this radicalism has to be balanced against Lewis's conservatism. Ellingtonia W. E. Timmer, 2000-01-01. Duke Ellington 1899-1974 is recognized as one of the great composers and orchestra leaders of the twentieth century and is credited for raising jazz to its highest plateau. He remained musically active through his entire life, creating a prolific musical output. *Ellingtonia: The Recorded Music of Duke Ellington and His Sidemen* compiles Ellington's entire musical catalog from the first recording session in July 1923 to the last concert in March 1974. More than a discography, the book comprises all the activities of these musicians, including studio recordings, movie soundtracks, concerts, dance dates, radio broadcasts, telecasts, and private and unissued recordings, as well as recordings made by Ellington's sidemen under their own names or with other bands. W. E. Timmer provides the date, location, and personnel for each session, the label, first issue, master, and take numbers, if available, and song title, including alternate titles and derivatives. Containing a comprehensive guide for users and indexes of titles, musicians, cities, venues, and general subjects, this completely revised and updated 5th edition also contains a new section listing Ellington's radio broadcasts and telecasts. Complete with extensive footnotes, *Ellingtonia* remains an indispensable and easy-to-use reference source for jazz collectors and scholars. Shock Waves Zonglin Jiang, 2010-05-30. The 24th International Symposium on Shock Waves (ISSW24) was held at the Beijing Friendship Hotel during July 11-16, 2004, in Beijing. It was a great pleasure for the Local Organizing Committee to organize the ISSW in China for the first time, because forty-seven years have passed since the First Shock Tube Symposium was held in 1957 at Albuquerque. The ISSW24 had to be postponed for one year because of the SARS outbreak in Beijing, shortly before the Symposium was scheduled to be held in 2003, but it has achieved success due to the continuous support and kind understanding from all the delegates. It is very heart-warming to have had such an experience, and I am very happy to have served as chairman for the Symposium. I would like to thank all for the contributions and help that they have given us over the past three years without which we would not have had the Symposium. A total of 460 abstracts were submitted to the ISSW24. Each of the abstracts was evaluated by three members of the Scientific Review Committee, and the decision on acceptance was made based on the reviewers' reports. 195 oral papers, including 9 plenary lectures, were accepted to be presented in three parallel sessions, and 135 poster papers in three dedicated poster sessions.
