Managing Change In Political Parties British Party Conferences In Comparative Perspective

**Bill Jones, Philip Norton, Isabelle
Hertner**

Managing Change In Political Parties British Party Conferences In Comparative Perspective:

Party Reform Anika Gauja, 2017 This book explains why and how political parties in several advanced democracies are undertaking high profile organizational reforms

Party Leaders and their Selection Rules in Western Europe Bruno Marino, 2021-09-23 This book analyses the determinants behind the openings in party leader selection rules leaders selectorate in 10 Western European countries and more than 55 parties between the mid 1980s and the mid 2010s Presenting a novel and revealing theoretical and empirical framework it tackles the impact of party change and the personalisation of politics specifically using data coming from the first expert survey on the personalisation of politics in Western Europe the PoPES A quantitative analysis is paired with more in depth explorations of two Italian parties the Italian Communist Party Democratic Party of the Left the Northern League and the missed opening of their leader selectorate This book highlights the critical importance of studying party leader selection rules against the backdrop of allegedly declining parties and rising party leaders and concludes by placing its findings in a broader discussion about the future of Western European party leaders This book will be of key interest to scholars and students of political parties and party systems leadership political elites elections democracy and more widely of Western European politics and comparative politics

Party Organization and Electoral Volatility in Central and Eastern Europe Sergiu Gherghina, 2014-10-17 Political parties in post communist countries have very high levels of electoral volatility In these environments political factions fail to establish long term connections with the electorate and thus regularly rise and fall from the political arena This book provides an organizational explanation for the variations in party level electoral volatility It looks comparatively at 29 political parties in six Central and Eastern European democracies between 1990 and 2008 to examine how political parties can influence their electoral environment Using empirical evidence Gherghina tests the effect of candidate selection procedures membership organizations and re nomination of incumbent MPs on voters loyalty and in doing so demonstrates how party organization greatly affects electoral stability Including case studies from Bulgaria Czech Republic Hungary Poland Romania and Slovakia this book will be of interest to students and scholars of comparative politics party politics democratization elections and Central and Eastern European politics

The Routledge Handbook of Political Parties Neil Carter, Daniel Keith, Gyda M. Sindre, Sofia Vasilopoulou, 2023-04-25 The Routledge Handbook of Political Parties provides a systematic and comprehensive overview of the study of political parties provided by leading experts in the field In an era of widespread political disillusionment political parties are often the main targets of citizen dissatisfaction yet they are the key institutions that make democracy work Analysing political parties in unrivalled depth and breadth with comparative thematic chapters throughout as well as a dedicated section on political parties and party politics in specific country and regional settings this handbook examines and illuminates the key questions around how parties organise how their ideologies have evolved over time their relationship with society how they differentiate themselves and how they respond to new social

economic and political developments The Routledge Handbook of Political Parties is essential reading and an authoritative reference for scholars students researchers and practitioners involved in and actively concerned about research in the study of political parties party systems and party politics Political Marketing and British Political Parties Jennifer Lees-Marshment,2008-10-15 The first edition of this book demonstrated that British political parties now attempt to offer a complete product that will appeal to a majority of voters rather than being influenced by a political ideology and firm belief system This new edition provides an updated and more in depth exploration of the political marketing approach including analysis of the 2001 and 2005 elections It re presents the influential theory of market sales and product oriented parties discussing the potential and the limits of consumerism and the need to blend business concepts with a traditional understanding of politics Lees Marshment examines Blair s New Labor Government in order to draw out lessons on delivery maintaining market intelligence and the effect of changing to a leadership approach that goes against country and party Analysis of the Conservatives in opposition shows how the best intentions of party leaders to implement a market orientation can be thwarted by internal resistance and traditional party elites Providing a more reflective and critical analysis the second edition offers a more nuanced discussion on how political parties can not only win elections but govern successfully

Political Parties and Interest Groups in Norway Elin Haugsgjerd Allern,2024-10-31 How do today s political parties relate to other organisations Do they prefer rather distant relationships with a wide range of interest groups or have they virtually detached themselves from civil society altogether Scholars seem to agree that traditionally close relationships such as those between social democratic parties and trade unions have grown weaker since the 1960s But to date only limited systematic research has been conducted While parties and interest groups attract a great deal of attention from political scientists the links between them have been largely overlooked This book is an attempt to bridge the gap starting from the party side of the relationship It throws new light on the topic by presenting a theory driven comprehensive study of Norway s seven major political parties and their relationships with interest groups at the beginning of the new millennium Based on original and extensive data including party documents in depth interviews with key players and a survey of national party elites Elin Haugsgjerd Allern paints a nuanced picture of the nature and significance of these relationships and the factors that shape them A major conclusion is that Norway s parties tend to maintain rather distant but wide ranging relationships with interest groups today However some parties still have fairly strong links with their traditional associates and a narrower network of links with other groups Hence Allern also shows that significant differences exist between parties that are apparently exposed to the same social political and institutional environment The Modern British Party System Paul Webb,Tim Bale,2021 This new edition provides comprehensive and up to date overview of the variety of party systems found at central devolved and local levels in British politics **The Politics of Party Policy** A. Gauja,2015-12-11 Examining the complexities and tensions in relations between party members and parliamentarians through an in depth analysis of the

processes that shape the development of party policy in the UK Australia and New Zealand this book Presents new evidence on the challenges facing parties in encouraging citizen participation in policy development

