On Moral Considerability An Essay On Who Morally Matters:

On Moral Considerability Mark H. Bernstein, 1998-11-19 In this original study Mark Bernstein ventures into a neglected area of ethics the question of moral enfranchisement to identify the qualities that make an entity deserving of moral consideration In the first part of the book he undertakes a detailed analysis of three influential accounts of moral considerability offering novel arguments to counter two popular theories in defense of a currently unfashionable theory of welfare He develops a qualified mental state account he dubs experientialism the view that having conscious experiences is necessary and sufficient for moral standing and contends that experientialism is superior to both the desire theory and perfectionism In the second part of *On Moral Considerability* Bernstein explores the political implications of accepting the experientialist view Contrary to common philosophical thought he maintains that this position requires us to enlarge our moral sphere to include non human animals And surprisingly he finds that were one to accept either the desire theory or perfectionism these animals still ought to be included in the moral realm Yet he does not seek to expand the moral realm to the extent that deep ecologists champion This contentious look at who morally matters introduces vital new arguments into the fields it touches Its intimate connection between theory and practice will appeal to philosophers of ethics applied ethics and animal ethics And those readers interested in animal rights will be engaged by its discussion of human obligations toward animals **BOOK JACKET**

On Moral Considerability Mark Howard Bernstein, 2023 In this volume Bernstein identifies the qualities that make an entity deserving of moral consideration It is often assumed that only normal human beings count Bernstein argues for experientialism the view that having conscious experiences is necessary and sufficient for moral standing

On Moral Considerability Mark H. Bernstein, 1998-11-19 In this fresh and powerfully argued book Mark Bernstein identifies the qualities that make an entity deserving of moral consideration It is frequently assumed that only normal human beings count Bernstein argues instead for experientialism the view that having conscious experiences is necessary and sufficient for moral standing He demonstrates that this position requires us to include many non human animals in our moral realm but not to the extent that many deep ecologists champion

Animal Ethics and Philosophy Elisa Aaltola, John Hadley, 2014-11-24 Debate in animal ethics needs reenergizing To date philosophers have focused on a relatively limited number of specific themes whilst leaving metaphilosophical issues that require urgent attention largely unexamined This timely collection of essays brings together new theory and critical perspectives on key topics in animal ethics foregrounding questions relating to moral status moral epistemology and moral psychology Is an individualistic approach based upon capacities the best way to ground the moral status of non human animals or should philosophers pursue relational perspectives What does it mean to know animals and speak for them What is the role of emotions such as disgust empathy and love in animal ethics and how does emotion inform the rationalism inherent in analytic animal ethics theory The collection aims to broaden the scope of animal ethics rendering it more inclusive of important contemporary

