Management Education And Training Understanding Eastern European Perspectives:

Management Education and Training George Tesar,1994 This work explains to future and practising managers how their Eastern European counterparts view the world of international management It examines management education the concept of international competition and consumer behaviour as perceived by Eastern European managers Global Perspectives on the Internationalization of Higher Education Branch, John D.,Durnali, Mehmet,2023-02-24 Transnational higher education was triggered largely by the marketization of higher education which itself manifests in such characteristics as academic rankings institutional branding and an emphasis on managerialism Recent advances in technology and the global COVID 19 pandemic have also driven a virtual internationalization of higher education with universities expanding their digital footprints overseas accelerating their distance education offerings and exploring such innovations as virtual exchange programs Global Perspectives on the Internationalization of Higher Education documents contemporary perspectives on the internationalization of higher education and considers its history throughout the years in order to understand potential future directions Covering key topics such as student recruitment institutional branding and student mobility this premier reference source is ideal for administrators principals researchers academicians practitioners scholars instructors and students

Proceedings of the International Conference Theory and Applications in the Knowledge Economy TAKE 2017 Blazenka Knezevic,Gaby Neumman ,2017-07-08 Foreword A famous Portuguese Poet once said around one hundred years ago before I was born all the words that should save the Humanity had already been written the only thing that was missing was to save Humanity Fast forward to the 21st century services led and knowledge based economy and we have myriads of theoretical study about the decisive assets namely intangibles Those analysis are made in several perspectives namely Human Resources Knowledge Management Intellectual Capital and also many sectorial perspectiveslike Trade Economics Logistics Social Policy etc However today the question about the applicability of all these studies remains unsolved So it like many of the words that will save the Knowledge Economy have already been written all we need is to save the Knowledge Economy Or is it not The idea behind TAKE Conference was to provide a multidisciplinary forum in which those multiple perspectives will come together We believe it is a fruitful operation and we intend to continue the exercise in the future The problem of the relation between theory and practice in the knowledge economy is getting more important and not lessimportant with the development of the BRICS and other nations TAKE main question will be one of the problems of the 21st century Following the promising start of TAKE 2016 in Aveiro Portugal TAKE 2017 was organized by the Faculty of Economics of Zagreb University around Prof Blazenka Knezevic I would like to thank her and her team for the massive effort in putting TAKE 2017 together It will be a very nice and memorable conference I would like also to thank the 5 keynotes the special sessions and workshop organizes the authors of the 60 papers and 5 posters the stream leaders the reviewers and the sponsors for the efforts And to the 90 participants from 20 countries Austria Bosnia Herzegovina Canada

Croatia Germany Hong Kong Hungary Netherlands Mexico Portugal Poland Romania Russia South Africa Serbia Slovakia Spain Thailand United Kingdom United States A special word to Prof Gaby Neumann from Wildau who organized the Proceedings Let us make TAKE 2017 a great occasion and help save the knowledge economy a bit Eduardo Tom Conference Chair Zagreb July 2017 *Central and Eastern Europe and the CIS* Jerome Witt, 2021-04-14 Learn about the many economical and political changes in Central and Eastern Europe to stay on top of business Western academics are being called upon to play a principle role in the redefinition of management education in Central and Eastern Europe and the former USSR Among the countless ideological political and economic issues engendered by the demise of communism throughout the region myriad challenges in business education have surfaced Central and Eastern Europe and the CIS provides an insightful background for Western educators who wish to play a part in or simply bear witness to this historic development This book reveals and documents some of the major educational efforts and issues which have emerged during the past few years and relates the experiences and viewpoints of some of the most active participants It shares both insights and lessons that have already been learned with those who seek to contribute in the future Each chapter will interest and challenge the reader as it frankly describes the struggle to establish modern business education in these dynamic societies In this collection distinguished contributors counsel readers that if Western educators are to make an effective contribution they must first discover which western ideas and theories can be used immediately which need to be adapted to fit the local environments and which must be completely rethought Each chapter enhances the understanding of business education in these emerging societies and affords a clearer understanding of the gulf between East and West Topics in Central and Eastern Europe and the CIS include international business education in Estonia from socialism to capitalism business education and management training in the old and new East Central Europe the International Center for Public Enterprises in Slovenia implications for teaching interpersonal skills and introducing international business concepts teaching organization behavior to Eastern European managers a process of adaptation to change Business education will most certainly have a significant impact on the restructuring of the political and social cultures in the region and is in fact critical to the ultimate success of democratic free market systems Central and Eastern Europe and the CIS helps Western educators and practitioners alike to make a useful contribution toward meeting the opportunities and threats in this historic era

Europe, Eastern , 1995 *Human Resource Management in an Emerging South Asian Economy* Tamer K.

Darwish, Pengiran Muda Abdul Fattaah, 2020-01-22 This book focuses on human resource management HRM in the country context of Brunei Darussalam analysing comparing and contrasting domestic enterprises DEs with multinational enterprises MNEs and oil and gas with non oil and gas sectors and draws out the comparative lessons for understanding the potential and performance consequences of HR interventions in resource centred national economies Work carried out more recently drawing a contrast between Asian capitalisms has established a number of important defining aspects inherent in economies

in Asia this helps to present approaches to establishing the way in which Brunei may be seen to be aligned with and depart from other business systems and frameworks in Asia The existing literature highlights a trend towards focusing on the Asian context however most studies have focused on specific Asian countries and research conducted in other contexts remains scarce As the region gains economic prosperity it is increasingly important to conduct some work that will be able to highlight the relevant HRM systems for other Asian contexts Although some emerging Asian economies are still quite far from achieving developed nation status it is however essential to understand the HRM systems prevalent in such economies as they can contribute greatly to the economic development there Hence this book highlights the importance of viewing the development and nature of HR in Brunei and locates the practice of HRM within the wider economic and political context and draws out the theoretical and practical implications for understanding continuity in change in HR practice and similarities with and differences from other emerging markets It will be of interest to researchers academics and students in international and comparative human resource management

Handbook of International Human Resource Development Thomas Garavan,Alma McCarthy,Ronan Carbery,2017-10-27 This Handbook draws on a global team of distinguished Human Resource Development and IHRD scholars to provide research and practice insights on a range of contemporary IHRD issues and challenges The Handbook reviews a number of critical contextual dimensions that shape the IHRD goals that organisations pursue impact the IHRD systems policies and practices that are implemented and influence the types of IHRD research questions that are investigated The Handbook examines the processes or actions taken by organisations to globalise IHRD practices and discusses important people development practices that come within the scope of IHRD

Tourism in the New Europe Rhodri Thomas,Marcjanna Augustyn,2007-01-18 The book represents a state of the art review of key research on small firms in tourism in relation to European integration It is therefore an essential resource for those engaged in research relating to tourism SMEs in transitional economies throughout the world In addition it is an essential purchase for the increasing number of students studying modules on small businesses as part of their final year undergraduate and postgraduate degree programmes One of the key features of this book is its clear focus on breaking new ground by reporting recent research and theorising on small firms in tourism In many cases the analysis provided by contributors will carefully relate small business behaviour to issues of wider concern to tourism academics and policy makers It is also distinctive for its overt emphasis on contrasting European experiences These characteristics contrast with the existing literature on small firms in tourism and hospitality particularly in Europe Previous literature achieved their aims by providing valuable syntheses of existing literature Now that such taking of stock has been undertaken there is a demand for more overtly research based texts that are nevertheless accessible to a wide audience This book does exactly that
