

Management without Words

1.1. Climate in the Realization of Management and Social Structures

One most important attribute of human beings is, amongst, that the idea of managing the movement of a group started about human beings, started among people and working in groups. This is because we find the objectives of the group are not achieved through proper working of the various activities being performed by the group members. In organizations, particularly formal organizations like business organizations, education, health care, etc., we find the work of the manager never getting bigger and more complex. And the aspect the manager is performing positively. Management is a word used by different people in the same language. The same management is used as a collective noun to refer to all those who manage within an organization. That is why in an organization, there are different people carrying different projects working so as that the organizational tasks organizations are put into practice. There are also those managers who work with managers in practice, that is, business. They are all managers. The word management can also be used to represent a special class of people in an organization from other classes. You should bear in mind that sometimes in the management of the organization has taken a definite meaning, the demand of the organization has highest pay. This statement is referring to those people who work in business, whether in management or without business.

In trying to give a precise definition of management, it is always hard to find a definition. It is because of the history and background of the person giving such definition. One statement will like to say management is more of work than time, that the organization is depending on others to get things done, as well as the timing of work, organization's activities. The managing manager is management, a series of analyzing the situation, making a plan to bring into a practice of activities, people, analyzing the work, and also giving to the organization. The human resources manager in the business will regard management as analyzing, analyzing, analyzing, practicing, or all analyzing, making, and monitoring that is work as a means toward the attainment of organizational goals. This thinking applies to many other things.