philosophical themes and pushing the discipline in new directions *The Struggle for Human Rights* Nehal Bhuta, Florian Hoffmann, Sarah Knuckey, Frédéric Mégret, Margaret Satterthwaite, 2021-09-30 The Struggle for Human Rights evaluates the themes of law politics and practice which together define international human rights practice and scholarship Taking as it s inspiration the 40 year career of international human rights advocate Philip Alston this book of essays examines foundational debates central to the evolution of the human rights project It critiques the reform of human rights institutions and reflects on the place of human rights practice in contemporary society Bringing together leading scholars practitioners and critics of human rights from a variety of disciplines The Struggle for Human Rights addresses the most urgent questions posed within the field of human rights today its practice and its theory Rethinking assumptions and re evaluating strategies in the law politics and practice of international human rights this book is essential reading for academics and human rights professionals around the world *Perspectives in Bioethics, Science, and Public Policy* Jonathan Beever, Nicolae Morar, 2013-05-15 In this book nine thought leaders engage with some of the hottest moral issues in science and ethics Based on talks originally given at the annual Purdue Lectures in Ethics Policy and Science the chapters explore interconnections between the three areas in an engaging and accessible way Addressing a mixed public audience the authors go beyond dry theory to explore some of the difficult moral questions that face scientists and policy makers every day The introduction presents a theoretical framework for the book defining the term bioethics as extending well beyond human well being to wider relations between humans nonhuman animals the environment and biotechnologies Three sections then explore the complex relationship between moral value scientific knowledge and policy making The first section starts with thoughts on nonhuman animal pain and moves to a discussion of animal understanding The second section explores climate change and the impact of green nanotechnology on environmental concerns The final section begins with dialog about ethical issues in nanotechnology moves to an exploration of bio banks a technology with broad potential medical and environmental impact and ends with a survey of the impact of biotechnologies on synthetic life itself Contents Part 1 Animals Moral agency moral considerability and consciousness Daniel Kelly and From minds to minding Mark Bernstein Animal Pain What is it and why does it matter Bernard Rollin Part 2 Environment The future of environmental ethics Holmes Rolston III Climate change human rights and the trillionth ton of carbon Henry Shue Ethics environment and nanotechnology Barbara Karn Part 3 Biotechnologies Nanotechnologies Science and society James Leary Ethical issues in constructing and using bio banks Eric Meslin Synthetic life A new industrial revolution Gregory Kaebnick **Philosophy and Theory of Artificial Intelligence** 2017 Vincent C. What Do We Owe Other Animals? Bob Fischer, Anja Jauernig, 2023-12-22 Philosophers Bob Fischer and Anja Jauernig agree that human society often treats animals in indefensible ways and that all animals morally matter they disagree on whether humans and animals morally matter equally In *What Do We Owe Other Animals* A Debate Fischer and Jauernig square off over this central question in animal ethics Jauernig defends the view that all living beings morally matter equally and are owed compassion on account of which we are also obligated to adopt a vegan diet Fischer denies that we have an obligation to become vegans and argues for the position that humans morally matter more than all other living creatures The two authors each offer a clear well developed opening statement a direct response to the other's statement and then a response to the other's response Along the way they explore central questions like What kind of beings matter morally What kind of obligations do we have towards other animals How demanding can we reasonably expect these obligations to be Do our individual consumer choices such as the choice to purchase factory farmed animal products make a difference to the wellbeing of animals The debate is helpfully framed by introductions and conclusions to each of the major parts and by smaller introductions to each of the sub sections A Foreword by Dustin Crummett sets the context for the debate within a larger discussion of sentience moral standing reason guided compassion and the larger field of animal ethics Key Features Showcases the presentation and defense of two points of view on the moral worth of non human animals Provides frequent summaries of previously covered material Includes a topically organized list of Further Readings and a Glossary of all specialized vocabulary

Terrorists Or Freedom Fighters? Steven Best, Anthony J. Nocella, 2004 The first anthology of writings on the history ethics politics and tactics of the Animal Liberation Front *Terrorists or Freedom Fighters* features both academic and activist perspectives and offers powerful insights into this international organization and its position within the animal rights movement Calling on sources as venerable as Thomas Aquinas and as current as the Patriot Act and in some cases personal experience the contributors explore the history of civil disobedience and sabotage and examine the philosophical and cultural meanings of words like terrorism democracy and freedom in a book that ultimately challenges the values and assumptions that pervade our culture Contributors include Robin Webb Rod Coronado Ingrid Newkirk Paul Watson Karen Davis Bruce Friedrich Patrice Jones and others

The Bloomsbury Guide to Philosophy of Disability Shelley Lynn Tremain, 2023-11-16 The *Bloomsbury Guide to Philosophy of Disability* is a revolutionary collection encompassing the most innovative and insurgent work in philosophy of disability Edited and anthologized by disabled philosopher Shelley Lynn Tremain this book challenges how disability has historically been represented and understood in

