ideology in the seventeenth century Reflecting on the rich nonlinear genealogy of baroque expression Neobaroque in the Americas envisions the baroque as an anti proprietary expression that brings together seemingly disparate writers and artists and contributes to the new studies in global modernity Emotion and the Seduction of the Senses, Baroque to Neo-Baroque Lisa Beaven,Angela Ndalianis,2018-07-31 Emotion and the Seduction of the Senses Baroque to Neo Baroque examines the relationship between the cultural productions of the baroque in the seventeenth century and the neo baroque in our contemporary world The volume illuminates how rather than providing rationally ordered visual realms both the baroque and the neo baroque construct complex performative spaces whose spectacle seeks to embrace immerse and seduce the senses and solicit the emotions of the beholder Bridging Cultures Harriett D. Romo,William A. Dupont,2021-08-16 Borderlands they stretch across national boundaries and they create a unique space that extends beyond the international boundary They extend north and south of what we think of as the actual border encompassing even the urban areas of San Antonio Texas and Monterrey Nueva Le n Mexico affirming shared identities and a sense of belonging far away from the geographical boundary In Bridging Cultures Reflections on the Heritage Identity of the Texas Mexico Borderlands editors Harriett Romo and William Dupont focus specifically on the lower reaches of the Rio Grande R o Bravo as it exits the mountains and meanders across a coastal plain Bringing together perspectives of architects historians anthropologists sociologists educators political scientists geographers and creative writers who span and encompass the border its four sections explore the historical and cultural background of the region the built environment of the transnational border region and how border towns came to look as they do shared systems of ideas beliefs values knowledge norms of behavior and customs the way of life we think of as Borderlands culture and how border security trade and militarization and media depictions impact the inhabitants of the Borderlands Romo and Dupont present the complexity of the Texas Mexico Borderlands culture and historical heritage exploring the tangible and intangible aspects of border culture the meaning and legacy of the Borderlands its influence on relationships and connections and how to manage change in a region evolving dramatically over the past five centuries and into the future With Her Machete in Her Hand Catrióna Rueda Esquibel,2009-09-15 With the 1981 publication of the groundbreaking anthology This Bridge Called My Back Writings by Radical Women of Color Cherr e Moraga and Gloria Anzald a ushered in an era of Chicana lesbian writing But while these two writers have achieved iconic status observers of the Chicana o experience have been slow to perceive the existence of a whole community lesbian and straight male as well as female who write about the Chicana lesbian experience To create a first full map of that community this book explores a wide range of plays novels and short stories by Chicana o authors that depict lesbian characters or lesbian desire Catri na Rueda Esquibel starts from the premise that Chicana o communities theories and feminisms cannot be fully understood without taking account of the perspectives and experiences of Chicana lesbians To open up these perspectives she engages in close readings of works centered around the following themes La

Llorona the Aztec Princess Sor Juana In s de la Cruz girlhood friendships rural communities and history and Chicana activism Her investigation broadens the community of Chicana lesbian writers well beyond Moraga and Anzald a while it also demonstrates that the histories of Chicana lesbians have had to be written in works of fiction because these women have been marginalized and excluded in canonical writings on Chicano life and experience

Communicating in the Third Space Karin Ikas, Gerhard Wagner, 2008-10-05 Communicating in the Third Space aims to clarify Homi K Bhabha s theory of the third space of enunciation by reconstructing its philosophical sociological geographical and political meaning with attention to the special advantages and ambiguities that arise as it is applied in practical as well as theoretical contexts The idea of third space conceives the encounter of two distinct and unequal social groups as taking place in a special third space of enunciation where culture is disseminated and displaced from the interacting groups making way for the invention of a hybrid identity whereby these two groups conceive themselves to partake in a common identity relating to shared space and common dialogue The essays collected in Communicating in the Third Space including a preface by Bhabha himself brilliantly introduce readers to this exciting topic in Cultural and Post Colonial theory and offers insightful elaboration and critique of the meaning and relevance of life in the third space With a preface by Homi K Bhabha