Political Parties and Party Systems Moshe Maor,2005-08-10 This comprehensive textbook outlines and illuminates the main theories of political parties and party systems Applying these theoretical approaches to British party politics Moshe Maor covers all the key subjects of study including classification of party definitions party systems change party institutionalization cohesion and dissent intraparty conflicts and legislative bargaining multiparty electoral competition Maor's study highlights the importance of the intraparty arena and actors in understanding the shape and behaviour of political parties providing essential reading to students of party systems and of British politics

Political Marketing Kostas Gouliamos,Antonis Theocharous,Bruce I. Newman,2013-11-12 A guiding principle in creating Political Marketing has been to examine the ways in which culture politics and society interrelate in the field of political marketing In the course of the book the editors and contributors consider culture as a distinctive concept with transformative capacities that need further and deeper development in the engineering of the political marketing process This may be introduced and consequently lead to broad formulation of a campaign culture Indeed understanding and adapting a broader campaign culture political marketing models may be seen as sets of pathways of key resources resulting viability in human assets forms of influence class stratification alternative flows of information or networking and intercultural knowledge sharing activity This book consists of 18 chapters which deal with aspects of political marketing and campaign culture Theoretical chapters are found first followed by two chapters that deal with theoretical issues which became a subject of research Next presented are the articles that study aspects of electoral behavior followed by the papers that analyze aspects of nationalism national identity Finally the book concludes with three case studies on various issues in political marketing

Politics UK Bill Jones,Philip Norton,Isabelle Hertner,2021-07-29 This revised and updated tenth edition of the bestselling textbook Politics UK is an indispensable introduction to British politics It provides a thorough and accessible overview of the institutions and processes of British government an excellent grounding in British political history and an incisive introduction to the issues and challenges facing Britain today This edition welcomes three brand new chapters Elites in the United Kingdom Gender and British politics and UK Immigration policy in hostile environment alongside rigorously updated revised chapters It delivers excellent coverage of contemporary events with significant new material covering the Johnson premiership and the national challenge of Covid 19 the end of the May premiership and the implementation of Brexit the Labour Party's transition from Corbyn to Starmer infrastructure and innovation fake news populism and nationalism the UK's place in a post Brexit world climate change social mobility and elite recruitment devolution and regionalism constitutional strain the role of political advisers abuse and incivility in politics and much more Other features of the new edition include A wide range of illustrative material boxes and case studies providing illuminating examples alongside the analysis A comprehensive who's who of politics in the form of Profile boxes featuring key

political figures And another thing pieces containing short articles on salient and pressing topics written by distinguished commentators including Sir John Curtice Sir Simon Jenkins Andrew Rawnsley Baroness Julie Smith of Newnham and Philip Collins Online interviews on the book s website see notable figures from British political life discussing the pressing issues of today With chapters written by highly respected scholars in the field and contemporary articles on real world politics from well known political commentators this textbook is an essential guide for all students of British politics

Political Parties in the UK Alistair Clark,2018-08-22 The second edition of this popular textbook provides a systematic and comprehensive introduction to UK party politics combining chapters on each of the main parties Conservative Labour the Liberal Democrats and the Scottish National Party with an assessment of post devolution Scotland Wales and Northern Ireland Clark analyses the extraordinary recent developments in UK politics including Brexit the 2015 and 2016 Labour leadership contests and the surprise 2017 general election exploring how these events have impacted the political parties the people of the UK and the UK s position in the world The book also covers the rise of minority parties such as UKIP the influence of the media and party campaigning organisation and funding Written in an accessible style this new edition is an essential companion for students taking modules on British Political Parties Party Politics or British Politics more generally as well as functioning as a useful background text for modules in Comparative Political Parties It is an ideal introduction for all readers new to the topic New to this Edition A new chapter on the Scottish National Party takes account of their rise their role as a governing party in Scotland and becoming the third largest party at Westminster Up to date coverage of all the latest developments affecting UK political parties including the Scottish referendum the 2015 and 2017 general elections the 2016 devolved elections and Brexit Extended coverage of the rise and fall of UKIP

Political Marketing Darren G. Lilleker,Jennifer Lees-Marshment,2005-08-06 Political marketing has become a global phenomenon as parties try to copy the market oriented approach employed by Tony Blair to win power for New Labour in 1997 It raises fresh perspectives on the more established political marketing practices in the UK and US such as how to incorporate political leadership within the market oriented framework and the democratic implications when faced with the actual business of governing This book also highlights how the market oriented party approach has spread around the world including Europe and the new democracies of Brazil and Peru The collection also introduces the debate on whether such practices enhance or undermine democracy raising important questions on the future of political marketing

