forms of information visualization and visual management The period from 1880 to 1930 author Florian Hoof argues saw the genesis of a form of visual knowledge that provided a novel means to intervene in management processes Visual management largely superseded oral and written forms of communication and decision making instituting a strategy for overcoming the mid nineteenth century crisis of control and resulting in a media based form of rationality Focusing largely on early corporate consulting in America by tracing the careers of Frank Gilbreth and his wife and business partner Lillian Gilbreth Hoof examines the rise and lasting effects of corporate consulting as a visual form Framing consulting as a cultural technique that is characterized by media processes in which the boundaries of economic logic and legitimacy emerge Angels of Efficiency forges a new approach to the history of consulting In addition to pioneering a new field of film and media studies Hoof contributes original research to American cultural and economic history such as archival findings concerning Gilbreth s consulting efforts for the German Army during WWI With this distinct and innovative interdisciplinary approach Hoof has marshalled cinema and media studies business history and science and technology studies to make sense of the rise of consulting practices and their remarkable stability to this day *Expert or Charlatan?: The Rise and Rise of Management Consulting* ,2014-02-15 The management consulting industry is a leading component of the world s knowledge economy permeating every segment of industry commerce and government service A multi billion dollar phenomenon it has yielded its own body of knowledge and set of practices Exponents do make a lot of money for the consulting businesses they serve What is not always understood or transparent is the value clients receive This book seeks to make good that deficiency in our perception of the profession Learning on his deep and wide ranging experience Dr John Louth seeks to lift the lid on the management consulting profession in a critically reflective and accessible manner With vignettes and examples drawn from his own experience and practice he dissects the rational explanations usually provided by practitioners He calls for restraint and self awareness from both client and consultant and advocates the reform of a profession that seems increasingly powerful and unregulated Dr Louth explores the management consulting profession on its own terrain through its own language and discourses He disentangles the management consultant s notions of strategy risk management change and project management so that these become meaningful to the layperson Given the complexity that dominates the global geopolitical system and international economy he asks how management consulting diagnoses can be effective in an uncertain and highly contingent world With a foreword by Professor Rebecca Boden of the University of Roehampton Business School in London this book is an accessible and scholarly monograph that is essential reading for those seeking to understand management consultancy and its role in the modern world *The International Guide to Management Consultancy* Barry Curnow,Jonathan Reuvid,2003 A handbook for corporate purchasers of management consultancy services this unique and highly authoritative guide provides a description of the profession worldwide and advice on how to choose and use its services effectively **Research Methods** David Crowther,Geoff Lancaster,2012-05-23 This is the ideal

companion for those needing guidance when carrying out a research project in a management or a business related subject The text is succinct and concise written with modular courses in mind for the reader to quickly gain an overall perspective of the fundamental areas and identify the key points that need to be addressed This clear and practical book also covers the requirements of more general areas of business research and consultancy New to this edition is a chapter devoted to the analysis of qualitative data an area many students find they want to focus on A new accompanying student website also gives practical guidance on some of the problems students face assistance with writing a research proposal the structure of a dissertation collecting data how much is enough citing references links to other resources Dissertations and projects form an integral part of many MBA and degree programmes and this text is invaluable when tackling this area for the first time The authors approach the research task in a step by step manner covering areas such as data collection observational methods and data analysis

*Research Methods in Management* Geoff Lancaster, 2007-06-01 Written specifically for the Research Methods aspect of an MBA course *Research Methods in Management* is the ideal companion for those needing guidance on carrying out a research project The author offers a succinct guide to the topic which provides MBA and Business Students with the necessary grounding in the area of research without going into too much depth The text is therefore written with modular courses in mind so that students gain an overall perspective of the important areas that need consideration and can ascertain the key points they need to be aware of when carrying out research Dissertations and projects form an integral part of many MBA and degree courses and therefore guides such as this are becoming invaluable when tackling this area for the first time *Research Methods in Management* approaches the research task in a step by step manner covering areas such as data collection observational methods and data analysis Guidance is provided on the best way to approach aspects of the research process and to ensure all aspects are adequately covered As this is an area where many students feel they do not have any experience a text such as this provides the necessary support in approaching this area of the course

*Handbook of Research on Entrepreneurship in Professional Services* Markus Reihlen, Andreas Werr, 2012-01-01 Professional service firms are critical agents of contemporary economies and understanding them has become a central focus of recent scholarship This very timely and well organized Handbook brings together several leading scholars who explore how we might think and theorize about professional service firms and their entrepreneurial behaviours The Handbook will become a key source for the growing community of researchers in this area Royston Greenwood University of Alberta Canada For too long both researchers and practitioners have presumed that professional service firms follow the status quo when they should better understand how these professionals set the rules for globalization This Handbook reminds us that professionals are as much the shock troops of capitalism as the multinational corporations that they serve As this Handbook shows the leading firms successfully compete with each other by fostering entrepreneurship and innovation in order to service an institutional system that undergirds the international economy Christopher McKenna University of Oxford UK Professional

services are increasingly seen as an important foundation for future economic growth and prosperity Yet research on innovative and entrepreneurial processes in professional services has been surprisingly scarce This Handbook provides a collection of original contributions from leading scholars outlining the current stock of knowledge in the area as well as providing directions for further research The expert contributors discuss entrepreneurship and innovation from a number of different perspectives including the entrepreneurial professional team the entrepreneurial firm and the institutional environment The first part of the book looks at the challenges of entrepreneurship specific to the professional service firm while the second explores the creation and exploitation of entrepreneurial opportunities in the professional service team Part III turns to the organization and Part IV to the management and growth of the entrepreneurial professional service firm The final part discusses the interplay between professions firms and the institutional environment Researchers scholars and PhD students in the areas of entrepreneurship and professional service firms along with advanced students of management will find this volume of great value
