Man Of Moderation:

Day's Collacon: an Encyclopaedia of Prose Quotations ,1884 **English Synonymes Explained, in Alphabetical Order** George Crabb,1824 **Breaking with Athens** Christopher A. Colmo,2005-03-28 In this controversial new book Christopher A Colmo offers a view of the 10th century Arab philosopher Alfarabi that draws attention to a previously unremarked aspect of his philosophic project Colmo argues that as a philosopher Alfarabi felt compelled to question the philosophic tradition as deeply as he might question religious tradition and this he did with such power and brilliance that the result was a new philosophic perspective With unique access to both Islamic and pagan philosophical traditions Alfarabi took the side of Greek philosophy as representative of human reason and defended its ultimate autonomy However Alfarabi went further moving away from Plato and Aristotle s vision of philosophy as divine to an understanding of philosophy in a way that allowed it to be seen as knowledge and action in the service of human power and happiness Alfarabi offers a powerful new answer to the question why philosophy His subtle defense of and debate with the ancients raises questions of hermeneutics as well as substantive questions of philosophy politics and theology Breaking With Athens sheds new light on Alfarabi s enduring answers to perennial questions making it essential for students of philosophy political science theology and the history of ideas **English Synonymes explained ... Sixth edition, carefully revised, and greatly improved** George Crabb,1837 *Old Whigs* Greg Weiner,2019-06-11 The virtue of prudence suffuses the writings of Edmund Burke and Abraham Lincoln yet the demands of statecraft compelled both to take daring positions against long odds Burke against the seemingly inexorable march of the French Revolution Lincoln against disunion at a moment when the Northern situation appeared untenable Placing their statesmanship and writings in relief helps to illuminate prudence in its full dimensions inflected with caution but not confined to it bound to circumstance and finding expression in the particular but grounded in the absolute This comparative study of two thinkers and statesmen who described themselves as Old Whigs argues for a recovery of prudence as the political virtue par excellence by viewing it through the eyes words and deeds of two of its foremost exemplars Both statesmen who were deeply informed by the life of the mind Burke and Lincoln illustrate prudence in its universal but also contrasting dimensions Burke emphasized the primacy of feeling Lincoln the axioms of logic Burke saw British prudence emanating from the mists of ancient history for Lincoln America s soul lay in a discrete moment of founding in 1776 Yet both were moved by a respect for the mysterious and customary Each maintained the virtue of compromise while adhering to immovable commitments At a time when American politics and American conservatism in particular teems with a desire for boldness but also an innate resistance to schemes of social or political transformation this book answers with a fuller and richer account of prudence as it emerges in the thought and action of two of the greatest statesmen and thinkers of modern times **Nation's Business** ,1929 **Mind** ,1906 **English synonyms** George Crabb,1839 **The National Advocate** ,1904 [A New English Dictionary on Historical Principles](#) James Augustus Henry