Parties under Pressure Matthias Dilling,2024-08-07 An illuminating investigation into why some parties evolve with their times while others fall behind Around the world established political parties face mounting pressures insurgents on the Left and Right altered media environments new policy challenges and the erosion of traditional strongholds to name just a few Yet parties have differed enormously in their ability to move with the times and update their offers to voters This variation matters While adaptation does not guarantee a party s electoral success the failure to modernize can spell its decline even collapse and create openings for radical and populist

parties that may threaten the future of liberal democracy *Parties under Pressure* examines why some parties adapt meaningfully to social economic and political transformations while others flounder focusing especially on the fate of Western Europe's Christian democratic parties Matthias Dilling reveals the under appreciated importance of party factions While very high levels of factionalism are counter productive and create paralysis more moderate levels of factionalism help parties to adapt by giving visibility to fresh groups and ideas Dilling draws on extensive archival research in Germany Italy and Austria as well as evidence from France Japan and beyond Taking a comparative historical approach *Parties under Pressure* sheds new light on parties varying records of adaptive reforms over more than seventy five years **The Impact of European**

Integration on Political Parties Dimitri Almeida, 2012 Introduction political parties and the politicization of Europe Approaches to the study of party responses to European integration An acquired taste for Europe social democratic parties and European Integration Between reluctant Europeanism and hard Euroscepticism radical left parties and European integration Separate ways liberal parties and European integration Diluted Europeanism Christian democratic parties and European integration Europeanized Eurosceptics radical right parties and European integration Conclusion **Impact of Extreme Right Parties on Immigration Policy** Joao Carvalho, 2013-09-05 Drawing on a mixed research methodology with a strong qualitative character this book traces the political impact of the British National Party in the UK the Front National in France and the Lega Nord in Italy by exploring their contagion effects on immigration politics and policy in particular over the patterns of inter party competition public behaviour and policy developments This book suggests that extreme right party impact on immigration politics and policy is an outcome of the extreme right parties electoral threats to established parties alongside the agency of mainstream political elites It also highlights the decline in the intensity of extreme right parties contagion effects on public attitudes to immigration throughout the late 2000s or the potential overstatement of this political process in the past Featuring detailed case studies of the UK France and Italy as three mature multi party democracies where the extreme right was on the rise during the past decade this work will be of great interest to students and scholars of populism extremism European politics and comparative and party politics The territorial Conservative Party Alan Convery, 2016-07-15 How did the territorial Conservative Party adapt to devolution This detailed analysis of the Scottish and Welsh Conservative Parties explains how they moved from campaigning against devolution to sitting in the Scottish Parliament and Welsh Assembly Tracing the processes of party change in both parties this study explains why the Welsh Conservatives unexpectedly embraced devolution while the Scottish Conservatives took much longer to accept that Westminster was no longer the priority This book will be of interest to students of British Scottish and Welsh politics and anyone who is interested in the Conservative Party It also speaks to wider debates about the nature of devolution party change and multi level governance Routledge Handbook of Regionalism & Federalism John Loughlin, John Kincaid, Wilfried Swenden, 2013-07-18 Almost all states are either federal or regionalized in some sense It is difficult to find a

state that is entirely unitary and the Routledge Handbook of Regionalism and Federalism necessarily takes in almost the entire world Both federalism and regionalism have been subjects of a vast academic literature mainly from political science but sometimes also from history economics and geography This cutting edge examination seeks to evaluate the two types of state organization from the perspective of political science producing a work that is analytical rather than simply descriptive The Handbook presents some of the latest theoretical reflections on regionalism and federalism and then moves on to discuss cases of both regionalism and federalism in key countries chosen from the world s macro regions Assembling this wide range of case studies allows the book to present a general picture of current trends in territorial governance The final chapters then examine failed federations such as Czechoslovakia and examples of transnational regionalism the EU NAFTA and the African Union Covering evolving forms of federalism and regionalism in all parts of the world and featuring a comprehensive range of case studies by leading international scholars this work will be an essential reference source for all students and scholars of international politics comparative politics and international relations

New Zealand Under MMP Jonathan Boston, 1996 Prepared as part of a three year research project begun in mid 1995 based at the Victoria University of Wellington and known as The New Zealand political change project the impact of electoral system change in a small democracy P x

Politics and the Internet in Comparative Context Paul Nixon, Rajash Rawal, Dan Mercea, 2013-07-24 For many years now we have witnessed the developing use of the internet and associated technologies by political actors and organisations Claims and counter claims have been made as its suitability as a tool to help in the struggle to re invigorate political participation in democracies across the globe has been contested This book charts the shifting sands of political activity in the digital age It interrogates the hybrid nature of modern politics as online and offline actions blur the boundaries of traditional politics between real life co presence and the booming virtual domain of politics By so doing it critically reflects on the latest scholarship on the subject while concurrently advancing stimulating new insights into it Encapsulating both the range and the diverse velocities of change in different political arenas and geographical locations this volume seeks to map out a path if not towards the politics of tomorrow then towards a better comprehension of the politics of today Featuring a range of international and comparative case studies presenting research on the UK US Italy France Spain Romania Africa and China this book will be of interest to students and scholars of Politics and Media Political Communication New Media studies Public Administration Sociology Communication Studies Computing and Information and Communications Technologies
