More men than ever are refusing loving partnerships and commitment and instead seeking out situationships When these men deign to articulate what they are looking for in a steady partner they ll often rely on superficial norms of attractiveness rooted in whiteness and anti Blackness Connecting the past to the present sociologist Sabrina Strings argues that following the Civil Rights movement and the integration of women during the Second Wave Feminist movement men aimed to hold on to their power by withholding love and commitment a basic tenet of white supremacy and male domination that served to manipulate all women From pornography to hip hop women

especially Black and insufficiently white women were presented as gold diggers props for masturbation and side pieces Using historical research personal stories and critical analysis Strings argues that the result is fucboism the latest incarnation of toxic masculinity This work shows that men are not innately toxic Nor do they hate love commitment or sex Instead men across race have been working a new code to effectively deny loving partnerships to women who are not pliant slim and white as a new mode of male domination Ebony ,2001-04 EBONY is the flagship magazine of Johnson Publishing Founded in 1945 by John H Johnson it still maintains the highest global circulation of any African American focused magazine

do if it does happen He writes for professional counselors for pastors and for those laypersons who find themselves wanting to understand the situation better While the author is a committed Christian psychologist and counselor he warns that faith doesn't automatically safeguard couples from sexual temptation He shows how to avoid innocent situations that can easily lead to an affair what you can do to strengthen your marriage and reduce the possibility that you or your partner will be tempted in an affair how to tell if your mate is having an affair and what to do if your worst fears prove true how adultery does not need to lead to divorce if approached in the right way     **Love, Intimacy, and the African American Couple**

Katherine M. Helm, Jon Carlson, 2013-03-12 This exciting new text on counseling African American couples outlines critical components to providing culturally sensitive treatment Built around a framework that examines African American couples issues as well as the specific contextual factors that can negatively impact their relationships it Addresses threats to love and intimacy for Black couples Provides culturally relevant strengths based approaches and assessment practices Includes interesting case studies at the conclusion of each chapter that illustrate important concepts The chapters span the current state of couple relationships readers will find information for working with lesbians and gays in relationships pastoral counseling and intercultural Black couples There is also a chapter for non Black therapists who work with Black clients Dispersed throughout the book are interviews with prominent African American couples experts Dr Chalandra Bryant relationship expert Audrey B Chapman Dr Daryl Rowe and Dr Sandra Lyons Rowe and Dr Thomas Parham They provide personal insight on issues such as the strengths African Americans bring to relationships their skills and struggles and gender and class considerations This must read book will significantly help you and your clients     [Ain't I a Feminist?](#)

Aaronette M. White, 2008-08-28 Ain't I a Feminist presents the life stories of twenty African American men who identify themselves as feminists centering on the turning points in their lives that shaped and strengthened their commitment to feminism as well as the ways they practice feminism with women children and other men In her analysis Aaronette M White highlights feminist fathering practices how men establish egalitarian relationships with women the variety of Black masculinities and the interplay of race gender class and sexuality politics in American society Coming from a wide range of family backgrounds ages geographical locations sexualities and occupations each man also shares what he experiences as the personal benefits of feminism and how feminism contributes to his efforts towards social change Focusing on the creative agency of Black men to redefine the assumptions and practices of manhood the author also offers recommendations regarding the socialization of African American boys and the reeducation of African American men in the interest of strengthening their communities     [Is Marriage for White People?](#) Ralph Richard Banks, 2012-09-25 A distinguished Stanford law professor examines the steep decline in marriage rates among the African American middle class and offers a paradoxical nearly incendiary solution Black women are three times as likely as white women to never marry That sobering statistic reflects a broader reality African Americans are the most unmarried people in our nation and contrary to public

