Professor**

Musikstudium In Deutschland:

Musikstudium in der Bundesrepublik Deutschland Egon Kraus, 1980 *Musikstudium in der Bundesrepublik Deutschland* International Music Council. German Committee, Egon Kraus, 1977 Zeitschrift für Deutschlands Musik-Vereine und Dilettanten, 1842 **Die Hochschule für Musik zu Berlin** Dietmar Schenk, 2004 Die Berliner Hochschule für Musik war eines der bedeutendsten europäischen Konservatorien und zugleich ein Mittelpunkt im Musikleben der preussisch-deutschen Hauptstadt. Gegründet unter der Leitung Joseph Joachim's des großen Geigers und Brahms' Freundes, erhob sie den Anspruch muster-gültiger musikalischer Aufführungen zu etablieren. Während sie in der Kaiserzeit einem romantischen Klassizismus verpflichtet blieb, öffnete sie sich in den 20er Jahren mit Franz Schreker, Paul Hindemith und anderen der Moderne. Das ambitionierte Projekt der Reform und Erweiterung der Hochschule endete mit der nationalsozialistischen Machtergreifung. Diese Geschichte wird in der vorliegenden Monographie erstmals ausführlich dargestellt. Schenk präsentiert ein faszinierendes Kaleidoskop. FAZ: Welch ein Glücksfall und erst spannend zu lesen. Forum Musikbibliothek: Spannend und wissenschaftlich zugleich. Der Tagesspiegel: *Das deutsche Zivilgesetzbuch und das künftige Privatrechts-Studium in Deutschland* Fridolin Eisele, 1885 The German Universities Deutsche Akademische Auslandsstelle, 1928 *Deutsche Nationalbibliographie und Bibliographie der im Ausland erschienenen deutschsprachigen Veröffentlichungen*, 1996 **Hugo Riemanns Musik-Lexikon** Hugo Riemann, 1916 **General Catalogue of Printed Books** British Museum. Department of Printed Books, 1969 Musik-Lexikon Hugo Riemann, 2011 Das einzigartige Lexikon von Hugo Riemanns über Musik in zwei Bänden. Nachdruck des Originals von 1916 **Musik-Lexikon** Hugo Riemann, 1905 Deutsche Rundschau Rudolf Pechel, 1927 **The Twisted Muse** Michael H. Kater, 1999-04-22 Is music removed from politics? To what ends: beneficent or malevolent? Can music and musicians be put in short when human rights are grossly abused and politics turned to fascist demagoguery? Can art and artists be innocent? These questions and their implications are explored in Michael Kater's broad survey of musicians and the music they composed and performed during the Third Reich. Great and small, from Valentin Grimm, a struggling clarinetist, to Richard Strauss, renowned composer, are examined by Kater, sometimes in intimate detail, and the lives and decisions of Nazi Germany's professional musicians are laid out before the reader. Kater tackles the issue of whether the Nazi regime, because it held music in crassly utilitarian regard, acted on musicians in such a way as to consolidate or atomize the profession. Kater's examination of the value of music for the regime and the degree to which the regime attained a positive propaganda and palliative effect through the manner in which it manipulated its musicians, and by extension German music, is of importance for understanding culture in totalitarian systems. This work, with its emphasis on the social and political nature of music and the political attitude of musicians during the Nazi regime, will be the first of its kind. It will be of interest to scholars and general readers eager to understand Nazi Germany to music lovers and to anyone interested in the interchange of music and politics, culture and ideology. Euterpe Eine
