Daniel Ingram,2020-01-20 The very idea that the teachings can be mastered will arouse controversy within Buddhist circles Even so Ingram insists that enlightenment is an attainable goal once our fanciful notions of it are stripped away and we have learned to use meditation as a method for examining reality rather than an opportunity to wallow in self absorbed mind noise Ingram sets out concisely the difference between concentration based and insight vipassana meditation he provides example practices and most importantly he presents detailed maps of the states of mind we are likely to encounter and the stages we must negotiate as we move through clearly defined cycles of insight Its easy to feel overawed at first by Ingram s assurance and ease in the higher levels of consciousness but consistently he writes as a down to earth and compassionate guide and to the practitioner willing to commit themselves this is a glittering gift of a book In this new edition of the bestselling book the author rearranges revises and expands upon the original material as well as adding new sections that bring further clarity to his ideas **Holistic Nursing: A Handbook for Practice** Barbara Montgomery Dossey,Lynn Keegan,2008-05-06

Divine Archetypes Victor Hale, 2025-02-09 Divine Archetypes The Power of Ancient Gods Before science divided the world into rigid categories there was a deeper wisdom an ancestral map guiding those who dared to listen This knowledge was never lost only silenced Now it resurfaces in Divine Archetypes a transformative exploration of mythology psychology and spirituality that reveals the living presence of ancient gods within the human psyche Victor Hale leads you on a journey through the divine forces that shape your mind emotions and personal growth Ares awakens courage in the face of adversity Athena whispers wisdom in moments of uncertainty and Aphrodite dances through the currents of love and connection Each deity embodies an archetype a force that resides within you waiting to be understood and integrated Through powerful reflections guided meditations and practical rituals this book becomes more than a reading experience it is a key to unlocking your inner divine From the sacred breath of Deva to the visionary insight of Isis from the warrior's discipline of Shiva's yoga to the prophetic wisdom of Odin's runes each chapter offers tools to reclaim your ancestral strength Society teaches you to ignore these forces to confine your identity to logic productivity and labels But why then do so many feel lost Why do anxiety and emptiness persist even in those who seemingly have it all Because something essential has been severed the connection to the divine within This book is a portal one that invites you to step beyond mere existence and into a state of profound self awareness and transformation Those who accept this path will never be the same **Companion to Literary**
