GRADIVA JOURNAL OF CONTEMPORARY THEORY AND PRACTICE ,2000 *Seeing Faith, Printing Pictures: Religious Identity during the English Reformation* David J. Davis,2013-03-27 Scholarship on religious printed images during the English Reformation 1535 1603 has generally focused on a few illustrated works and has portrayed this period in England as a predominantly non visual religious culture The combination of iconoclasm and Calvinist doctrine have led to a misunderstanding as to the unique ways that English Protestants used religious printed images Building on recent work in the history of the book and print studies this book analyzes the widespread body of religious illustration such as images of God the Father and Christ in Reformation England assessing what religious beliefs they communicated and how their use evolved during the period The result is a unique analysis of how the Reformation in England both destroyed certain aspects of traditional imagery as well as embraced and reformulated others into expressions of its own character and identity

Imagining the Self, Imagining the Other Eva Frojmovic,2021-10-05 This collection revisits the complex subject of medieval visual representations of Jews and Judaism by themselves and by Christians The topics range from questions of Jewish identity in Iberian illuminated Hebrew manuscripts 13th 14th centuries to representations of Synagoga and Judas in the Bible Moralis e and cathedral sculpture to early modern Jewish self images The essays are prefaced by a critical study of the discovery of medieval Jewish art among art historians and cultural activists ca 1900 35 The volume will be of value to art historians as well as medieval and early modern historians with an interest in Jewish culture and Jewish Christian relations Contributors include Michael Batterman Marc Michael Epstein Eva Frojmovic Thomas Hubka Sara Lipton Annette Weber and Diane Wolfthal *Imagining God* Garrett Green,1998 Garrett Green examines the point at which divine revelation and human experience meet where the priority of grace is acknowledged while allowing its dynamics to be described in analytical and comparative terms as a religious phenomenon *The Faith of the People* Orlando O. Espín,1997 Popular Catholicism is one of the most distinctive elements of Latino culture an essential dimension of any project of Latino theology In *The Faith of the People* Orlando Espin presents the most concentrated and systematic reflection on this theme Examining such traditions as devotion to the crucified Christ and to the Virgin of Guadalupe Espin shows how Popular Catholicism offers a source for vital insight into such theological issues as the nature of God the Trinity Christology and salvation As Espin explains it is a matter of taking seriously the expressions of faith of ordinary people not simply as a sociological phenomenon or a pastoral problem but as a font of intuition wisdom and living revelation As Robert Goizueta observes in his Foreword *The Faith of the People* has great significance for the church as a whole as it struggles with the issues raised in an increasingly polycentric and multicultural time The stubborn faith of Latino Catholics in the ultimate goodness of life even in the midst of affliction remains at the heart of Latino Popular Catholicism This faith in God s gift not only to the U S Latino community but to the entire church and to all peoples BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights
