Man The New Humanism:

Man : the new humanism Roger Lincoln Shinn,1968 *The Humanistic View of Man* Jaideep Singh,2023-11-29 The Humanistic View of Man is a scientific study designed to achieve a deeper comprehension of human phenomena The views of man held by the following five leading contemporary humanistic psychologists Hubert Bonner James Bugental Erich Fromm Abraham Maslow and Rollo May have been analyzed and synthesized Comments on the synthesis have then been obtained from Jacob Bronowski a leading natural scientist His essay A Twentieth Century Image of Man provides further insight into his viewpoint The study concludes with a discussion that highlights the distinctive uniqueness of the view of man held by the selected humanistic psychologists and points to the deeper inner powers that we must use to guide and energize us in our pursuit of a richer manifestation of our unlimited human wealth Archbishop Fulton Sheen, the Contemporary Humanist Emmanuel K. Ngwainmbi,Rev. Fr. John Berinyuy,2023-08-30 This book is a theological reflection of Sheen s contribution to humanity and society It analyzes the modern person from the Catholic doctrinal perspective explores Fulton Sheen s perception of the contemporary individual and demonstrates that global economic religious and political crises cannot be resolved by focusing only on the mundane It further underscores some contemporary anthropological challenges and proposes a philosophy and theology of life that can enable contemporary humans to know themselves better and make life worth living The authors argue that advancements in science and technology have failed to prolong happiness people are still frustrated disillusioned cynical bored and suicidal This book enters the landscape of Sheen s controversial pause before he was sanctified and provides a lengthy liturgical extrapolation of Sheen s Christian anthropology wrestling with other thinkers and general concerns surrounding human angst in modern society **Poststructuralism, Marxism, and Neoliberalism** Michael A. Encyclopaedia of Eminent Thinkers Kuduva Swamy Bharathi,1998 *Indian Political Thought* Siddhant Pachauri,Nishav Sharma,Nikhil Sharma,2023-01-25 The authors of Indian Political Thinking set out to critically compare and

contrast the major ideas and frequently used terminology of classical and contemporary Indian political thought It examines the Ramayana as well as the Mahabharata from the perspective of ancient Indian thinking paying particular attention to the perspectives of Manu as well as Kautilya This then goes on to classify the major political schools of thought within contemporary Indian philosophy When introducing each school of thought we discuss the major theoretical questions at play in that school s methodology and the significant intellectual contributions made by individual thinkers In addition to Mahatma Gandhi Subhas Chandra Bose and Jawaharlal Nehru the social and political ideas of Raja Ram Mohan Roy Swami Vivekanand Lokmanya Bal Gangadhar Tilak Pt Deendayal Upadhyay Tarabai Shinde Savtribai Phule Kamaladevi Chattopadhyay M N Roy Japaprakash Narayan Sri Aurobindo Ram Manohar Lohia Pandita Ramabai and Dr Ambedkar have also been highlighted It really is hoped that an unbiased and impartial evaluation of the contributions of various thinkers and schools of thought may be achieved This book has been written in quite an accessible and straightforward manner and it includes a number of special elements that will appeal to its target audience It is written with both Indian university students and the casual reader in mind

The American University and the American Man George Elliott Howard,1893 **Man Today** Howard L. Parsons,1979-01-01 **An Atheism that Is Not Humanist Emerges in French Thought** Stefanos Geroulanos,2010-03-08 French philosophy changed dramatically in the second quarter of the twentieth century In the wake of World War I and later the Nazi and Soviet disasters major philosophers such as Kojve Levinas Heidegger Koyr Sartre Merleau Ponty and Hyppolite argued that man could no longer fill the void left by the death of God without also calling up the worst in human history and denigrating the dignity of the human subject In response they contributed to a new belief that man should no longer be viewed as the basis for existence thought and ethics rather human nature became dependent on other concepts and structures including Being language thought and culture This argument which was to be paramount for existentialism and structuralism came to dominate postwar thought This intellectual history of these developments argues that at their heart lay a new atheism that rejected humanism as insufficient and ultimately violent

Modern Indian Political Thought Bidyut Chakrabarty,Rajendra K. Pandey,2023-09-29 This book is an unconventional articulation of the political thinking in India in a refreshingly creative manner in more than one way Empirically the book becomes innovative by providing an analytically more grasping contextual interpretation of Indian political thought that evolved during the nationalist struggle against colonialism Insightfully it attempts to unearth the hitherto unexplored yet vital subaltern strands of political thinking in India as manifested through the mode of numerous significant socio economic movements operating side by side and sometimes as part of the mainstream nationalist movement

This book articulates the main currents of Indian political thought by locating the text and themes of the thinkers within the socio economic and politico cultural contexts in which such ideas were conceptualised and articulated The book also tries to analytically grasp the influences of the various British constitutional devices that appeared as the responses of the colonial government to redress the genuine socio economic grievances of the various sections of Indian society The book breaks new ground in not only articulating the main currents of Indian political thought in an analytically more sound approach of context driven discussion but also provokes new research in the field by charting a new course in grasping and articulating the political thought in India This volume will be useful to the students researchers and faculty working in the fields of political science political sociology political economy and post colonial contemporary Indian politics in particular It will also be an invaluable and interesting reading for those interested in South Asian studies **Out of Africa** Pal

Ahluwalia,2010-04-05 In this book Ahluwalia makes a convincing and controversial case that post structuralism has colonial and postcolonial roots This wide ranging discussion ranging across authors as different as Foucault Derrida Fanon Althusser Cixous Bourdieu and Lyotard enables the reader to make connections that have remained unnoticed or been neglected It also brings back into view a history of struggles both political and theoretical that has shaped the landscape of critique in the social sciences and humanities Russia and Western Man Walter Schubart,1950 *The Pursuit of Pleasure* Arsen

Heidegger and his extraordinary influence Tom Rockmore examines the reception of Heidegger's thought in France. He argues that in the period after the Second World War, due to the peculiar nature of the humanist French philosophical tradition, Heidegger became the master thinker of French philosophy. Perhaps most importantly, he contends that this reception, first as philosophical anthropology and later as postmetaphysical humanism, is systematically mistaken. UGC