philosophy it critically undermines the detrimental assumptions that various subfields of philosophy produce resists the institutionalized ableism of academia to which these assumptions contribute and boldly articulates new anti ableist anti sexist anti racist queer anti capitalist anti carceral and decolonial insights and perspectives that counter these assumptions This rebellious and groundbreaking book s chapters most of which have been written by disabled philosophers are wide ranging in scope and invite a broad readership The chapters underscore the eugenic impetus at the heart of bioethics talk back to the whiteness of work on philosophy and disability with which philosophy of disability is often conflated and elaborate phenomenological poststructuralist and materialist approaches to a variety of phenomena Topics addressed in the book include ableism and speciesism disability race and algorithms race disability and reproductive technologies disability and music disabled and trans identities and emotions the apparatus of addiction and disability race and risk With cutting edge analyses and engaging prose the authors of this guide contest the assumptions of Western disability studies through the lens of African philosophy of disability and the developing framework of crip Filipino philosophy articulate the political and conceptual limits of common constructions of inclusion and accessibility and foreground the practices of epistemic injustice that neurominoritized people routinely confront in philosophy and society more broadly A crucial guide to oppositional thinking from an international intersectional and inclusive collection of philosophers this book will advance the emerging field of philosophy of disability and serve as an antidote to the historical exclusion of disabled philosophers from the discipline and profession of philosophy The Bloomsbury Guide to Philosophy of Disability is essential reading for faculty and students in philosophy disability studies political theory Africana studies Latinx studies women s and gender studies LGBTQ studies and cultural studies as well as activists cultural workers policymakers and everyone else concerned with matters of social justice Description of the book s cover The book s title appears on two lines across the top of the cover which is a salmon tone The names of the editor and the author of the foreword appear in white letters at the bottom of the book The publisher s name is printed along the right side in white letters At the centre a vertical white rectangle is the background for a sculpture by fibre artist Judith Scott The sculpture combines layers of shiny yarn in various colours including orange pink brown and rust woven vertically on a large cylinder and horizontally around a smaller cylinder as well as blue yarn woven around a protruding piece at the bottom of the sculpture The sculpture seems to represent a body and head of a being sitting down a being with one appendage a fat person or a little person

Normative Subjects Meir Dan-Cohen, 2016-08-02

Normative Subjects alludes to the fields of morality and law as well as to the entities self and collectivity addressed by these clusters of norms The book explores connections between the two The conception of self that informs this book is the joint product of two multifaceted philosophical strands the constructivist and the hermeneutical Various schools of thought view human beings as self creating by pursuing our goals and promoting our projects and so while abiding by the various norms that guide us in these endeavors we also determine human identity The result is an emphasis on a reciprocal relationship

between law and morality on the one side and the composition and boundaries of the self on the other In what medium does this self creation take place and who exactly is the we engaged in it The answer suggested by the hermeneutical tradition provides the book with its second main theme Like plays and novels human beings are constituted by meaning and these meanings vary in their level of abstraction Self creation is a matter of fixing and elaborating these meanings at different levels of abstraction the individual the collective and the universal A key implication of this picture explored in the book is a conception of human dignity as accruing to us qua authors of the values and norms by which we define our selves individually and collectively

Disability and Animality Stephanie Jenkins, Kelly Struthers Montford, Chloë Taylor, 2020-03-26 The fields of Critical Disability Studies and Critical Animal Studies are growing rapidly but how do the implications of these endeavours intersect Disability and Animality Crip Perspectives in Critical Animal Studies explores some of the ways that the oppression of more than human animals and disabled humans are interconnected Composed of thirteen chapters by an international team of specialists plus a Foreword by Lori Gruen the book is divided into four themes Intersections of Ableism and Speciesism Thinking Animality and Disability together in Political and Moral Theory Neurodiversity and Critical Animals Studies Melancholy Madness and Misfits This book will be of interest to undergraduate and postgraduate students as well as postdoctoral scholars interested in Animal Studies Disability Studies Mad Studies philosophy and literary analysis It will also appeal to those interested in the relationships between speciesism ableism saneism and racism in animal agriculture culture built environments and ethics

