## **Man Lenin:**

**Lenin** Victor Sebestyen, 2017-11-07 Victor Sebestyen's riveting biography of Vladimir Ilyich Lenin the first major biography in English in nearly two decades is not only a political examination of one of the most important historical figures of the twentieth century but also a fascinating portrait of Lenin the man Brought up in comfort and with a passion for hunting and fishing chess and the English classics Lenin was radicalized after the execution of his brother in 1887 Sebestyen traces the story from Lenin's early years to his long exile in Europe and return to Petrograd in 1917 to lead the first Communist revolution in history Uniquely Sebestyen has discovered that throughout Lenin's life his closest relationships were with his mother his sisters his wife and his mistress The long suppressed story told here of the love triangle that Lenin had with his wife Nadezhda Krupskaya and his beautiful married mistress and comrade Inessa Armand reveals a more complicated character than that of the coldly one dimensional leader of the Bolshevik Revolution With Lenin's personal papers and those of other leading political figures now available Sebestyen gives us new details that bring to life the dramatic and gripping story of how Lenin seized power in a coup and ran his revolutionary state The product of a violent tyrannical and corrupt Russia he chillingly authorized the deaths of thousands of people and created a system based on the idea that political terror against opponents was justified for a greater ideal An old comrade who had once admired him said that Lenin desired the good but created evil This included his invention of Stalin who would take Lenin's system of the gulag and the secret police to horrifying new heights In Lenin Victor Sebestyen has written a brilliant portrait of this dictator as a complex and ruthless figure and he also brings to light important new revelations about the Russian Revolution a pivotal point in modern history With 16 pages of black and white photographs **The Man Lenin** Isaac Don Levine, 1924 **Lenin** Stefan T.

Possony, 2017-04-21 Originally published in the UK in 1966 this was the first biography of Lenin which tied together extensive material unearthed in WWII and it illuminates the complex personality and explains the riddle of Lenin's seemingly impossible rise to power Using primary sources such as previously inaccessible documents from the German Austrian and Japanese foreign offices and the vast holdings of the Hoover Institution the book cuts through many contemporaneous myths in Communist sources The volume is a landmark in the study of the birth of Soviet Communism and its revolutionary enterprise

**Lenin's Political Thought** Neil Harding, 2009 Caricatured as a superhuman idol in the former Communist states the Russian revolutionary socialist V I Lenin has long been reversely caricatured in the West as an authoritarian elitist In this brilliant carefully researched analysis Neil Harding upends these traditional Cold War interpretations of Lenin's thought and activity Harding shows how Lenin's flexible and continuously changing theoretical strategic and tactical insights were firmly grounded in the emancipatory potential for working class revolution in Russia and around the world Neil Harding is an internationally renowned scholar of Soviet history **Lenin's Private War** Lesley Chamberlain, 2008-06-24 In the autumn of 1922 Lenin personally drew up a list of some 220 undesirable intellectuals mostly philosophers academics

scientists and journalists to be deported before the creation of the Soviet Union in December that year Two ships sailed from Petrograd that autumn taking around seventy of these eminent men and their families away to what became permanent exile in Berlin Prague and Paris Lenin's Private War tells the story of these writers journalists and scholars expelled from their homeland It describes the world they left behind and the emigre communities they were forced to join Lesley Chamberlain paints a rich portrait of this chilling historical moment using the journals letters and memoirs of those involved Lenin's Private War also tells the story of the fate of ideas not just those of Lenin but also of the men forced to leave their homeland Men like Nicholas Berdyaev Semyon Frank and Sergei Bulgakov made unique contributions to the intellectual life of the twentieth century through their work on creativity and faith They perpetuated core Russian cultural traditions that were banned in the Soviet Union and incomparably deepened Western understanding of Russian history and culture [Lenin and Gandhi](#) René Fülöp-Miller,1927

**Lenin And The Russian Revolution** Christopher Hill,2016-09-06 Many of the earliest books particularly those dating back to the 1900s and before are now extremely scarce and increasingly expensive We are republishing these classic works in affordable high quality modern editions using the original text and artwork [Current History](#) ,1924

