The Palgrave Handbook of Educational Leadership and Management Discourse Fenwick W. English, 2022-10-13 This Handbook explores the discourse within the field of educational leadership and management It

provides a clear analysis of the current field as well as older foundational ideas and newer concepts which are beginning to permeate the discussion. The field of educational leadership and management has long acknowledged that educational contexts include a variety of leaders beyond school principals and other school officials such as informal and middle level leaders. By looking at the knowledge dynamic rather than a static knowledge base, this Handbook allows research to be presented in its multidimensional evolving reality.

Organizational Relationships in the Networking Age Willem Koot, Peter Leisink, Paul Verweel, 2003-01-01. Globalization, the information technology revolution, individualization and other processes in contemporary society all impact on organizations. This text analyzes the framework of these organizational relationships and the dynamics of identity formation and bonding on several levels.

Women in Management Marilyn J. Davidson, Ronald J. Burke, 2000-01-26. Praise for the First Volume: This is a really important book for anyone who wants to find research references on equal opportunities for women in management. Management in Education: I commend this book to managers of both sexes in the public and private sectors. There is much to stimulate effective action. Hopefully, researchers will also heed the call for further studies. Women in Management Review: I must first of all commend this volume as a very useful resource for women who are actually grappling with being managers and for researchers in the field. International Review of Women and Leadership: The second volume of the successful Women in Management Current Research Issues provides an up to date review of findings pertaining to women in management reflecting recent global changes. An international group of contributors examines a broad range of contemporary issues facing women in management as well as the individual organizational and governmental consequences of these changes. Key topics covered include global perspectives on women in business, career development issues including discussions of highflyers, networking and leadership, race and gender, the future of the glass ceiling, the increasingly popular management of diversity, approach, masculinity of management issues, future organizational and governmental initiatives on women in management.

Handbook of Comparative and Development Public Administration Ali Farazmand, 2001-06-29. With contributions from nearly 80 international experts, this comprehensive resource covers diverse issues, aspects and features of public administration and policy around the world. It focuses on bureaucracy and bureaucratic politics in developing and industrialized countries and emphasizes administrative performance and policy implementation as well as political system maintenance and regime enhancement. The book covers the history of public administration and bureaucracy in Persia, Greece, Rome and Byzantium and among the Aztecs, Incas and Mayas, public administration in small island states, Eastern Europe and ethics and other contemporary issues in public administration.

The McDonaldization of Social Work Dr. Donna Dustin, 2012-12-28. Based upon George Ritzer's McDonaldization of Society thesis and incorporating aspects of social theory, this book examines the introduction of care management to social work practice. Donna Dustin analyzes care management as an example of the managerial application of efficiency, calculability, predictability and control to social work practice. These principles put to good use in organizations.

that produce tangible outputs at a profit are being increasingly applied in non profit public sector organizations where the outcomes require intangibles such as professional relationships The author examines whether the McDonaldization process heightens dilemmas such as cost versus rights for professionals working in the social services Using social theory to frame her research with care managers and their managers in the UK the author examines the day to day implications of care management for social work practice and questions whether the construction of service users as customers contributes to empowering practice The book s in depth analysis of the policy background implementation and practice of care management will resonate with social workers in other national contexts such as the US where the care management model has been introduced *Human Resource Management, Social Innovation and Technology* Tanya Bondarouk, Miguel R.
