Peking Politics, 1918-1923 Andrew James Nathan, 1976 **Peking politics, 1918-1923** Andrew James Nathan, 1976

1919 - The Year That Changed China Elisabeth Forster, 2018-03-05 The year 1919 changed Chinese culture radically but in a way that completely took contemporaries by surprise At the beginning of the year even well informed intellectuals did not anticipate that for instance baihua a precursor of the modern Chinese language communism Hu Shi and Chen Duxiu would become important and famous all of which was very obvious to them at the end of the year Elisabeth Forster traces the precise mechanisms behind this transformation on the basis of a rich variety of sources including newspapers personal letters student essays advertisements textbooks and diaries She proposes a new model for cultural change which puts intellectual marketing at its core This book retells the story of the New Culture Movement in light of the diversified and decentered picture of Republican China developed in recent scholarship It is a lively and ironic narrative about cultural change through academic infighting rumors and conspiracy theories newspaper stories and intellectuals hell bent on selling agendas through powerful buzzwords Government, Imperialism and Nationalism in China Chihyun Chang, 2013-08-06 The Chinese Maritime Customs Service which was led by British staff is often seen as one of the key agents of Western imperialism in China the customs revenue being one of the major sources of Chinese government income but a source much of which was pledged to Western banks as the collateral for and interests payments on massive loans This book however based on extensive original research considers the lower level staff of the Chinese Maritime Customs Service and shows how the Chinese government struggling to master Western expertise in many areas pursued a deliberate policy of encouraging lower level staff to learn from their Western superiors with a view to eventually supplanting them a policy which was successfully carried out The book thereby demonstrates that Chinese engagement with Western imperialists was in fact an essential part of Chinese national state building and that what looked like a key branch of Chinese government delegated to foreigners was in fact very much under Chinese government control **Peking Politics, 1918-1923, Factionalism and the Failure of Constitutionalism** Andrew J. Nathan, 1976 **The Beijing Young Women's Christian Association, 1927-1937** Aihua Zhang, 2021-11-16 By exploring the interplay among gender religion and modernity this book exposes the part Chinese Christian women played in China's quest for a strong nation in general and in Republican Beijing's modern transformation in particular Focusing on the Beijing Young Women's Christian Association YWCA the author examines how the Association guided by the Christian tenet to serve not to be served tailored its Western models and devised new programs to meet the city's demands Its enterprises ranged from providing women and child oriented facilities to promoting constructive recreational activities and from reforming home and family to improving public health Through an analysis of these endeavors the author argues that the Chinese YW women's contribution to the city's modernity was a creative embodiment of the then socially targeted missionary movement known as the Social Gospel In the process they demonstrated

their distinctive new ideals of womanhood featuring practicality social service and broad cooperation These qualities set them apart from both traditional women and other brands of the New Woman While criticized as trivial their efforts however pioneered modern social service in China and complemented what municipal authorities and other progressive groups undertook to modernize the city *Athens after the Peloponnesian War (Routledge Revivals)* Barry Strauss,2014-06-17

Historians are used to studying the origins of war The rebuilding in the aftermath of war is a subject that at least in the case of Athens has received far less attention Along with the problems of reconstructing the economy and replenishing the population the problem of renegotiating political consensus was equally acute Athens after the Peloponnesian War first published in 1986 undertakes a radically new investigation into the nature of Athenian political groups The general model of faction provided by political anthropology provides an indispensable paradigm for the Athenian case More widely Professor Strauss argues for the importance of the economic social and ideological changes resulting from the Peloponnesian War in the development of political nexus Athens after the Peloponnesian War offers a detailed demographic analysis astute insight into political discourse and is altogether one of the most thorough treatments of this important period in the Athenian democracy **Constitutional Foundings in Northeast Asia** Kevin YL Tan,Michael Ng,2021-12-16 This new book in the Constitutionalism in Asia series considers the idea of origins and of change and continuity in terms of constitution making which is an on going process in the Northeast Asian states The book examines the drafting nature core values and roles of the first modern constitutions during the founding of the 8 modern states territories in Northeast Asia China 1949 Taiwan 1947 Hong Kong SAR 1997 Macau SAR 1999 Japan 1889 North Korea 1948 and 1972 South Korea 1948 and Mongolia 1924 The collection provides an exploratory description of the process and substantive inputs in the making of the first constitutions of these nations territories analysis of the internal and external including intra regional forces surrounding the making of these constitutions and theoretical construction of models to conceptualise the nature and role of the first constitutions including constituent documents in the founding of the modern nation states territories and their subsequent impact on state building in the region **Bankers and Diplomats in China 1917-1925** Roberta Allbert Dayer,2013-11-05 First Published in 1981 Contrary to Chairman Mao s assertion that political power comes from the barrel of a gun this study contends that political power in China in the early 1920s emanated from the boardrooms of foreign banks The author s interest in the way financial concerns have shaped foreign policy began with the discovery that the Lloyd George government attempted to influence the American government s policy on the British war debts by offering concessions concerning the renewal of the Anglo Japanese Alliance This study should provide understanding concerning the causes of Chinese bitterness as well as suggest the conflicts experienced by diplomats in balancing public and private interests **Diplomacy and Deception** Bruce A. Elleman,1997 Utilizes archival documents to argue against the perception that America turned its back on China during the Paris Peace Conference a belief that convinced many Chinese to turn to Soviet Russia instead The author