**The Russian Revolution** Stewart Ross,2002 Analyses the events of the 1917 revolution in Russia from its roots in the Russian empire of the late nineteenth century through to the revolutionary years of 1917 24 and beyond Considers the legacy for the Soviet Union right up to the fall of communism in 1989 91 and surveys the revolution's influence on the twentieth century world Suggested level secondary [The Particle and Philosophy in Crisis](#) Anil Rajimwale,2022-10-04 This book is a novel study on the way revolutions in science technology and communication impact philosophy world outlook including Marxism society's future mode of production capitalism socialism dichotomy world economy and trends like postmodernism and post industrialism It also deals with motion of and crisis created by the new concept of the particle on human thought philosophy and worldview We ride the unprecedented scientific and technological revolution STR into the unlighted extra ordinary world of quantum motions Human thought and being are shifting to and gathering speed along the time paradigm rendering dialectics increasingly crucial the book opines Electronic technology quantum discoveries and wave particle duality as a wonder of nature have changed forever the way we look at the world which stands redefined Grounds of philosophy move away creating epistemological crisis as we transit to a post classical world We now look at whole humanity from out in the space and our dialectics and contradictions acquire new meaning This self transcendence can potentially free us of existing acute contradictions Scientific literature and sources have then been creatively used in the book to take up the concepts of matter idea motion time space and dialectics It is therefore a bold attempt to negate the existing philosophy by creatively developing a new scientific world outlook *C.L.R. James's Notes on Dialectics* John H. McClendon,2005-01-01 John H McClendon III's CLR James's Notes on Dialectics Left Hegelianism or Marxism Leninism is the first ever book devoted exclusively to James's magnum opus Notes on Dialectics Hegel Marx Lenin

The seed for this study was planted over thirty years ago when James handed the author his personal copy of Notes James s contribution to dialectical philosophy and his vast intellectual and scholarly output is rivalled only by the seemingly bottomless depths of McClendon s own analysis and erudition McClendon provides a thorough going critique of James s exploration into the dialectic of Hegel Marx and Lenin while challenging all the seminal texts on James s Notes A book of this magnitude is rare This is ever more the truth when it is focused on a giant like James who stands at the nexus of so many disciplines philosophy history sociology Caribbean studies cultural studies African and African American studies CLR James s Notes on Dialectics Left Hegelianism or Marxism Leninism is a must read for anyone concerned with how revolutionary theory is a guide to contemporary struggles

**Head of State** Richard Hoyt, Richard Hoyt is an expert writer The New York Times If his plan worked he would bring Russia to its knees But if he failed When poet Isaak Ginsburg innocently asks Soviet authorities for permission to emigrate he is sent instead to a Siberian work camp After two inhuman years he is released seemingly a model of reform But Ginsburg has a plot for revenge a devious bizarre plan which could bring the Soviet government to its knees With the help of

the beautiful wife of a Russian diplomat a group of dissident Estonians residents of a cancer clinic and unconventional CIA agent James Burlane Ginsburg puts his plan into action For one year s open emigration from Soviet bloc countries he plans to steal and ransom Russia s most precious national relic the Head of State Madcap Marxist suspense shows Hoyt in his best form Ginsburg has far more weight and dignity than is common to a thriller Kirkus Reviews HEAD OF STATE conducts the suspense novel at a new level of literacy ingenious and forceful Brian O Doherty      **Translations on International Communist Developments** ,1963      **Ted Grant Selected Works** Ted Grant,2018-12-20 The reissue of the first volume of Ted Grant s Selected Works marks a new stage in making his ideas more widely known to a new generation of Marxists Stalinism may no longer be as pressing an issue as it was in the latter half of the 20th century but it is far more than a theoretical historical question today s situation is deeply impacted by the events of the past In the post World War II period Marxists had to explain the phenomenon of Stalinism which was no longer confined to the degenerated workers state of the USSR but was spreading around the world While every other leader of the Fourth International lost their bearings on this and every other fundamental question veering to ultraleftism opportunism reformism and even the extreme right Ted stayed the course sticking to the fundamentals of Marxism to navigate these uncharted waters His writings on these momentous and complex events are a textbook example of how to apply the ideas of Lenin and Trotsky to the changing world around us a must read for all those who wish to master the Marxist method By Ted Grant with an updated introduction by John Peterson **USSR.** ,1962
