Riddle,2022-09-01 WINNER OF BEST ALTERNATE HISTORY NOVEL AT THE 2023 DRAGON AWARDS The SUNDAY TIMES bestseller Amazing One of the twistiest time tales I ve ever read Diana Gabaldon Crichtonesque thrillers don t come much better than this Readers won t be able to turn the pages fast enough Publishers Weekly Starred Review Are we talking plot twists More like spirals Gripping clever mind bending stuff Daily Mail From the worldwide bestselling author of *Departure* and *Winter World* comes a standalone novel about a father and daughter trying to unravel an intricate murder mystery spread across time with a jaw dropping twist Control the past Save the future One morning Dr Sam Anderson wakes up to find that the woman he loves has been murdered For Sam the horror is only beginning He and his daughter are accused of the crime The evidence is ironclad They will be convicted And so to ensure his daughter goes free Sam does what he must he confesses But in the future murderers aren t sent to prison Thanks to a machine Sam helped invent the world s worst criminals are now sent to the past approximately 200 million years into the past to the dawn of the time of the dinosaurs where they must live out their lives alone in exile from the human race Sam accepts his fate But his daughter doesn t Adeline Anderson has already lost her mother to a deadly unfair disease She can t bear to lose her father as well So she sets out on a quest to prove him innocent And to get him back People around her insist that both are impossible tasks But Adeline doesn t give up She only works harder She soon learns that impossible tasks are her specialty And that she is made of tougher stuff than she ever imagined As she peels back the layers of the mystery that tore her father from this world Adeline finds more questions than answers Everyone around her is hiding a secret But which ones are connected to the murder that exiled her father That mystery stretches across the past present and future and leads to a revelation that will change everything *Jarren Heartwood* D.K. Hansen,2022-06-19 Betrayed Orphaned Consumed by vengeance Young Jarren Heartwood s only chance of survival is to join the Shadow Academy elites the enemy of his enemy to destroy the fire mages known as the flares A darkness is creeping across Elonia destroying hope and creating a malevolent society where the weakest are guaranteed a miserable existence and the factions that are supposed to defend and protect only create more despair while searching out ways to become more powerful Jarren Heartwood s secretive mother raised him on fear of the Academy and the flares but infused his life with love and fanciful tales as they scraped by in their brutal city of Nirwood At the age of ten he suddenly has his mother ripped away leaving him fending for himself To survive and avenge his mother he turns to the Shadow Academy assassins After seven years of brutality and callousness Jarren has become the vengeful killer needed to take out his enemies When an assignment comes along that should rocket him through the Academy

ranks he jumps at it However not all is as it seems and the very magical forest that haunts him unveils a world he knew nothing about but is very much entangled with Jarren must reevaluate everything he thought he knew for magic and myths are very much alive and revelations about his childhood and family rock him to the core

Quadrant of Balance is a four book fantasy odyssey following the monumental challenges faced by Jarren and his companions to save Elonia from the dark curse Are you a fan of the adventure and mystery of Sanderson and like the magic and fast paced combat of Salvatore Then you will love Quadrant of Balance Jarren Heartwood Join Jarren today in exploring Elonia to uncover the mysteries of the Rot and the Quadrant of Balance Silverstar editorial review <https://www.silverstarreview.com> RATING 5 STARS GENRE Teen YA FICTION AUTHOR D K Hansen This review may contain spoilers I was pleasantly surprised by this book It is written well without visible grammatical or spelling errors This book flows medium to fast pace read with a perfect satisfying delivery First of all I liked how the Author crafted the main character very relatable to anyone From the event of his birth all the way to his coming of age Jarren s life journey is like no other The story of the circumstances of why he is losing his childhood innocence is a tad heartbreaking However Jarren has guts and decides that he is going to straighten the wrongs by becoming an assassin The entire book is character driven I loved that Here the Author created an amazing world where the magic rot is destroying the character s world The elite assassins training program and the participants are ruthless and may turn our main character into a cold ruthless human being but the author here brilliantly gives us hints and clues that Jarren has more heart and fairness than most This is an epic Hero s Journey with a strong feeling of Assassins Creed theme meets A Court of thorn and roses with a male main character Also the magical hidden world he finds he is part of reminds me of the Spiderwick Chronicles The Author turns the different fictional landscapes into something worthy of visiting Jarren s world is intriguing dangerous and mysterious as our protagonist discovers that everything he knows has been a lie This is a story of life versus annihilation of all life Elonia our mythical dryad world is in utmost danger Frankly I could not put it down despite the many life interruptions I have on a daily basis I highly recommend this EPIC adventure fantasy story
