Kautz, 2012-04-10

THE STORY OF JESUS AN INTUITIVE ANTHOLOGY Many contemporary Christians suspect that there is more to Jesus and his enduring message than the little that has survived in historical writings and the legendary Christian tradition This book offers a narrative account of Jesus life from the perspective of twenty contemporary writers who have developed their natural intuitive abilities to an unusually high level They are therefore able to bring forth new and detailed information not ordinarily accessible by historical or literary means Some of them had demonstrated their unusual skill by probing deeply into the personal lives and minds of historical individuals other than Jesus while some had provided important and detailed technical information which was then verified scientifically They apply their intuitive skills here to uncover fresh information about the man Jesus his contemporaries and his extensive teachings which never found their way into the New Testament Gospels and related historical documents These new findings offer a much richer view of the man himself than that available from traditional Christian sources They also provide illuminating insights and a deep spiritual understanding of Jesus original and hidden teachings The Story of Jesus is essential reading for all inquirers and seekers into these hidden and previously lost portions of Christian spiritual history *The Aquarian Gospel of Jesus the Christ* Levi H. Dowling, 2020-12-08 In The Aquarian Gospel of Jesus the Christ Levi H Dowling presents a unique synthesis of spiritual philosophy and mystical teachings derived from various religious traditions Written in a poetic and narrative style the text recounts the life and teachings of Jesus outside traditional biblical accounts drawing from the author s interpretations of hidden wisdom Set in a literary context that seeks to bridge Eastern and Western spiritualities the work reflects the mysticism prevalent in the early 20th century resonating with the growing interest in esotericism and the New Age movement Levi H Dowling an American spiritualist and a devoted student of the mystical traditions felt compelled to explore a more expansive understanding of Christ s life His experiences and studies in spiritualism and metaphysical thought provided a rich backdrop for the creation of this gospel Dowling s ambition was not only to reclaim Jesus s message from rigid orthodoxy but also to promote a universal spirituality that transcends cultural and religious boundaries This book is highly recommended for readers interested in alternate spiritual narratives and those seeking a deeper understanding of the teachings of Jesus Dowling s rich amalgamation of spirituality and philosophy invites readers to engage with a perspective that encourages personal exploration and enlightenment **Leaves of Healing** ,1927 **Caribbean Healing Traditions** Patsy Sutherland, Roy Moodley, Barry Chevannes, 2013-07-24 As Caribbean communities become more international clinicians and scholars must develop new paradigms for understanding treatment preferences and perceptions of illness Despite evidence supporting the

need for culturally appropriate care and the integration of traditional healing practices into conventional health and mental health care systems it is unclear how such integration would function since little is known about the therapeutic interventions of Caribbean healing traditions Caribbean Healing Traditions Implications for Health and Mental Health fills this gap Drawing on the knowledge of prominent clinicians scholars and researchers of the Caribbean and the diaspora these healing traditions are explored in the context of health and mental health for the first time making Caribbean Healing Traditions an invaluable resource for students researchers faculty and practitioners in the fields of nursing counseling psychotherapy psychiatry social work youth and community development and medicine **The Word of Life** Craig R.
