Man Who Melted:

A Man Melting Craig Cliff, 2010-07-02 A startlingly original collection of short stories that was winner of the 2011 Commonwealth Writers Prize for Best First Book A son worries he is becoming too perfect a copy of his father The co owner of a weight loss camp for teens finds himself running the black market in chocolate bars A man starts melting and nothing can stop it not even poetry This terrific collection of stories by an exciting new talent moves from the serious and realistic to the humorous and outlandish each story copying an element from the previous piece in a kind of evolutionary chain Amid pigeons with a taste for cigarette ash a rash of moa sightings and the identity crisis of an imaginary friend the characters in these eighteen entertaining stories look for ways to reconnect with people and the world around them even if that means befriending a robber wielding an iguana

The Man Who Melted Jack Dann, 2010-10-04 The Man Who Melted is a warning for the future It is the Brave New World and 1984 for our time for it gives us a glimpse into our own future a future ruled by corporations that control deadly and powerful forms of mass manipulation It is a prediction of what could happen tomorrow The Man Who Melted examines how technology affects us and changes our morality and it questions how we might remain human in an inhuman world Will the future disenfranchise or empower the individual Here you ll find new forms of sexuality new perversions new epiphanies and an entirely new form of consciousness Would you pay to go down with the Titanic In this dystopia the Titanic is brought back from the bottom of the sea and refurbished only to be sunk again for those who want the ultimate decadent experience Some passengers pay to commit suicide by going under with the ship The Man Who Melted has been called one of the greatest science fiction novels of all time by Science Fiction Age and is considered a genre classic It is the stunning odyssey of a man searching through the glittering apocalyptic landscape of the next century for a woman lost to him in a worldwide outbreak of telepathic fear Here is a terrifying future where people can gamble away their hearts and other organs and telepathically taste the last flickering thoughts of the dead From the Trade Paperback edition
