Pawned Sovereignty:

Sovereign Evolution Ezra Aharon, 2008 From emancipation to segregation to integration African Americans exist today by virtue of a continuum of political evolutions each of which is built upon prior legacies and achievements In advancing our political progression Sovereign Evolution re declares freedom and equality in 21st century terms using sovereign principles and standards Whether the issue concerns Katrina and Jena or being underrepresented in Congress and overrepresented in penitentiaries the common thread as Ezra Aharon demonstrates is that African Americans are an Un Sovereign People who pay varying degrees of Un Sovereign Consequences Thus in a very methodical manner he circumscribes sovereignty in a universal and historical context that confers African Americans with just as much integrity and authority as any other people to espouse and employ sovereign aspirations The ideological framework herein self applies and legitimizes the concept of sovereignty in ways that no other work has succinctly captured in politically relatable terms specific for African Americans Realizing that not all African Americans will embrace sovereign values Aharon uniquely specifies how a Sovereign Evolution can mutually advance the best interests of us all without conflict or compromise to core beliefs of anyone Accordingly the book sets a platform to infuse sovereign discourse into mainstream domains that reach from street corners of the hoods to Black universities to church congregations to the halls of Congress The advent of President Barack Obama indicates a necessary and long awaited political shift in time and history which also conveys veiled implications of our sovereign potentials as a people What once seemed politically improbable has proven to be politically achievable Our only political limitations exist within the limits of our vision and courage To this end Ezra Aharon factually sculpts the sociopolitical substance of our historical experience into a sovereign consciousness and political language to initiate a Manifest Destiny from Civil Rights to Sovereign Rights The Sovereign Psyche Ezra Aharon, 2016-04-30 The Sovereign Psyche is not just the title of the book More importantly The Sovereign Psyche is the motivating consciousness intellect and willpower that is necessary to materialize what the book defines as Self Authentic Freedom as opposed to Chattel Freedom Chattel freedom is when the value of a people is predicated upon the extent to which they serve the interests and institutions of others As such this work asserts that there is no such thing as intellectual or institutional equality and that Black African people have been unknowingly thrust into an intellectual and institutional war where second place finishers either experience varying degrees of chattel freedom or they could end up dead Regardless of the issue genuine solutions entail what we as Black African people intellectually and institutionally do for ourselves If Black Lives Matter we must channel the end uses of our intellect and the resources of our institutions to not only prove and enforce it but also leverage powers to penalize and or repudiate violators Although this work centers upon Black African people the sovereign functions and frameworks herein are universal in application being that today's world rotates upon systems of sovereignty and power not beliefs in democracy or equality In this context the sovereign concepts and criteria presented are

far more rational than radical The central question is to what extent will Black African people harness the willpower and employ the intellect of The Sovereign Psyche to actualize our own systems and institutions of self authentic freedom government and development without apology or permission This work offers the ideological apparatus to make this possible just as others are doing all around the globe **Raise Your Brown Black Fist** Kevin Alberto Sabio,2010-03 The digital sensation that set fire to the cyber world now invades the real world Much has been said of the supposed rift between the Black and Brown communities with accusatory fingers being pointed at both sides The combined literary efforts in Raise Your Brown Black Fist seeks to dispel the rhetoric and spit the truth Whether breaking it down in layman s terms or spitting the truth using Hip Hop vernacular this is a must read that can help in bridging the gap between the two communities

Scattered Assets Baruti I. M. Katembo,2012-02-25 Scattered Assets seeks to be a conduit for facilitating a much needed and provocative dialogue on optimal 21st Century Pan African development through understanding the leverage and power of resource use a selected 8 work anthology of the author s speeches and writings from the vantage points of human capital sociotechnology culture and economics is used to discuss empowerment The notion of African Americans and the African continent becoming mutual resources is a major recurring and explained theme Also the book offers a fresh perspective and analysis and thus a new conversation on empowering African people and associated interests through prudent use of existing tools and assets Micronations and the Search for Sovereignty Harry Hobbs,George Williams,2022-01-06 Political

disagreement is a fact of life It can prompt people to stand for public office and agitate for political change Others take a different route they start their own nation Micronations and the Search for Sovereignty is the first comprehensive examination of the phenomenon of people purporting to secede and create their own country It analyses why micronations are not states for the purposes of international law considers the factors that motivate individuals to separate and found their own nation examines the legal justifications that they offer and explores the responses of recognised sovereign states In doing so this book develops a rich body of material through which to reflect on conventional understandings of statehood sovereignty and legitimate authority Authored in a lively and accessible style Micronations and the Search for Sovereignty will be valuable reading for scholars and general audiences **Central Criminal Court. Parliament,1965 Blue Pawn, Red Pawn and the Communist Party of Vietnam's Gambit for Legitimacy Nguyen Hoang Thanh Danh,2025-03-10 This is a long awaited book discussing systematically the political system in Vietnam Why has the present political regime continued for such a long period and what are the resources of legitimacy concerning the communist rule The book also covers the recent development in the political scene including the anti corruption campaign and the frequent changes in the top leadership Shiraishi Masaya Emeritus Professor Waseda University Former Chairman Japan Society for Vietnamese Studies As a business journalist at Forbes Vietnam understanding shifts in socioeconomic

trends and policymaking processes is crucial for my work I am pleased to endorse this research book on Vietnam politics and the legitimacy building of the one party state's leadership The book delves into the intricate dynamics of the Communist Party of Vietnam's legitimacy which are instrumental in understanding the economic policies and reforms that have shaped Vietnam's growth especially since the Doi Moi era The exploration of current challenges including Western influence corruption governance issues and territorial disputes offers a comprehensive understanding of the pressures faced by the CPV While the book may not be an easy read for the general public it remains a valuable and rare contribution to the study of Vietnam politics an area that in my opinion has not been covered well or frequently enough Nguyen Trong Nam Journalist Forbes Vietnam