contends that President Wilson did everything in his power to help China Chapters focus on topics such as the origins of the United Front Policy assertion of Soviet control over the Chinese Eastern Railway the restoration of Russian territorial concessions and Soviet Foreign policy and the Chinese Communist Party Annotation copyrighted by Book News Inc Portland OR *The Power of Position* Timothy B. Walder, 2015-04-06 China s Communist Party seized power in 1949 after a long guerrilla insurgency followed by full scale war but the revolution was just beginning Andrew Walder narrates the rise and fall of the Maoist state from 1949 to 1976 an epoch of startling accomplishments and disastrous failures steered by many forces but dominated above all by Mao Zedong *Turbulence in the Pacific* Noriko Kawamura, 2000-06-30 Although events in East Asia were a sideshow in the great drama of World War I what happened there shattered the accord between Japan and the United States This book pursues the two fold question of how and why U S Japanese tensions developed into antagonism during the war by inquiring into the historical sources of both sides Kawamura explains this complex phenomenon by looking at various factors conflicts of national interests geopolitical and economic perceptual problems such as miscommunication miscalculation and mistrust and most important of all incompatible approaches to foreign policy America s universalism and

the unilateralism inherent in Wilsonian idealistic internationalism clashed with Japan's particularistic regionalism and the pluralism that derived from its strong sense of racial identity and anti-Western nationalistic sentiments. By looking at the motives and circumstances behind Japan's expansionist policy in East Asia, Kawamura suggests some of the centrifugal forces that divided the nations and challenged the premise of Wilsonian internationalism. At the same time, through critical examination of the Wilson administration's universalist and unilateral response to Japan's actions, she raises serious questions about the effectiveness of American foreign policy. At the close of the 20th century, after 50 years of Cold War, those in search of a new world order tend to resort to Wilsonian rhetoric. This book suggests that it can be unwise to apply a universalistic and idealistic approach to international conflicts that often result from extreme nationalism, regionalism, and racial rivalry.

Young Mongols and Vigilantes in Inner Mongolia's Interregnum Decades, 1911-1931 Christopher Atwood, 2022-10-04. In *Young Mongols and Vigilantes in Inner Mongolia's Interregnum Decades, 1911-1931*, a vivid narrative of the underground world of pan-Mongol agitation in China, the author shows how the paradoxical legacy of China's New Policies reforms left ethnically based nationalism as the only common denominator for political action. In the turbulent years of China's warlord republic, educated Mongol nationalists and rural vigilantes sought to unify Inner Mongolia with the independent state in Mongolia proper. Brought together by the Soviet embassy, the nationalists fought for an autonomous Inner Mongolia until their final doomed uprisings of 1928. Based on previously closed Mongolian archives, *Young Mongols and Vigilantes* is a path-breaking contribution to the history of Soviet involvement in Inner Mongolia, Chinese Communist nationality policy, and the social history of multi-ethnic Inner Mongolia. The print edition is available as a set of two volumes, 9789004126077.

Popular Protest And Political Culture In Modern China Jeffrey N. Wasserstrom, 2018-02-07. This innovative and widely praised volume uses the dramatic occupation of Tiananmen Square as the foundation for rethinking the cultural dimensions of Chinese politics. Now in a revised and expanded second edition, the book includes enhanced coverage of key issues such as the political dimensions of popular culture, addressed in a new chapter on Chinese rock and roll by Andrew Jones, and the struggle for control of public discourse in the post-1989 era, discussed in a new chapter by Tony Saich. Two especially valuable additions to the second edition are art historian Tsao Tsing-yuan's eyewitness account of the making of the Goddess of Democracy and an exposition of Chinese understandings of the term revolution contributed by Liu Xiaobo, one of China's most controversial dissident intellectuals. The volume also includes an analysis by noted social theorist and historical sociologist Craig C. Calhoun of the similarities and differences between the new social movements of recent decades and the old social movements of earlier eras.

TEXT CONCLUSION To facilitate classroom use, the volume has been reorganized into groups of interrelated essays. The editors introduce each section and offer a list of suggested readings that complement the material in that section.
