Managerial Decision Making A Study Of Leadership Styles And Power Sharing Among Senior Managers:

Managerial Decision-making Frank A. Heller,1971 Technical Report ,1980 **Organizational Behavior** John B. Miner,2002 The book begins with a treatment of the role of science and the nature of theory and research A discussion of the early origins and history of organizational behavior follows This is the most comprehensive coverage of how organizational behavior emerged and grew It presents and evaluates the first generation theorists whose work began during the first 20 years The subject matter covered is motivation leadership and organizational decision making The institutional culture of organizational behavior is discussed and a vision for the future of the field is stated Here the early history and the evidence from the theories are brought together in an effort to assess the identity of organizational behavior and where it might be headed The Bass Handbook of Leadership Bernard M. Bass,Ruth Bass,2009-12-01 For thirty three years and through three editions Bass Stogdill s Handbook of Leadership has been the indispensable bible for every serious student of leadership Since the third edition came out in 1990 the field of leadership has expanded by an order of magnitude This completely revised and updated fourth edition reflects the growth and changes in the study of leadership over the past seventeen years with new chapters on transformational leadership ethics presidential leadership and executive leadership Throughout the Handbook the contributions from cognitive social psychology and the social political communications and administrative sciences have been expanded As in the third edition Bernard Bass begins with a consideration of the definitions and concepts used and a brief review of some of the betterknown theories Professor Bass then focuses on the personal traits tendencies attributes and values of leaders and the knowledge intellectual competence and technical skills required for leadership Next he looks at leaders socioemotional talents and interpersonal competencies and the differences in these characteristics in leaders who are imbued with ideologies especially authoritarianism Machiavellianism and self aggrandizement A fuller examination of the values needs and satisfactions of leaders follows and singled out for special attention are competitiveness and the preferences for taking risks In his chapters on personal characteristics Bass examines the esteem that others generally accord to leaders as a consequence of the leaders personalities The many theoretical and research developments about charisma over the past thirty years are crucial and are explored here in depth Bass has continued to develop his theory of transformational leadership the paradigm of the last twenty years and he details how it makes possible the inclusion of a much wider range of phenomena than when theory and modeling are limited to reinforcement strategies He also details the new incarnations of transformational leadership since the last edition Bass has greatly expanded his consideration of women and racial minorities both of whom are increasingly taking on leadership roles A glossary is included to assist specialists in a particular academic discipline who may be unfamiliar with terms used in other fields Business professors and students executives in every industry and politicians at all levels have relied for years on the time honored guidance and insight afforded by the Handbook **Comparative Management** Malcolm Warner,2003-08-29

With the impact of globalization comparative management is becoming one of the single most important areas within management studies Comparative Management offers instant access to material that has shaped this field to date

A Handbook of Work and Organizational Psychology De Charles,P J D Drenth,THIERRY HENK,2013-05-24 Organizational processes and the organization environment interaction are discussed in this volume of the Handbook of Work and Organizational Psychology Both organizational and environmental characteristics affect the behaviour of individuals and groups but such characteristics are in turn also influenced by behavioural features This volume on organizational psychology covers subject areas such as organization theory organizational culture and change leadership decision making and participation motivation and satisfaction payment systems effective communication and social organizational aspects of automation The final chapter describes the impact upon behaviour and attitudes of the transition of a socialist led society to a market economy

Managing Democratic Organizations II Frank Heller,2019-04-30 First published in 2000 this volume along with its counterpart consist of contributions to the history of management and management thought which ask and assess how important managing democratic organizations is today and how important it will prove to be moving forward presenting both optimistic and pessimistic interpretations This collection describes three interrelated research programmes in the form of 38 classic essays and lists 21 authors

Bass & Stogdill's Handbook of Leadership Bernard M. Bass,Ralph Melvin Stogdill,1990 For 15 years and through two editions this handbook has been indispensable for serious students of leadership Now in this third edition Bass introduces a decade of new findings on the newest theories and models of leadership With over 1 200 pages of essential information Bass Stogdill s Handbook of Leadership will continue to be the definitive resource for managers for years to come

