Managing Conflict And Workplace Relationships Module 5:

Managing Conflict and Workplace Relationships Sandra Dean Collins, James S. O'Rourke, 2005 Module 5 Managing Conflict and Workplace Relationships uses an approach that involves far more than dispute resolution or figuring out how limited resources can be distributed equitably among people who think they all deserve more. This module shows us how to manage our own emotions as well as those of others. Creative conflict along with harmony and synchronicity in the workplace are issues too many of us have avoided because we simply didn't understand them or didn't know what to say. Managing Conflict and Workplace Relationships helps readers to understand conflict and clearly illustrates how to deal with it.

Principles and Practices of Management and Organizational Behavior Chandrani Singh, Aditi Khatri, 2024-02-13 This book offers perspectives, insights, techniques, and approaches for efficient and contemporary management practices in an organization. It provides a comprehensive insight into the traditional and contemporary approaches of organizational behavior and their impact on organizational performance in the global era. Ranging from planning to staffing and controlling to strategic decision making, the case studies in the book incorporate relevant modern management models and correlate practices of management from organizational perspectives to allow any organization's direction and environment to be evaluated with suggested recommendations. This textbook consists of two broad parts. The first deals with management trends and functions ranging from the traditional era to the contemporary world. The second part explores the behavioral trends of organizations across domains to analyze the measures taken for improved productivity and sustainability. Drawing theories from psychology, sociology, and economics, this book probes into the interrelation between behavior and holistic management by examining the impact of teamwork, motivation, organizational power, and polity, instituting relevant organizational ethics and strategies to create healthy organizational culture. This book will be useful to students, academicians, management researchers, and industry professionals from the field of general management and organizational behavior. It will also be useful for scholars interested in management studies, behavioural studies, business and development, developmental studies, sociopsychology, management, and business strategies. Next Generation Management Development

Robert D. Cecil, William J. Rothwell, 2007 This innovative, comprehensive, and fully integrated management development program provides a vehicle for enabling managers and leaders to participate more effectively in their organization's OD processes. The concepts, models, tools, and other materials have been used successfully to train managers, leaders, and MD/OD personnel in organizations such as IBM, AT&T, Kraft, Baxter Labs, Sears, Caterpillar, and the U.S. Navy, Army, and Air Force. The accompanying CD-ROM contains customizable tools for OD consultants and facilitators, as well as additional chapter material.