perception the racial gap in marriage is not confined to women or the poor Black men particularly the most successful and affluent are less likely to marry than their white counterparts College educated black women are twice as likely as their white peers never to marry Is Marriage for White People is the first book to illuminate the many facets of the African American marriage decline and its implications for American society The book explains the social and economic forces that have undermined marriage for African Americans and that shape everyone's lives It distills the best available research to trace the black marriage decline's far reaching consequences including the disproportionate likelihood of abortion sexually transmitted diseases single parenthood same sex relationships polygamous relationships and celibacy among black women This book centers on the experiences not of men or of the poor but of those black women who have surged ahead even as black men have fallen behind Theirs is a story that has not been told Empirical evidence documents its social significance but its meaning emerges through stories drawn from the lives of women across the nation Is Marriage for White People frames the stark predicament that millions of black women now face marry down or marry out At the core of the inquiry is a paradox substantiated by evidence and experience alike If more black women married white men then more black men and women would marry each other This book not only sits at the intersection of two large and well established markets race and marriage it responds to yearnings that are widespread and deep in American society The African American marriage decline is a secret in plain view about which people want to know more intertwining as it does two of the most vexing issues in contemporary society The fact that the most prominent family in our nation is now an African American couple only intensifies the interest and the market A book that entertains as it informs Is Marriage for White People will be the definitive guide to one of the most monumental social developments of the past half century *Black Families* Harold E.

Cheatham, James B. Stewart, 2017-10-19 The condition and characteristics of the black family have been subjects of intense debate since at least the 1960s when the Moynihan Report and the culture of poverty theses held sway Since then a consistent theme has been that black families are pathological Despite the fact that research has been inconclusive and contradictory political debate and policy have been strongly influenced by the pathology theme This volume presents alternative approaches toward understanding the special characteristics of black families Extending a special issue of The Review of Black Political Economy the book focuses on the economic circumstances and decision making of these families employing Interdisciplinary and cross cultural perspectives It examines the general responses of black families to various external factors such as economic systems and to Internal factors such as interpersonal relationships This compendium of current thinking and research will be of interest to professionals in a number of fields Including family studies counseling social work psychology and sociology It will be of practical use in training programs for service delivery systems Interested In Incorporating multicultural perspectives as well as those specifically interested in black families today **Handbook of Marriage and the Family** Marvin B. Sussman, Suzanne K. Steinmetz, Gary W. Peterson, 2013-06-29 To know where we are

going as scholars educators and practitioners in the field of marriage and family life we first need to know where we have been A perusal of early texts on marriage and family life provides some thought provoking insights into the accuracy of the saying what goes around comes around It is interesting to note who has been considered to be in a position to provide information on marriage and family life Included in the eclectic collection of texts we reviewed were ministers whose focus was on spirituality doctors who emphasized medical aspects of child and adult health and public health professionals and home economists concerned with fighting disease who emphasized cleanliness order fighting germs and eliminating rodents and insects There are also philosophers who drew from ancient texts when discussing family life and a count who assembled a group of German intellectual elites to address various topics An insightful essay of this type is by Marta Karlweis 1926 in which she notes There is no other fetish that society holds to so firmly as the conception woman with all its usual associations of infantilism and dependence The child requires protection is a minor and consequently a serf but above all it possesses no spiritual existence Neither doctorates or other distinctions nor the right to vote have as yet been able to dispel this sweet idea of the childishness of woman which man cherishes p 10

*10 Bad Choices That Ruin Black Women's Lives* Grace Cornish, Ph.D., 1999-10-12 In her best seller *10 Bad Choices That Ruin Black Women's Lives* relationship expert Dr Grace Cornish has written a lively provocative guide for black women everywhere who want to shed the duds and find the studs who will treat them with respect According to Dr Cornish six out of every ten black women are either in bad relationships share a man or are celibate The problem is not the women themselves she explains but the bad choices they keep making In this frank and refreshing book Dr Cornish speaks to unique aspects of the African American female psyche by targeting ten of the most common and foolish choices black women make in their lives regarding men and how they can correct these problems Relying on case studies interviews and the letters she has received Dr Cornish gets to the heart of the matter by illuminating why black women no matter how smart savvy and successful continue to lose at the dating game and how they can face erase and replace the problems that have kept them from finding true love