Leaders and Managers James G. Hunt,Dian-Marie Hosking,Chester A. Schriesheim,2013-10-22 Leaders and Managers International Perspectives on Managerial Behavior and Leadership focuses on research on managerial behavior and leadership with emphasis on present and future trends as well as the need to identify an interdisciplinary point of view in the study of leadership Composed of 24 chapters the book discusses leadership and management and at times puts little emphasis on the differences of both subjects for they are often used interchangeably The book takes a look at the position in which functionalism can be used as an approach in studying leadership The text also presents research methodologies that are deemed helpful in studying managerial behavior The role of organizational leaders and the problems related with efficiently carrying out order in organizations are highlighted Different types of research models on leadership are also discussed The book is valuable to those involved in studying leadership and management particularly in organizations in which these two entities can be essential factors in their advancement

A Handbook of Work and Organizational Psychology De Charles,P J D Drenth,THIERRY HENK,2013-05-24 Organizational processes and the organization environment interaction are discussed in this volume of the Handbook of Work and Organizational Psychology Both organizational and environmental characteristics affect the behaviour

of individuals and groups but such characteristics are in turn also influenced by behavioural features This volume on organizational psychology covers subject areas such as organization theory organizational culture and change leadership decision making and participation motivation and satisfaction payment systems effective communication and social organizational aspects of automation The final chapter describes the impact upon behaviour and attitudes of the transition of a socialist led society to a market economy **Personnel Literature** ,1973 Leadership and Organizations (RLE: Organizations) Alan Bryman,2013-05-02 In this textbook Alan Bryman provides a detailed and critical examination of the literature on leadership in organizations giving special recognition to the needs of students of organizational behaviour and the social psychology of organizations After an examination of the complexity of the concept of leadership the author describes the major approaches to the analysis of leadership in organizations including the idea that effective leaders have special traits the various attempts to examine leader behaviour normative approaches to the study of leadership and the various theories which emphasize the importance of recognizing situational differences in understanding leadership effectiveness **Organizational Behavior 4** John B. Miner,2015-03-26 This unique work bridges the gap between theory and practice in organizational behavior It provides a practical guide to real life applications of the 35 most significant theories in the field The author describes each theory and then analyzes its usefulness and importance to the successful practice of management His analysis covers key managerial topics such as goal setting training and development assessment job enrichment influence processes decision making group processes organizational development organizational structuring and effective organizational operation **Managing Democratic Organizations I** Frank Heller,2019-01-15 First published in 2000 this volume along with its counterpart consist of contributions to the history of management and management thought which ask and assess how important managing democratic organizations is today and how important it will prove to be moving forward presenting both optimistic and pessimistic interpretations This collection describes three interrelated research programmes in the form of 38 classic essays and lists 21 authors Executive Manpower United States Civil Service Commission. Library,1975 **Charismatic Leadership in Organizations** Jay A. Conger,Rabindra N. Kanungo,1998-07-15 This book not only integrates the growing body of research and theory on charismatic leadership but also pushes back the frontiers of our knowledge by introducing new theories and insights The authors present a comprehensive model of the charismatic leadership process The model is documented by extensive empirical research and richly illustrated with case examples of corporate leaders **Organizational Behavior 1** John B. Miner,2015-03-26 This comprehensive text provides a detailed review and analysis of the building block theories in Organizational Behavior Expanding on his previous work in the field John Miner has identified the key theories that every student or scholar needs to understand to be considered literate in the discipline Organizational Behavior Essential Theories of Motivation and Leadership analyzes the work of leading theorists Each chapter includes the background of the theorist represented the

context in which the theory arose the initial and subsequent theoretical statements research on the theory by the theory s author and others including meta analysis and reviews and practical applications Special features including boxed summaries of each theory at the beginning of each chapter two introductory chapters on the scientific method and the development of knowledge and detailed and comprehensive references help make this text especially useful for graduate courses in Organizational Behavior and Industrial Organizational Psychology **Routledge Library Editions: Organizations (31 vols)** Various,2021-12-02 Re issuing volumes originally published between 1949 and 1995 this 31 volume set examines the theory and behaviour of organizations Topics covered include the sociology of work leadership and organizations politics at work theory and practice of company organization patterns of business organization company strategy and organizational design **Societal Culture and Management** Theodore D. Weinshall,2012-05-02 No detailed description available for Societal Culture and Management Personnel Bibliography Series United States Civil Service Commission. Library,1960