In Search of Consistency: Ethics and Animals Lisa Kemmerer, 2006-08-01 In Search of Consistency is the most comprehensive examination to date of moral theories and animal ethics This large volume unveils and explores the work of Tom Regan rights theory Peter Singer utilitarian Paul Taylor environmental ethics and Andrew Linzey theology not only digging deep into critical analysis of extant theories but feeding the flames of a now flourishing dialogue at the intersections of animal ethics environmental ethics and religious ethics This book ultimately presents a new approach the Minimize Harm Maxim which exposes through real and hypothetical scenarios common practices as patently irrational and raises questions few authors are willing to entertain about the way we value life and our attitudes toward death At every turn In Search of Consistency reminds that ethics carry an expectation of action that ethics are intended to guide how we live

Reasons and the Good Roger Crisp, 2006-08-24 This work offers answers to some of the questions in moral philosophy including What reasons do we have for acting in one way or another Are there moral reasons What are

reasons anyway How can we know about them What makes for a good human life How should we weigh the well being of others against our own

Should Robots Have Standing? The Moral and Legal Status of Social Robots Anne Gerdes, Mark Coeckelbergh, David Gunkel, 2022-07-07

The Legacy of Socrates James Rachels, 2007 James Rachels's philosophical writings address key questions of contemporary life and the classic dilemmas of moral philosophy A leading figure in the development of applied ethics James Rachels became an influential and sometimes controversial thinker on issues concerning animal rights euthanasia bioethics and moral objectivity This final collection of James Rachels's work brings together fourteen essays that best summarize Rachels's philosophical positions The essays also shed new light on the depth and breadth of Rachels's work and its importance for contemporary philosophy Written in Rachels's characteristically lucid literary prose these essays address the relationship between morality and reason the duty to relieve both human and animal suffering the independence of morality from religion the rejection of relativism and egoism and the role of ethics in a democratic society Rachels offers an argument for vegetarianism examines a controversial case involving a surrogate mother and speculates on the ethics of political killing Other essays range from Rachels's interpretation of Nietzsche's philosophy to his appreciation of movies Rachels was a strong believer in the ability of moral philosophy to improve our lives This collection which brings these important works together for the first time is a testament to both the value of moral philosophy in understanding our world and the richness of Rachels's contributions to this understanding

Animal Suffering: Philosophy and Culture E. Aaltola, 2012-07-31 Exploring how animal suffering is made meaningful within Western ramifications the book investigates themes such as skepticism concerning non human experience cultural roots of compassion and contemporary approaches to animal ethics At its center is the pivotal question What is the moral significance of animal suffering

Making a Stand for Animals Oscar Horta, 2022-06-23 Engaging and thought provoking this book examines how humans see and treat other animals and argues that we should extend equal consideration and respect to all beings human and nonhuman alike Our world is plighted by isms such as racism and sexism but we may have overlooked a very important one speciesism Speciesism is a form of discrimination against those who don't belong to a certain species It drives us to see nonhuman animals as objects rather than individuals with their own interests and with the ability to feel and suffer This book questions all of the assumptions speciesism is based upon It raises many challenging questions over humans very complicated attitudes toward other animals Thinking about how animals are used as well as the suffering of wild animals and what the future may be for all beings this book calls for society to seriously take into account the interests of all animals For all who care about animals or simply how to make the world a better place this book is essential reading

Ethical and Political Approaches to Nonhuman Animal Issues Andrew Woodhall, Gabriel Garmendia da Trindade, 2017-08-28 This book offers ethical and political approaches to issues that nonhuman animals face The recent political turn in interspecies ethics from ethical to political approaches has arisen due to the apparent lack of success of the

nonhuman animal movement and dissatisfaction with traditional approaches Current works largely present general positions rather than address specific issues and principally rely on mainstream approaches This book offers alternative positions such as cosmopolitan libertarian and left humanist thought as well as applying ethical and political thought to specific issues such as experimentation factory farming nonhuman political agency and intervention Presenting work by theorists and activists insights are offered from both ethics and politics that impact theory and practice and offer essential considerations for those engaging in interspecies ethics within the political turn era
